Rebulet 2/10/55 and NY letter 2/18/55.

Enclosed herewith are two copies each of 17 issues of the "National Renaissance Bulletin", which are all of the bulletins available at the NYO and believed to constitute practically all of the issues published by the NRP since its inception.

Two copies of the following are also submitted which reveal the true character of this organization:

1. A letter dated 2/7/50 from JAMES MADOLE, leader of the NRP, to WILLIAM H. MAC FARLAND, Director of the Nationalist Action League, Philadelphia, Pa., stating that the NRP contemplates affiliation with the German-American Republican League. It is recalled that the German-American Republican League previously has been cited by the Attorney General. This letter was furnished by [redacted] of known reliability, to SE [redacted] [redacted] of the Philadelphia Office in July 1950.
2. A booklet entitled "The Race Question and the Tolerance Racket" published by the NRP and presenting its solution to the race question. This booklet was received from [redacted] by SA WILLIAM S. TAVEL of the NYO on 8/22/49.
3. A booklet entitled "Program of the NRP" which includes the aims and programs of the party. This booklet was furnished by [redacted] to SA WILLIAM S. TAVEL on 8/22/49.
4. A sheet entitled "ADOLPH HITLER" which was distributed by the NRP on the anniversary of ADOLPH HITLER's birthday and indicates the NRP's advocacy of fascism. This sheet was furnished by [redacted] [redacted] to the NYO on 5/10/54.

5. A sheet entitled "Basic Program of the NRP" which sets out a 9-point program of the party. This sheet was furnished by [redacted] to the Newark Office in May 1954. Point 8 of this program includes the abolition of parliamentary government. b6 b7C b7D
6. A sheet entitled "Vote Jew" distributed by the NRP at the time of the mayoralty election in NYC, and it advises the people of NY not to vote. This sheet was furnished by [redacted] to the NYO on 10/30/53. b6 b7C

Also enclosed are two copies of the gummed stickers mentioned on page 9 of the report of SA [redacted] 2/4/54, at NY. These stickers were obtained from CSNY 885-S on 2/11/55. b7D

[redacted] was contacted regarding his availability and willingness to testify, and he stated that he did not wish to testify and did not desire to disclose the identity of his informant who has furnished him with information concerning the activities of the NRP. He did state, however, that he would be willing to give a signed statement to a representative of the Justice Department. He indicated that he would be able to give direct evidence as to certain statements which he had heard spoken by JAMES MADOLE and other party leaders at public meetings which he had attended in the Yorkville Section of NYC which would tend to prove the fascist nature of this organization, as well as its advocacy and approval of acts of violence. He further indicated that he could make a statement concerning activities of party members for the past several years which would be hearsay evidence as it had been received from his informant. [redacted] requested that if at all possible, he desired a Bureau representative be present during his giving of this statement and also desired to have several days notice in order to prepare his material before such a statement was to be taken. b7D

Also enclosed are two copies of a letter which is written on the stationery of the NRP and includes the 9-point program of the party referred to in paragraph 4 of Bulet referenced above. This letter, dated 4/25/54, was written by JAMES MADOLE to [redacted]. [redacted] was contacted and stated she is willing to testify or give a statement as to the receipt of this letter. It is to be noted that [redacted] has had no contact with the NRP except having received this and several similar letters from party members.

The NYO has no sources or informants who presently are available and willing to testify concerning the advocacy or approval of acts of violence by the NRP or that this organization espouses fascist principles except those indicated above. However, several former sources of information concerning activities of the NRP could possibly testify if deemed advisable by the Bureau, including the following:

[redacted] former Newark PSI who furnished considerable information about the party and was a member of the party during 1954 but who was found by the Newark Office to be unreliable and who is known to have disclosed his association with the Bureau to unauthorized persons and to have accepted money for his information from other organizations.

The NYO is presently attempting to locate [redacted] former party member who was expelled from the party in June 1954. If she is located and found to be cooperative, consideration will be given to the possibility of her testifying regarding the NRP. It is also pointed out that Prof. [redacted] of the Non-Sectarian Anti-Nazi League, NYC, has been in direct contact with officials of the Justice Dept. and furnished them with evidence regarding the NRP. Informants have indicated that [redacted] is interested in this matter only for his personal gain, and it is known that he financed activities of the NRP and had paid informants who were members of the NRP and who took a leading part in directing its activities.

Atheism and immorality stand entrenched in Europe and Asia. From the Elbe River in Germany to the Yangtze in China, a curtain of darkness has closed over the world. Nonsensical talk by doddering old politicians, poking around for votes in the political grab bag, will not solve our problems. Democrats and Republicans alike have shown their utter incapacity to erect a philosophic antidote to Marxism. These two antiquated parties are good only for harping over petty political questions which matter not one iota in the global scene.

We must decide whether or not we want a strong Germany or a Red Europe. The only nation ready and able to defend the European continent is Germany and there would be no Red monster looming on the horizon today had it not been for New Deal chicanery at home. France and England cannot by their own admission, even with American aid, stem a Red drive to the English Channel. The small nations of Belgium, Holland and Luxembourg have not enough manpower, even when combined, to stop even one of the mighty Red armies. Falangist Spain, who would gladly join with us in the defense of Europe, has been consistently attacked by the so-called liberal press, and hence kept out of a military alliance with us by our Washington bureaucrats, who keep watching the voters register which they find infinitely more interesting than the gleam of Communist bayonets poised along the Elbe.

Let us face facts once more, Germany is our sole hope of survival in Europe, she is the last bulwark of Western Culture and Christian civilization, hence she is deserving of our support against Russia. From a moral viewpoint, we owe her a debt for the deceitfulness of our New Deal regime, which is still flooding the world with American resources.

NATIONAL RENAISSANCE BULLETIN

June, 1949

Official organ of the National Renaissance Party devoted to Animism, a philosophy based on the values of individual personality, private enterprise and government by the intellectual elite

"Democracy means drift, it means permission given to each part of an organism to do just what it pleases, it means the lapse of coherence and interdependence, the enthronement of liberty and chaos. It means the worship of mediocrity and the hatred of excellence. It means the impossibility of great men—how could great men submit to the indignities and indecencies of an election? And how can a nation become great when its greatest men be unused, discouraged, perhaps unknown? Such a society loses character—not the superior man but the majority man becomes the ideal and model"

—Nietzsche

American Industry Under Attack as Last Obstacle to a Red America

THE Marxist and so-called liberal press have opened a continuous barrage of class hatred against American industry and the private enterprise system. Their actions follow closely the tactics of their cohorts in Europe following World War I. With sinister intent these pseudo-liberals have infiltrated the American trade union movement and are using the might of our once free trade unions as a battering ram against the nation's top ranking business leaders. This is nothing new and follows out identically the pattern used by German Marxists after the defeat of Kaiser Wilhelm's armies.

The Marxists well know that American private enterprise backed by the strength of our top ranking corporations is the last bulwark of strength left in America. Already we have a mild Socialist regime in power in Washington. The New Deal, led by the usual conglomeration of starry eyed world savers and crackpot economists, has led this nation into a tremendous national debt, been responsible for leading us into war

and destroying the only strong anti-Communist coalition in Europe, and now is draining us dry of resources to support that world poor house, the United Nations.

The Republican Party has become a camp follower to the New Deal as was clearly shown by Thomas Dewey and his long campaign of complete silence on vital issues. Politicians can be bought by the racial minority vote which is concentrated in our major industrial centers and this racial minority voting bloc is predominantly Marxist as every election since 1933 has clearly demonstrated.

The National Renaissance Party takes the stand that only a new philosophy which will place intelligent leadership, men with business ability and American know how, at the helm of the State can hope to save our nation from falling into the Red abyss which grows nearer with every passing day. All our citizens, workers, employers, veterans and housewives stand to gain by taking action. At stake are our homes, churches, moral codes and freedom.

National Renaissance Party Opens Fight for New York!

For the first time since Father Coughlin's "Social Justice" suspended publication, nationalist literature was distributed freely on the streets of New York City in large quantities. The scene was the Waldorf Astoria during the Communist Cultural Rally where members of the National Renaissance Party in collaboration with the newspaper "Common Sense", an excellent anti-Marxist publication of Union, New Jersey, handed out over 10,000 copies of literature. Earlier another 1400 copies had been distributed in front of Carnegie Hall. Many of those accepting the literature were visibly pleased, but many believed us to be Communists due to the fact that Nationalists have been totally absent from the streets of New York for at least seven years. We were greeted by many shouts of praise and many passers by stopped in their tracks to help us hand out the bundles of literature. This just goes to show what Americans will do when we bring the truth to them and join in the battle for the streets.

Following the Waldorf distribution, a meeting was held in Union, New Jersey, addressed by both James H. Madole, the National Director, and William J. O'Brien, sales manager for "Common Sense" and the "National Renaissance Bulletin".

Again at the Loyalty Parade, another 10,000 copies of literature were distributed to eager New Yorkers. Plans are being laid to expand this service into a weekly project at the earliest possible date. In all events, the opening shots for the battle of New York have been fired.

A Strong Germany or a Red Europe?

The New Deal regime not only wrecked this nation's economy, it also led us into World War II and wrecked the only force on the continent of Europe which Red Russia had reason to fear. It is argued by many that we were forced to fight in World War II to defend the continental United States from armed invasion. The facts prove conclusively that Germany was placed in an intolerable position by the Roosevelt regime. Let us examine the facts.

1. Roosevelt declared the Lend Lease Act while a state of complete neutrality existed between the United States and the German government. This was a direct breach of trust by the Socialist minded New Deal, enacted while the great majority of Americans were demonstrating for peace. Let us look at the situation from another angle. Let us suppose that the United States had been at war with England. At the thickest part of the fighting, Germany, a supposed neutral, starts to ship guns, tanks and planes to our enemy on credit. To top this off we may suppose that fifty destroyers are handed over to our enemy just as she is about to collapse. Just reverse the situation and the tragic irony stands out. Would American parents want their boys to die from weapons forged by a supposed neutral and placed in the hands of our enemy.

Even with this outright provocation Germany refused to attack this country. Alarmed at their failure to invoke America in the war, the New Deal leaders dreamed up another gem and ordered all American vessels, neutral mind you, to fire at Axis vessels on sight. During this entire period the Roosevelt regime maintained its hypocritical neutrality policy while continuing to ship all the weapons of war to England and Red Russia. Certainly any fair minded American can see the justice of this case. He need only look at the world today, to prove conclusively to himself exactly who benefited from World War II.

a few of our legislators would read this book from an unbiased viewpoint and then view current events with the knowledge gained, our nation might yet be saved

History will prove that when Truman placed his faith in the international brothels of Paris rather than the military genius of the German Army, he sealed the doom of Western Europe. Both England and France have fallen under the yoke of Socialism which is closely related to Communism as any student of political philosophy can tell you. Socialism accomplishes by evolution what Communism creates by revolution. The War Departments of both France and England are controlled by left wing Jews. In France the Defense Minister is Jules Moch and the French fleet is controlled by Admiral Louis Kahn. The Premier of France is the Socialist Jew, Schumann. Pictures have been shown in the United States Senate by Senator Joseph McCarthy of Prime Minister Clement Attlee giving the Communist clenched fist salute in Madrid during the Spanish Civil War. He was saluting the Red murderers of the International Brigades who butchered tens of thousands of Spanish priests, nuns and civilians. Attlee's war cabinet consists of two left wing Jews, namely, John Strachey, Minister of Defense, and Emanuel Shinwell, Minister of War. Our own Defense Department has recently blossomed forth with Anna M. Rosenberg which gives us something in common with the Socialist regimes of France and England.

The same groups that pushed us into war with Germany are now doing all in their power to keep her disarmed. The "Hate Germany" campaign has been largely financed by the Belgian diamond merchant, Isadore Lipschutz who had difficulty becoming an American citizen on grounds of moral turpitude. Lipschutz maintains two front groups, the Society For the Prevention of World War III and the Non Sectarian Anti Nazi League. These groups constitute the most vicious anti German hate group in America. Westbrook Pegler, noted American Columnist, recently exposed several Congressmen who allowed their franking privilege to be misused by Lipschutz and his Jewish hate groups. The Congressmen involved and the franks misused by the two Lipschutz outfits were 25,000 by Congressman Sadowski, 10,000 by Congressman Klein, 10,000 by Blatnik of Minnesota, 6,000 by Chet Holifield, 5,000 by Abraham Multer and 5,000 by Adolf Sabath. Most of these Jewish Congressmen and their Co-racials in New York and Chicago have long records of opposing every bill to control the Red movement in America. They are all enemies of ours and all cloak themselves in the holy mantle of liberalism.

The minute that Congress refuses to bow to the dictates of these racial minority pressure groups, centered in New York and Chicago, half the battle against Communism is won. The last election proved that forces of a Nationalist nature are rising in America, as men like Scott Lucas of Illinois, Myers of Pennsylvania and Tydings of Maryland found to their sorrow. The Nationalist tide is slowly rising in reaction to the past eighteen years of Red coddling and Socialist planning under Roosevelt and Truman. What happened in South Africa and Argentina can happen here and with God's help it will.

GOVERNMENT BY HOOK AND BY CROOK

by Kurt Mertig, N.Y.C.

Due to the "New Deal-Fair Deal" having been continuously in power for nearly two decades, a resultant enormous bureaucracy has filled with its own appointees (including, alas, very many Marxist "economic planners," cranks, crooks and outright traitors) all the higher positions in the executive branch of our government with the result that the number of federal jobholders had risen on February 1st, 1951 to an all time high of 2,245,275, with thousands more being added every day.

By the Fulbright Committee's investigation of influence peddling in the R F C (meaning Rot, Filth and Corruption) and other scandals, "government by cronies" has been shown to be the source of the current political decadence.

The only remedy discernable seems to be an immediate change in the White House from the Democratic to the Republican Party with a resultant complete new set of cabinet officers and "policy-making" employees, and with the throwing out of office of all doctrinaires, super-numeraries, democratic club house hacks and leeches who have fastened themselves on the public payroll during the last 18 years.

The "New Deal" Socialists, Communists, Utopians and other crackpots would have left the public payrolls long ago, had the "No Third Term" not been flouted. This calamitous outcome has now been realized by the American people, hence the surprisingly speedy ratification of the 22nd amendment to the Constitution, forbidding any citizen hereafter to be elected to the Presidency more than twice.

THE ODOR OF CORRUPTION

The enormous Roosevelt-Truman abuse of the U S Treasury — with its Socialist fostered confiscatory taxation to "re-distribute" other people's wealth — has been a real tragicomedy, since, during the last 18 years, the big have grown bigger and the little littler. Bad business has also been the abolishing of the gold standard, the introducing of fiat currency, deficit financing, limitless borrowing etc., since these performances by nitwits gave birth to inflation.

It has been still worse government to make the U S Treasury a campaign fund under such Roosevelt stooges and nincompoops as Henry

Morgenthau Jr and such scoundrels as the late Harry Hopkins—by permitting subsidies to one part of the population and doles to another part. And this cheating of the American taxpayers continues to-day just the same, as the American people have had the misfortune of having in the White House a product of the Pendergast school of corrupt politics.

Truman considers everybody but himself to be "out of step." He refuses to listen to any suggestion, advice or request of "outsiders" (outside his clique of Missouri cronies). He reads neither mail nor newspapers and appears blind, deaf and dumb as to the ever-growing corruption and confusion. Truman's squandermaniac dreams of loaning billions to states and smaller governmental subdivisions (the R F C got twelve and a half billion dollars of the taxpayers' money in 1948 alone), spending more billions on "pork-barrel" public works and farm price supports, handing fifty billions in loans and goods to foreign countries (who never will pay us back a cent) must either boost taxes still higher or increase the national debt which is already 265 billion dollars. It is obvious that Truman will never stop wasting the taxpayers' money—until Congress forces him to stop.

To end Truman's fairyland of spend-and-spend, Congress should call a sudden halt to all this by just suspending for the next three years all existing laws requiring expenditures or appropriations, except for direct military outlays and debt services.

Then Congress could start with a clean slate and would ask the Budget Bureau to draw up a new budget providing for a total expenditure of some fifteen billion dollars less than Truman now demands. Congress would then pass this budget, after an item-by-item examination, with the bureaucrats being required to prove that they really need the money.

OUR "FOREIGN POLICY" MESS

Mr. Truman babbles incessantly of a national crisis. If an emergency exists, it is Truman himself and his "foreign policy" which produced the Korean debacle and is likely to produce another disastrous defeat in Europe. Neither Britain, France, Italy nor anybody else in Europe is rushing their young men to training camps—or into the Korean sinkhole of Truman's making. None of the twelve North Atlantic Pact nations is diverting their production to implements of war. But while Europeans refuse to exert themselves in their own behalf—Americans are to consign their sons to the custody of Truman's Army, although we are in no greater peril than we have been during the last six years. We might have a few atom bombs dropped on us, but if we cannot protect the American continent and its outposts after having spent \$89 billions on defense during the last five years (with upward of \$50 billions more for the same purpose during 1951)—then Truman ought to be impeached and his defense bigwigs in the Pentagon court-martialed.

Korea has taught Truman nothing. On the contrary, he and his cronies (or better said: the secret wirepullers behind the scenes at Washington) insist on falling from one trap into another in Asia and in Europe. No attempt is made to conclude speedy fair and just peace treaties with Germany, Austria and Japan. Some innocents in our midst wonder why Germans are so slow to become enthusiastic over serving in an American

controlled army under the same Eisenhower, the originator of the Morgenthau Plan under which all Germans were to be made the permanent slaves of a Jew-manipulated political machine. **The Germans demand to be treated like civilized neighbors, if they are to become America's allies in the battle against Communism!**

Congressman Frederic R. Coudert (R-N. Y.) introduced on January 3rd House Joint Resolution 9, requiring congressional authorization for sending military forces abroad.

On March 5th he introduced House Joint Resolution 180 providing an amendment to the Constitution so as to make the President's hold on his job subject to votes of Congress.

A two-third vote of No Confidence by both houses would require the President either to resign or call a Presidential election within 40 days. If he refuses to do either of these things, Congress would elect a new Chief Executive.

All of which deserves the most careful attention of every American Patriot—in and outside of Congress!

In the judiciary branch of our government, seven eighths of all the judges sitting have been selected by the Roosevelt-Truman clique from the ranks of lawyers addicted to the "New Deal-Fair Deal" radicalism or from "lame ducks," "lame brains" or other "deserving Democrats", so that the confidence of the average American in the courts of our land has sunk to a level lower than ever previously experienced in our history.

With Helen Gahagan Douglas and Eleanor Roosevelt members of the U. S. delegation to the United Nations—with Fair Deal Dewey playing footsie with Trumanism—with Eisenhower the Charley McCarthy for Truman—with Herbert Lehman wanting F. D. Roosevelt's birthday made a legal holiday—with Hiss, Coplon, Remington, Bridges, the eleven Communies convicted a year ago and still free—the average American is asking: "How bad can things get before they improve?"

A VITAL MESSAGE TO CONGRESS

Due to the fact that we are sending copies of this Month's Bulletin to every member of Congress, I am taking this opportunity on behalf of our membership and supporters, to place our views on foreign policy before our federal legislators.

We support the campaign launched by Senators Taft and Wherry to keep our troops out of a potential European death trap. When Franklin D. Roosevelt dragged us into World War II, in response to political pressure exerted by militant Jewish organizations like the American Jewish Congress and B'nai B'rith, he destroyed the German Army, which constituted the only barrier to Soviet expansion in Europe. The similar destruction of the Japanese Empire in Asia opened a vacuum into which flowed the military power of Soviet Russia. Hitler and the Japanese Mikado knew how to deal with Communism because, as even a cursory examination of "Mein Kampf" will show, these Europeans understood the racial nature of the Red plague and hence could combat it. If even

one of its chosen instruments" Hence, what can you expect from such an outfit?—

Only three New York dailies constantly hollered for the dismissal of General MacArthur—long before it became a fact.—

The "New York Post" is owned by the Jewess, Dorothy Schiff, whose grandfather helped to finance the Red revolution in Russia in 1917. The "New York Daily Compass" is edited by Mrs. Schiff's ex-husband, Ted Thackerey. And the Communist "Daily Worker" is edited by John Gates (Israel Regenstein).

The Jewish columnists on these papers always attack violently Senator Joseph McCarthy, the House Committee on "Un-American Activities" and General MacArthur. The left-wing Jew, Joseph Lash (a protégé and close friend of Eleanor Roosevelt) weeks ago wrote in the "New York Post" **"U. N. Looks To Truman To Gag MacArthur."**—

Americans are often unwilling to recognize the racial identity of the Communists—for fear of doing perhaps an injustice or being labelled "Fascists" or "Anti-Semites."

Therefore they rather grapple with vague shadows whom they term Communists, instead of tearing away the veil and recognizing our enemy, the organized political force of the Jew.

Why do you think the long list of JEWISH MARXISTS (whose names, such as Rosenberg, Greenglass, Sobell, Gold, Weinbaum, Brothman, Moscowitz, Rose, et al, daily appear in newspaper headlines) betray our atomic secrets to Russia—except for the fact that Russia was conquered by, and is ruled by the same kind of Jews. **This one fact alone proves that Communism is Jewish!**—

We must stand together in this savage political war which Gen. George C. Marshall, Secretary of State Dean Acheson and President Truman (to name them in order of actual importance) are waging against Gen. MacArthur, the champion of the American people!—

THIS WILL NOT FADE AWAY

The American people needed just such a shock as Truman's disgraceful dismissal of General MacArthur to arouse them into action and a great American hero's crushing with one simple eloquent speech the shabby pretensions of his White House foes—Truman, Marshall and Acheson —

What the nation heard from MacArthur's lips will rank with three other great appeals from American leaders to their fellow-citizens, i.e. Patrick Henry's "Give me liberty or death," Washington's Farewell address and Lincoln's Gettysburg dedication.

MacArthur—unlike Roosevelt, Truman, Acheson, Marshall et al—had no ghost writer on the plane which brought him from Tokyo to Washington, after he had been insultingly stripped of rank by liquored up Truman-Marshall-Acheson after midnight of April 10th.

Therefore, MacArthur's address before Congress went to the heart of every one who heard him.

MacArthur's declaration that the Joint Chiefs of Staff of the American defense had supported his plans and recommendations for the defense of the republic in the Pacific was of tremendous importance, as it stripped the Truman-Marshall-Acheson combination of all excuse to plead that the removal of MacArthur had the support of the nation's military leaders.

After Truman, (with Dean Acheson working the strings, on behalf of Socialist Britain,) has split America down the middle (as it has not been divided since Civil War days)—HE NOW WANTS UNITY!—

Unity? Behind Dean Acheson? How could even Truman be so naive! He should give it a sober thought that the American people need not, and will not, continue to follow him meekly to the slaughter in blind and sheep-like array!

The truth is that, if Truman and the secret wirepullers around him have a policy at all, it is a policy that has never been approved by the people or the people's representatives in Congress.

CHANGE NEEDED

We have let Truman—and the gang that built a Chinese Wall around him—imagine long enough that they can do as they please in the way of making the American people lose respect for our public officials

The leaders of a nation are supposed to set an example for the people—but after what we have experienced during the last nineteen years—how can one expect the American people to have either respect or morale left?—

A few of us had tried to do something about the ever worsening situation in our public life, but it seemed useless—and nearly all of us had given up hope—because the gang in power had built up a political machine that seems almost unbeatable by ballots

Both major political parties are responsible for that sorry state of affairs and they are likewise partly to blame that we hardly have any more honest men in office who put the welfare of the country above their own pocketbooks and love of power.

All this comes at a time of the greatest disunity and confusion that America has ever known, and it enormously increases the difficulties that have confronted us ever since Truman frivolously started an unconstitutional private war in Korea on June 25, last, which has cost the American people far more than 62,000 casualties—while the losses of the United Nations are only about 5 % of our own

The American people are entitled to know why 250,000 American boys were sent to Korea without the consent of Congress.

Truman's callous attempt to by-pass this constitutional mandate (by plastering the unwarranted term "police action" upon his private war) adds insult to injury!

It is a basic principle of law that any action which the law forbids expressly and directly, may not with impunity be perpetrated indirectly

Now Truman demands for himself the right to send American troops anywhere it pleases him—without consent of Congress

When the U S Constitution places in the U S Congress all right "to declare war . . . to raise and support armies . . . to make rules for the Government and regulation of the land and naval forces"—then how nept have so many of our senators and congressmen become that they cannot see their duty?

Since Truman has the gall to tell Senator Tobey "Go ahead and impeach me, if you can!"—why should there be any hesitation to call his bluff?

Congress should closely examine—without taint of partisanship and in the loftiest spirit of patriotism—the question of what action ought to be taken in the matter of impeaching President Truman.

And what concerns that decrepit and stalemated parasitical outfit, the United Nations (which has sapped our very American spirit,) **let the United States get out of the U. N. and get the U. N. out of the United States.**

While the first task of the U S Congress in the now continuing "Great Debate" is to stop the draining away of American citizens' blood and wealth in carrying out a policy that promises nothing but endless sacrifice of life abroad and a vast expenditure of money far beyond the original estimates and period of the ECA, **a congressional surgical operation should also be performed on the State Department for having encroached on policy making functions that properly belong to Congress.**

AMERICANS MUST RALLY BEHIND MAC ARTHUR

The American people want to get rid of the rotten clique surrounding Truman who stabbed our fighting men in the back by firing the military genius Douglas MacArthur.

His shameful dismissal was the natural sequence following the previous actions of the Jewish pressure group The sell-out of Nationalist China, the vicious smear of Argentina and Spain, the destruction of Germany and Japan as bulwarks against Communism and the conspiracy of cluttering up of so many government offices with left wingers and international Jews This "payroll army" exceeds now 2,400,000 and fills the jobs promised to our G I's after World War II Many of these political jobholders are Jewish refugees and Displaced Persons—formerly held in their country of birth in concentration camps for criminal and communist activities

General MacArthur knew that the Red-dominated United Nations did not mind bleeding America white—both in resources and in manpower—by means of a stalemate in Korea, where the United States supplied 95% of the soldiers and military supplies and suffered even a greater percentage of losses

General MacArthur objected to the Marshall-Acheson-Truman and the U N's policy which prevented him from bombing Communist air-bases and supply depots in Manchuria, thus making American soldiers "sitting ducks" for the Chinese hordes, whenever they felt like swooping down on us

The U N was spawned by the traitor Alger Hiss under moribund F D Roosevelt Leon Trotsky (Bronstein) referred in his last book to the U N's Secretary General, Trygve Lie "The Communists regarded Lie as

But the results of the last elections on November 7th indicate that the American people are beginning to realize the hoax that has been played on them during the last seventeen years; Jewish left wing wire-pullers behind the "New Deal — Fair Deal" regimes of Roosevelt and Truman have pillaged America's resources, manpower and honor since 1933. We were led into World War II in order to destroy the military power of Germany and Japan, thus rendering Europe and Asia helpless against Soviet Russia. In the meantime, the refugee Jews made the uniforms and made the profits, both financially as well as politically, and the Sidney Hillmans, the Baruchs, the Frankfurters and Rosenmans carried out on the home front Roosevelt stooge Harry Hopkins' slogan. "We will spend and spend, tax and tax, elect and elect."

The American working man only needs to look at the withholding tax on his pay envelope and the American housewife only needs to watch the ever rising cost of living in order to convince themselves how closely Truman's "Fair Deal" followed Roosevelt's "New Deal"!

Dean Acheson's "foreign policy" suits the Communist Jews. Our State Department antagonizes Spain and Argentina and keeps Germany and Japan in a helpless state — so that America will stand alone when Russia attacks. Acheson should really be on the pay-roll of Joseph Stalin!

The defeat of "New Deal — Fair Deal" Senators, Congressmen and Governors on November 7th may stave off the final catastrophe of a nation-wide depression until the dawn of a final American Nationalist victory casts its rays over the Potomac.

NEW YORK CITY'S MAYORALTY ELECTION

The National Renaissance Party held meetings and sent out an unprecedented amount of literature urging the election of Vincent R. Impellitteri as New York City's Mayor. Although the "Non-Sectarian Anti-Nazi League" boasted that its chairman was Impellitteri's campaign manager, nevertheless Impellitteri's election appeared to be the lesser of three evils, **since all Jew-controlled New York newspapers opposed him.** To-day the same papers are telling him what they want him to do.

We warn Mayor Impellitteri (a Catholic of Italian descent) that the support given him by American Nationalists may be withdrawn in the next election and he may find himself then in the dubious company of those who refer to the Virgin Mary as a Harlot and to Jesus Christ as a Bastard.

WHERE DO WE STAND?

I intentionally refrained from commenting for over one month, as I first wanted to see whether President Truman and his alien-minded gang in our national administration in Washington would change the foreign and domestic policies which the American voters so clearly repudiated at the polls on Judgment Day, November 7th last — or whether he would run true to form (like a Missouri mule) and act as if he never had heard of the election results.

The American voters felt that government by an ex-haber-dasher, his cronies, his pressure group allies and the secret wire pullers behind the scenes in Washington was leading to "State Socialism" and that continuance in office of Secretary of State, Dean Acheson; Secretary of Defense, George C. Marshall; his assistant, Anna M. Rosenberg; Secretary of Agriculture, Charles F. Brannan, etc. was a **threat to U. S. security** — hence the people singled out for special punishment those who were closest to the ideology of Trumanism, such as Senator Tydings, of Maryland, Meyers, of Pennsylvania, and Scott Lucas, of Illinois.

When a wise man faces a crisis, he asks himself: "What is wrong with what I have done?" — then he seeks out his faults and probes for ways and means to straighten himself out.

An imbecile, however, devotes his thoughts and efforts to trying to cover up his mistakes by new lies — until presently the whole structure collapses on his head.

Since Mr. Truman refuses to see the light, it is up to the American people to arouse and inform themselves, in order to back up the new 82nd Congress' endeavors to closely re-examine and remedy America's errors since 1939 in order to safeguard America's future.

Just as Woodrow Wilson should not have gone to Versailles, F. D. Roosevelt should not have gone to Teheran and Yalta, and Harry S. Truman ought not have gone to Potsdam. All three lacked the moral strength to meet the challenge of Europe's crooked power politicians. **Neither of the three was equal to the task of defending American interests, or the white man's civilization, or Christianity itself.**

Roosevelt's Decline From A Status of Deity To That of A Demon.

Roosevelt did everything in his power to encourage the waging of a "Jewish holy war" which international Jewry had been carrying on

against the Hitler regime since 1933 — instead of placing America's good offices at the disposal of Poland, Britain, France and Germany to come to a real understanding and thus preclude the breaking out of hostilities in the form of World War II.

It is tragic that the "American" kept press should almost always succeed in diverting the American people's mind from such main issues as the asinine "unconditional surrender" terms, the fiendish Morgenthau Plan and America's failure in not having concluded during the last five and a half years equitable peace treaties with either Germany and Austria or Japan.

Roosevelt and Morgenthau gave U. S. Treasury plates to Russia to make American money (valid only in Germany) for which the Germans had to pay. Truman approved of dismantling Germany's industry and turning over their essential assets to the Russians. Eisenhower's hatred of the Germans knew no bounds so that he enjoined social fraternization long after the end of hostilities.

Former German soldiers who were prisoners of war in America claim that the United States withheld \$333,000,000. - of prisoner of war pay for work they performed while prisoners here which amounts to outright thievery!

Only recently a Bonn German government commission was blocked for months at Lake Success from presenting to the United Nations a petition for the repatriation of 1,300,000 German prisoners of war and millions of German civilians which were bartered away by Roosevelt during drunken orgies at Yalta and still remain unaccounted for in Russia.

After denuding Germany and murdering and imprisoning their leaders, we now heroize the Germans and would use them to save our own skins. How can we expect the Germans to serve under this same Eisenhower as second class troops and labor battalions in the defense of Western Europe and America against the Russians? The Germans are now slaves and victims of international gangsterism headed by Russia, England, France and even our own United States and the Germans are right in refusing to be led to slaughter to defend their despoilers!

At Teheran the United States gave the then weak Soviet Russia a blank check in Europe and Asia — which meant purely and simply the sell-out of Nationalist China and the abnegation of American control of American decisions in foreign affairs.

As not even now, six years later, all the details of those criminal conspiracies against humanity at the infamous Yalta and Potsdam conferences have come to light, the only remedy is a thorough re-examination of these and other unconstitutional secret deals by a duly authorized Congressional Committee — with power to declare them null and void as illegally arrived at.

The U. S. State Department's abandonment and betrayal of Nationalist China from 1944 (when it was still resisting Communism) to this date (when it is still offering to fight) is one of the most grievous errors in American history. It was designed originally by Soviet Russia and was carried out in the U. S. State Department by Russian agents, among

whom the one who has been most publicized is none other than Alger Hiss, the former Rockefeller lawyer and once the president of the un-American Carnegie Foundation.

One of the reasons why the Republicans made such large gains in the November elections is the American public's disgust with the "New Deal - Fair Deal" foreign policy which is for war, and not for peace! Are we afraid of peace? Must we fall forever for the secret wire-pullers siren song: "Onward Christian soldiers — we will make the uniforms!!"

Since in the executive branch of our government we have at present a President and an alien-minded crew who openly declare that they do not intend to comply with the change in our foreign and domestic policy that was demanded by the American people the next two years may be crucial in the life of our nation.

Therefore we propose to help arouse public opinion, in order to back up Congress against the warmongers, profiteers and secret wire pullers inside and outside of the Truman administration.

Therefore we shall continue to build up our weekly Tuesday 8 P.M. meetings at the York Avenue Cafe, cor. 84th St. and York Ave., N.Y.C. with guest speakers on all important national issues.

We shall mail our monthly bulletins free to every member of Congress as well as to a selected list of leaders of public thought.

We shall gradually circularize our entire list of sympathizers and endeavor to enlist their active support.

We shall continue to speak and write the truth as we see it and as time has proved it to be correct — even if we are called "Fascists", "Nazis" or "anti-semitic" by the un-American subversive pressure groups in Washington, Albany and New York City.

Now that the American people have at last begun to realize that Communism is a danger to America, we are going ahead and will tell who is behind Communism, and who are the people who not only control our government, but also the governments of all countries.

To expand and carry out such program, we must have increased support from our sympathizers and so we are asking them to make a contribution in whatever amount he or she can afford. The most important thing is that every one send something, no matter what amount.

THE RED TIDE EBBS IN WASHINGTON

Two thousand years ago, the Roman prefect (of what now constitutes present day Israel) washed his hands of the blood of an innocent man and condemned Jesus Christ to crucifixion. The politician Pontius Pilate did not dare to oppose the Sanhedrin. Today we condemn that cowardly act — but nonetheless we let politicians follow the same procedure and let them sell whole Christian nations into slavery to appease the Jews.

"I agree fully with General Washington that we must protect this young nation from an insidious influence and impenetration. That menace, gentlemen, is the Jew."

"In whatever countries Jews have settled in any great numbers, they have lowered its moral tone; depreciated its commercial integrity, they have segregated themselves and have not been assimilated; have sneered at and tried to undermine the Christian religion upon which that nation is founded by objecting to its restrictions, have built up a state within a state; and when opposed have tried to strangle that country to death financially, as in the case of Spain and Portugal."

For over 1700 years the Jews have been bewailing their sad fate in that they have been exiled from their homeland, as they call Palestine. But, gentlemen, did the world today give it to them in fee simple they would at once find some cogent reason for not returning. Why? Because they are vampires, and vampires do not live on vampires. They cannot live only among themselves. They must subsist on Christians and other peoples not of their race."

"If you do not exclude them from these United States, in this Constitution, in less than 200 years they

will have swarmed here in such numbers that they will dominate and devour the land, and change our form of government, for which we Americans have shed our blood, given our lives, our substance and jeopardized our liberty."

"If you do not exclude them, in less than 200 years our descendants will be working in the fields to furnish them substance while they will be in the counting houses rubbing their hands. I warn you, gentlemen, if you do not exclude the Jews for all time, your children will curse you in your graves."

"Jews, gentlemen, are Asiatics, let them be born where they will, or how many generations they are away from Asia they will never be otherwise. Their ideas do not conform to an American's, and will not even though they live among us ten generations. A leopard cannot change its spots. Jews are Asiatics, are a menace to this country if permitted entrance, and should be excluded by this Constitution."

AMERICAN SOLDIERS GRAVES DESECRATED BY ORDER OF CHRIST HATING JEWS!

The symbol of the Christian Cross has been removed from the graves of our hero dead in Hawaii by order of Congress. Jewish pressure groups were determined to replace the symbol of Christianity with a plain stone marker and our political prostitutes in Washington catered to their demands as usual. These same Jewish outfits are responsible for outlawing the use of Christian prayer or the mention of God in the Red dominated United Nations, whose palatial headquarters in New York costs American taxpayers \$100,000,000 per year. The local gang of

Jewish executives and office workers that inhabit this modern palace are completely tax exempt.

Why was the Cross removed from the graves of our soldiers who fought for the preservation of Christian civilization? It was removed to camouflage the lack of Jewish graves, marked by the Star of David, in our military cemeteries. During the last war many Americans commented on the pictures which showed row on row of white crosses but no Stars Of David. Where were the Jews who had been so eager to involve America in a war with Hitler?

being barked at us by a black M.P. in a voice and tone such as might be used on unruly cattle. Few bets were overlooked to make the white soldiers feel the degradation and debasement planned for all white men under the New Order of Internationalism. Nice reward for our sacrifices in the war! A nice Democratic way to treat American War Veterans.

And now the pressure is being intensified. The Civil Rights gangsters are pushing their damnable plot in the Armed Services and in civilian society. Recently the Army Times carried a statement by someone in authority looking toward a day when there will no longer be any white or black units in the Armed Services, when segregation will have completely gone. On the other side of the picture, take the example of an employer in New York State, who was compelled by the despotic Civil Rights Gangsters of the Governor Dewey administration to lay off thirty white employees, supplanting them with negroes. And the criminal fanatics did not relax until they had placed this employer under orders to admit **any number** of black employees that the Civil Rights authorities might see fit to dictate.

Returning to the current Battle Front in the House, what do we see? The courageous American Statesman Paul W. Shafer, standing up against the high pressing of the gang led by Adam Powell. **Who is this Adam Powell, who so brazenly employs Moscow tactics in the halls of Congress? He is or has been a member of the American League for Peace and Democracy, and sponsor for the National Council for Soviet American Friendship and the**

American Committee for Protection of Foreign Born. All three of these outfits have been declared subversive by the Attorney General of the United States. And so also has, I repeat, the Civil Rights Congress from which the entire damnably misnamed Civil Rights programs was spawned.

Shall we knuckle under and yield our dignity and the remnants of freedom still left to us. Never, while a single red blooded American remains alive! Up from the Dust! Let us be worthy of the champions in Congress and out of Congress who still dare to champion American principles!

They were at home living up to the Jewish maxim, "Be among the last to go and the first to return." They did better, by never even starting. During World War II, Christian boys donned the uniforms while the young Jews donned business suits. They even brought over hundreds of thousands of their fellows Communist Jews from Europe, those who were supposedly killed by Hitler. These Communist Jews now hold all the jobs and federal housing promised to our G.I.'s after World War II, while the G.I.'s are back in uniform fighting in Korea. Just take a look at the sleek specimens of young American Jewry holding down all the civil service jobs in the New York Post Office and City Hall. Again Christian boys are filling out the uniforms and graves while Jews are filling out business suits and Communist Party application blanks.

What can we expect when the American Defense Department is dominated by the Hungarian Jewess, Anna M. Rosenberg. Serious doubts have been cast on the loyalty of this Jewess, who was appointed to this high post by Harry Truman in

order to appease the left wing Jewish voting bloc in our East coast industrial centers. Despite this fact, by virtue of her high office, this Jewess is entitled to a seventeen gun salute from our military forces. No wonder the crosses are being removed from the graves of our soldier dead.

If you want to keep the Cross of Christ above the graves of our soldier dead, send a letter or penny postal immediately to Secretary Of Defense Robert Lovett, Defense Department, Washington, D.C. and demand that the crosses be replaced on the graves of our war heroes in Hawaii. Demand the replacement of Assistant Secretary Of Defense, Anna Rosenberg, who has just promised to send more girls to our young men in Korea. Shortly after this announcement, it became known that young Wacs, (Women's Army Corps) will be sent to the Pusan resting area. For what purpose?

Act today, those boys died for you, keep their graves intact and get Jews like Anna Rosenberg out of our government.

"I am not, and never have been, in favor of making voters or jurors of Negroes, or of qualifying them to hold office, nor to intermarry with the Whites, and I will say further, in addition to this, that there is a physical difference between the black and white races which will forever forbid the two races from living together on terms of social and political equality."

ABRAHAM LINCOLN

"CIVIL RIGHTS" MEANS WHITE SLAVE BLACK MASTERS!

Peter L. Xavier.

The DATE is January 27, 1950. The SCENE the floor of the House of Representatives. From the hands of an aroused and angry statesman the pieces of a letter torn to bits fall to the floor. The man is Paul W. Shafer, courageous American, and Republican Congressman from Michigan. He is challenging the sinister power of the "Civil Rights" Gang. He has been pressured by Adam Powell, Democratic Representative from New York, who is trying to intimidate the GOP members into helping to bring the misnamed Fair Employment Practices Committee bill to a vote, or have their names read out on the House floor.

What is the issue being fought out there in the House? The issue of whether we American people

are soon to sink into total slavery under the whip lash of World Communism. Let us see. What is this "Civil Rights" program, whose yoke on the necks of the American people is being tightened as one of the principal planks in President Truman's social program?

Having failed by more abrupt tactics to bring Communist rule to America, particularly and especially the establishment of a Negro dominated Soviet Republic in the South, the minions of Moscow adopted a more subtle approach. Principles fundamental to American Government and society were to be the mask behind which the stooges of Stalin would engineer the enslavement of America. In

April 1946 a certain group met in Detroit, Michigan, planned a program and called themselves the "Civil Rights Congress." It became the parent organization for the current Civil Rights program claiming to stand for Equality, Democracy and Freedom. In reality that meeting consisted of more than a hundred emissaries of the Communist cabal, left wingers and delegates from various fronts, as proved by Lawrence Reilly, director of the Lutheran Research Society, in his book, "Moscow's Master Plan for Sovietizing America." Perhaps nowhere, at no time, has there met a more sinister and powerful group of conspirators. Not Civil Rights but Civil War, is the aim of this gang, as proved by contemporary events.

In fact, five out of the six persons chosen by President Truman to serve on his Civil Rights Committee have been or still are members of organizations listed by the Attorney General of the United States as subversive. The names of individuals and organizations follow:

- 1. Frank P. Graham—Council of Soviet American Friendship**
- 2. Henry K. Sherill—Council of Soviet American Friendship.**
- 3. James B. Carey—American League for Peace and Democracy.**
- 4. Channing H. Tobias—Council on African Affairs.**
- 5. Morris L. Ernst—American League against War and Fascism (predecessor to American League for Peace and Democracy)**

And here is the payoff. The Civil Rights Congress, from which President Truman's Civil Rights Committee stems, has been emphatically declared by the Attorney General of the United States to be subversive.

James B. Carey, one of the above named Civil Rights Committee members was listed thirty-three times by the House Un-American Activities Committee for Communist front connections. And President Harry Truman can't pull his Red Herring stuff any more as regards the House Un-American Activities Committee. He tried that in the Alger Hiss investigation, and Hiss is now under a five year sentence for perjury. He had denied in court that as a State Department official he gave secret documents to a Soviet agent. So he is now also a proved traitor to America. Incidentally, this same Communist agent

and convicted perjurer is the man who was chosen to Chairman the San Francisco Convention from which the United Nations Charter was spawned.

This leads us to observe the close ties between the Civil Rights Conspiracy and the United Nations. In December, 1947, Mrs. Franklin D. Roosevelt's so-called Human Rights Commission of the United Nations met in Geneva to map a program for World Civil Rights. Among other proposals, was sponsored the "proposal for freedom to marry without regard to race, religion or origin."

The entire Civil Rights project is a mess of rotten fruit grown on the sinister tree whose twin tap roots draw their sap from subversive Internationalism and Communism. This writer has, with countless other service men, been compelled to eat of this rotten bitter fruit. Having had it pounded into us that we had gone abroad to fight and suffer for Democracy, Freedom and a Better World, we came back to find ourselves under the heel of blackmen in uniform. At the post where I served in 1947 and 1948 the negroes were a small minority, but they were given the whip hand as part of this new "equality." From my buddies whom I knew and could trust, and from what I saw and heard with my own eyes and ears, I realized the full impact of the hateful despotism of the Civil Rights Racketeers. Negro guards were often as not stationed before theaters and Post Exchanges used by white soldiers. White soldiers were driven out of a certain barracks and into an inferior one, the better building being turned over to negroes. At control posts negro Military Police, strutting with arm band and club, often made life a nightmare of humiliation and debasement for white soldiers. Negroes who a few weeks previously had been courteous, likeable, and often intelligent soldiers and gentlemen, now over night became transformed into unbeatable martinet—insolent, impudent, domineering and brutal. One white soldier who had taken a few drinks but who was still well behaved was struck in the stomach, knocked down and clubbed while prostrate by black M.P.'s. White soldiers were dragged from their automobiles by black hooligans and manhandled, their lady escorts insulted and pawed over by negro Military Policemen.

This writer together with two other soldiers was compelled to remove his regimental insignia (which we had every right to wear) in the streets, the order

THE TRUE STORY OF NAZI GERMANY

JAMES H. MADOLE

On December 7th, 1951, exactly ten years following the tragedy of Pearl Harbor, the "New York Daily News" in a leading editorial placed the guilt for World War II directly on the shoulders of Franklin Delano Roosevelt, the greatest mass murderer and hypocrite the world has ever known. The "Daily News" suggests that Franklin D. Roosevelt deliberately sought, with every means at his command, to induce the Japanese Empire into attacking America in the Pacific. Roosevelt wanted a war with Hitler in order to appease the Jewish pressure groups in America which constituted the financial and intellectual backbone of his Soviet patterned New Deal regime. Failing to provoke Germany into a war by means of the Lend Lease Act which supplied Germany's enemies with tons of war equipment from a supposedly neutral America, and by ordering American warships to fire on all Axis vessels, Roosevelt solved his dilemma by luring Japan into a Pacific assault. If Hitler had wanted war with America the deliberate violations of the American Neutrality Act by Franklin D. Roosevelt in which he supplied both England and Soviet Russia with airplanes, tanks, and warships was more than sufficient provocation. Today we are getting a dose of the same medicine in Korea where endless hordes of Asiatic Reds are sup-

plied with modern war equipment by a neutral power, Soviet Russia. German mothers felt the same as American mothers do today, when a war drags on endlessly due to the intervention of a neutral power whose weapons are butchering their sons.

What were the motivating forces behind the slaughter of World War II? Who were the real war criminals and when will they be punished? Was there a just cause for the tremendous wave of anti-Semitism which swept Europe during the period 1918-1945? Life in Europe during this period much resembles American life immediately following World War II. Following World War I, Germany was swept into the throes of a terrible economic depression in which the Gentile masses suffered the loss of most of their wealth. In 1924, as the depression was lifting, the Germans found most of their vanished wealth concentrated in Jewish hands. The English author, Arthur Bryant, wrote a book about this period of German history entitled "Unfinished Victory." We quote him as follows:

"The change in the distribution of German wealth which followed this great disaster amounted to nothing less than a revolution...the chief gainers

050

existent crimes. Judge Le Roy Van Roden testified to how Germans were beaten and tortured by Jews, sent over by the American Government, to extort false confessions. Senator Joseph McCarthy also brought out similar facts in his investigation of the "Malmédy Massacre." The old lie about six million Jews being murdered was scotched by the Chicago newspaper, "Womens Voice," as follows:

"In 1948 there were fifteen million six hundred thousand to 18,700,000 Jews, according to Hanson W. Baldwin, who is a leading authority on matters relating to populations. In 1938 there were in the world 15,688,259 Jews. These figures are from the World Almanac, which figures were given to said publication by the American Jewish Committee and the Jewish Statistical Bureau of the Synagogues Of America. Where are those six millions Jews who were murdered by Hitler?"

"God in Heaven forgive the American people for believing that lie which has brought untold suffering to millions of innocent human beings and is behind the dying and suffering of our own loved boys in Korea. In our stupidity of avenging something that never happened, we have sinned against You and against humanity."

The Communist Jews followed the Red hordes into Eastern Germany and once again set up their complete economic and political tyranny over the Gentile masses. A Jewish youth from Canada, Charles Law, attended the Red sponsored Berlin Youth Festival in October, 1951 and spoke of Eastern Germany as follows:

"We found that two secretaries of state and the deputy chief justice of the East German Republic are Jewish—that 25 members of the People's Chamber (parliament) are Jewish—that the majority of the artists who are national prize winners, like Hanns Eisler, Johannes Becher and F. Wolff, are Jewish. We found that special privileges are given to the victims of Fascism and that great steps had been taken towards the eradication of anti-Semitism, especially among the youth."

The special privileges given to the Red Jews were explained in an article by Gerhardt Hagelberg, entitled "East Germany and Nazi Guilt," which appeared in the December, 1951 issue of Jewish Life.

"As victims of Fascism, the Jewish people became entitled to considerable material advantages despite the economic chaos in the immediate post war period. They received priority in housing and free hospital accommodation, special rehabilitation treatment, financial aid, larger amounts of rationed food and special job protection, so that in the event of layoffs a Jewish worker would be the last to be released."

The above facts certainly prove who runs the Communist Empire. The head of the Information Service of the Russian dominated East German Republic is Gerhart Eisler, the German Jew who was former head of the American Communist Party. Americans Awake! Know your friends, the German people and the Fascist governments of the world and unite to destroy the motivating force behind World Communism, the International Jew.

defeat in World War I. This was not done to aid the Allies but to instigate a Communist revolution and create a Soviet Germany to act as a buffer for the newly created Soviet Russia. The Soviet Revolution of October, 1917 had been led by the Jew, Leon Trotsky, (born Bronstein) and a horde of Jews from the lower East side of New York City. The Red Revolution was financed by the Jewish millionaire, Jacob Schiff, of New York's Kuhn Loeb & Company, the New York branch of the Rothschild financial empire. Jacob Schiff's granddaughter, Mrs. Dorothy Schiff, is now the publisher of the left wing, "New York Post."

The terrible rebellions instigated by German Jewry in their attempts to create a Soviet Germany led to the rise of racial nationalism under Adolf Hitler. This period is described as follows in the booklet, "Hidden Empire."

"No one knows where we would be today if a bolshevik Reich had been added to a Soviet Russia. It would have been self annihilation for Germany if she had failed to heed her peril and had allowed the program of mass destruction of human life to be carried out. The loyal German people fought the Communists for ten years and when, at last successful, they started deporting the aliens that were responsible for the chaos, the fact that so many of them were Eastern Jews caused the rest of International Jewry to raise the old hue and cry of "persecution." There is nothing that indicates so clearly the ownership and control of most of the American Press as the fact that the vilification of Hitler has been constantly wedded to a subtle praise of the Red Russian system in our newspapers."

"Is it any wonder that with such a state of affairs Hitler should have been espoused by the pure blooded German people as a leader who would rid them of this Jewish Frankenstein, whose American arm has already become quite offensive to enlightened persons in the United States."

"Hitler preached a doctrine of "Germany for the Germans" and we should preach a doctrine of "America for the Americans." Hitler used a steel wedge "to split a hardwood block" and immediately when he had gained power and started breaking up this Jewish monopoly, the Jews set their machinery at work all over the world to vilify and misrepresent him, suggest boycotts, and to introduce resolutions

in houses of government that if acted upon would easily have led to war. It is obvious that the public, Jewish Press—which constitutes about 90 percent of American metropolitan newspapers (controlled by mass advertising from Jewish department store chains)—the radio and the screen received their orders to acclaim Hitler as a monster and "persecutor" who had "set Europe back into the Dark Ages." Protest meetings were held, the old whine about Christian tolerance for God's Chosen People was dragged forth again, dusted off, and made to do service in stirring up protests. Hitler had thrown a big monkey wrench into Jewry's machinery in its steady progress for international domination, and with characteristic lack of sportsmanship, the Jews began to gather around a new wailing wall and fill the air of the nations with their hypocritical lamentations. Wherever a Jew is blocked in the accomplishment of a predatory scheme against Gentiles, he will immediately whine persecution or lack of tolerance."

"The description of German national life during her period of strife almost fits our present order. The whole of her people were near losing their national honor, hundreds of thousands of her children were being taught by atheist teachers, filthy literature adorned all her newsstands, and anti Christian, immoral films constituted the finest dish of entertainment. The International Red Relief (the same as our American Civil Liberties Union) worked under cover of humanitarianism at aiding in the defense of persons (Communists) charged with political crimes."

Franklin D. Roosevelt, acting as a pawn of America Jewish pressure groups, led us into World War II and established a Communist Empire from Siberia to the Elbe River in Germany. At least six hundred million people were sold into slavery by American politicians whose only gods were gold and votes. The Jews supplied both and bought the living souls of political prostitutes like Franklin D. Roosevelt and Harry S. Truman. Who gained from World War II? Just look at a map of the world and any school boy can supply the answer.

Hitler was defeated and Communist Jews poured into Germany, as avenging angels. Protected by American bayonets, these Jews who fought out the war in Roosevelt's Civil Service, tortured thousands of helpless German soldiers into confessing to non

were those who had been able to command foreign currency. It was the Jews with their international affiliations and their hereditary flair for finance who were best able to seize such opportunities."

"They did so with such effect that even in November, 1938, after five years of anti semitic legislation and persecution, they still owned, according to the "London Times" correspondent in Berlin, something like a third of the real property in the Reich. Most of it came into their hands during the inflation. The Jews obtained a wonderful ascendancy in politics, business and the learned professions... Authorship in Germany seemed to have become a kind of Hebrew monopoly." Contrast this with conditions in America today where the Jews have a monopoly on small industry, the theatre and advertising.

A member of a prominent Russian--Ukrainian family, Vladimir de Korostovetz, wrote of post war Germany in his book, "Europe In the Melting Pot" as follows

"Organizers of the White Slave racket swooped down on pre Hitler Germany like birds of prey. They formed bogus companies making adventure films in South America signed contracts with armies of film struck girls who were promptly packed off to South America. The whole of this unsavory trade was in the hands of International Jewry in general and the scum of Russian Jewry in particular.. German theatres and cinemas were in the hands of speculators and controlled by International Jews, whose motto was Money Money, Money. They made fortunes fostering extremism"

Another English author, Ellis A Bartlett, writes about post war Vienna as follows in his book, "The Tragedy Of Central Europe."

"Among this conglomeration of nationalities and Creeds the Jew stood out prominently and dominated every situation. Jews of every race were to be found amongst this cosmopolitan throng and as the Jew knows no frontiers except the faith of his co-religionists, he was generally first in possession of news, true or false, and was thus able to control the great speculative market. One only sees the Jew in his real element during these world catclysms. It is only then that his peculiar qualities have full scope for their employment"

"Thus dying Austria became the happy hunting ground for the Jewish vulture although foreign "Hans Vogels" were also plentiful. The little Jews swarm-

ed over Vienna and devoured its decaying remains like flies around a raw steak on a hot summer's day. One could scarcely walk in the streets without treading on them. The city, its institutions, finance and material wealth crumbled in their hands and they crowded out the hotels, restaurants, cafes and shops." This summation of life in post war Vienna could be equally applied to New York City in 1951.

The Jews have forced their way into American hotels and summer resorts crowding out the Gentile people and making life abnoxious in such resort areas as Miami, Lake Placid and Saranac Lake. A large part of the loot from Truman's tax program goes to keep fat Jewesses in mink coats and jewelry. American government offices are packed with Communist Jews.

This vicious economic and political exploitation of the Gentile masses of Europe by International Jewry was only one of the reasons behind the rise of Nazism and Fascism. The second reason arose when the European workers learned how their trade unions were being used as pawns to create class warfare and ultimate world revolution by wealthy Jewish intellectuals, who had infiltrated the leadership of the trade unions. Jewish Capitalists spoke to the industrial magnates of Europe demanding that the trade unions be suppressed while Jewish labor leaders told the Gentile workers that their employers were viciously exploiting them. These Jewish trade union leaders met nightly with their co-racials in the field of Capitalism and planned the economic explosion which led to the universal European Depression of 1918-1924. When masses of workers were thrown out into the streets without jobs or sustenance, Jewish organizers led them in one vicious Communist rebellion after another.

The Hungarian people were enslaved temporarily by the Soviet Bela Kun regime. This Bela Kun, (born Aaron Kohn,) was a Hungarian Jew and a fiendish sadist whose minions burned, looted and raped their way across Hungary. A liberating army under Admiral Nicholas Horthy, later destroyed the Bela Kun regime and liberated the Gentile masses of Hungary. Later, Admiral Horthy became an ally of Adolf Hitler in the great Christian European Crusade against the Jewish dominated hordes of Red Russia.

In Germany the Communist Jews who had gained control of the German trade unions, led the great munitions walkout of 1918 which caused German

"Unquestionably, the aftermath of the First World War greatly stimulated the rise of both Fascism and Nazism. The Versailles Treaty, with its ancillary commissions, called reparations, imposed severe penalties on the German people. Then the iniquitous Dawes scheme, which was very similar to our Federal Reserve system, was also imposed on them. Through this scheme the penalties were increased by basing the value of the mark on gold, thus cheapening the value of goods and services. This made it impossible for the people to pay off the penalties imposed, and reduced them to slavery."

"Politically, as a republic, Germany became completely demoralized. Innumerable political parties were organized, and with very few exceptions all were controlled by Jews. The people, inexperienced in "democracy," were easily deceived and more easily imposed upon. This planned confusion encouraged the promotion of communism. Not only were Jews monopolizing many of the industries and professions, but they controlled all publishing of books and newspapers, and all other means of communication. The predictions of the Talmud and the Protocols had been amply fulfilled. Germany was bankrupt; her government was controlled by Jews; her people had been forced into idleness, and more than three-fourths of them were underfed; assassinations were frequent, riots following communist strikes were frequent and were

costly in life and property; unemployment was very extensive; the corruption of youth was widespread, the entire population was despondent, bewildered, hopeless; and the suicide rate was exceedingly high. Germany was on the brink of permanent financial, economic, moral and political ruin. That was the condition when the Nazi Party came to power."

"In Italy, soon after the conclusion of the war, the Government was greatly weakened by the conflict and the Jewish influence, and communist activities were widespread. Sit down strikes in many factories had drastically reduced the production of all industries and added to the Government's many problems. Mussolini and his "Black Shirts" offered relief, and they were financed by the wealthy industrialists who, until that time, had ignored the Fascist organization."

"The Fascists not only protected the industrial properties, but they arrested the communist leaders of the sit-down strikers, dosed them heavily with castor oil, and marched them around factory yards before their "comrades." This soon broke up the sit-down and other strikes, and Mussolini became the King's "prime minister." And with his "Black Shirts" he soon rescued communications from Jewish control, suppressed all communist promotion and activities, and brought his country out of economic and political chaos."

JUDGE GEORGE ARMSTRONG..

"THE MARCH OF BOLSHEVISM"

EXPOSING THE JEWISH WAR CRIMINALS

JAMES H. MADOLE

For two decades American foreign and domestic policy has reflected Jewish interests. A veritable barrage of "Hate Germany" propaganda has been pounded into the heads of the American people via the radio, press, cinema, classroom and pulpit. Leading American patriots like Father Charles Coughlin,

Henry Ford, Charles Lindbergh, Jim Forrestal, Senator Joseph McCarthy and General Douglas MacArthur, who dared to expose the true enemies of Western Civilization, were smeared and ridiculed by America's "kept press" which depends on Jewish department store chains and wholesale houses for its

"Nearly nine years have elapsed since the beginning of this world war upon which we "actively embarked." Already millions of lives have been affected by it. Millions of homes have been reduced to rubble. Millions of children have been left fatherless. Millions of properties have been blasted out of existence. The clouds of worldwide destruction hover over us. The stench of the shomdles fills our nostrils. Yet Mr. Untermeyer said that the "hell of war and the alleged Belgian atrocities will pale into insignificance as compared to this deliberately, cold bloodedly planned and already partially executed campaign for the extermination of a proud, gentle, law abiding people," 600,000 German Jews whom he subsequently referred to as the aristocrats of the world."

"This most historic speech of Mr. Untermeyer renders puerile the insincere words of those who dare prate of disunity. Let them indict as pro Nazi, if they will, those who are not fearful to tell the truth, for truth was always the characteristic of a real American."

"Here then is our answer to them—in part. We will let the world know who is un-American and undemocratic. If pro Americanism consists in boycotting a suffering 40 million German people upon whose neck there rested the yoke of the Nazi Party; if pro Americanism consists in casting the entire civilized world into a seething cauldron of bloody war for the protection of 600,000 racialists or religionists, as you prefer to call them, if pro-Americanism is identified with secret economic conferences at Amsterdam and dictatorial decrees emanating from

Prague, which nullifies the peaceful progress of our country—then Americanism, under that interpretation, is not worth while fighting for. Of course, Mr. Untermeyer does not refer to the Jews in Germany as religionists. To him they are racialists. But the propagandizing Jews in America eschew the word "racialist" not only to suit their convenience but to bandage the eyes of the blind "goyim" of America the "goyim" who are not the aristocrats, but are employed to fight a world war for the Jews who are the aristocrats of the world."

The facts outlined here in historical sequence should prove beyond doubt that World Jewry, not the German military and political leaders who were legally butchered at the infamous Nuremberg Trials, were the real war criminals. Nazism and Fascism were destroyed because they unmasked the leering face of the International Jew behind the facade of World Communism. They were destroyed because they broke the power of International Finance throughout Central Europe. By removing German trade and commerce from the gold standard and basing the value of German currency on the productive capacity of the German worker, Hitler pulled the German economy out of the worst depression in history. He restored the German economy to the German people and restored the stolen property which the Jews had purchased with foreign gold during the depression period. Hitler broke the golden chains of interest slavery which Jewry had forged to hold the German people in bondage. What Hitler did for Germany, the National Renaissance Party will do for America!

The National Renaissance Party was organized in 1949 to combat both Communism and parliamentary democracy. We believe in the principles of America First and racial Nationalism. National and racial pride are the foundations of Western Civilization which Jewry seeks to undermine. We depend on you, the American people, to spread the truth expressed in these Bulletins. These Jewish revolutionaries fled to the four corners of the earth and stirred up an endless wave of Anti German propaganda based on fraudulent claims of Nazi atrocities. World War II actually began on August 6, 1933, when Jewry declared a world wide boycott against German trade. This situation is amply described by Father Coughlin's magazine, "Social Justice" of March 16, 1942:

"Soon nine years will have elapsed since a worldwide "sacred war" was declared on Germany, not by the United States, not by Great Britain, not by France, not by any nation but by the race of Jews. Startling as that statement is, it is substantiated by a public address made over Station WABC, outlet of the Columbia Broadcasting System, by Mr. Samuel Untermeyer, an American Jew. Was Mr. Untermeyer speaking as an individual, as an American Citizen, as a crackpot? Absolutely, no. He was speaking as a member of "our race." He was speaking as the executive official of the World Jewish Economic Federation."

"What was the occasion of his speech? Having returned from Amsterdam, Holland, where he presided over the International Jewish Boycott Conference—at which conference he was elected president of the World Jewish Economic Federation formed to combat the Hitlerite oppression of Jews—Mr. Samuel Untermeyer spoke most officially, most representatively, most authoritatively. In announcing the factuality of the "sacred war," he definitely referred to "race," not religion. He went so far as to say that those Jews who did not join with him were "traitors to their race."

"Thus at Amsterdam, Holland, at the meeting above referred to at which Mr. Samuel Untermeyer was elected president of the World Jewish Economic Federation, a "sacred war" was declared against Germany to destroy Germany's very existence. Jews all over the world were ordered not to buy from Germany, not to patronize German merchants, not to deal with firms which sold German goods, not to ship on German boats. Mr. Untermeyer, speaking officially for all the Jews in the world on "what we are proposing and what we have already gone far toward doing," said that his organization would "undermine the Hitler regime and bring the German people to their senses by destroying their export trade on which their very existence depends." All this to rescue 600,000 Jews resident in the Third German Reich."

"Did Mr. Samuel Untermeyer foresee that some Jewish leaders would not go along with him? He did not; for he said that all Jewish leaders of Jewish organizations would be compelled to go along with

him, following a meeting to be held at Prague, Czechoslovakia that same year 1933. O shades of democracy!"

"We repeat that for persecutions suffered by 600,000 Jews in Germany, the world was catapulted into a "sacred war" of economic boycott. The object of the war was to destroy Germany's export trade upon which her very existence depended. Only an irrational man would deny that such an economic war would inevitably lead to a bloody, physical war."

And what about the persecution of the 600,000 Jews in Germany? It is true that Hitler placarded their shops, ostracized many Jews from professional ranks, instituted, in some instances, concentration camps for what Hitler thought to be the more dangerous Jews. But why did Hitler practice such extremities. All civilization knows that, following the first World War, wealthy Jews from America, Britain, France, Holland, Galicia and elsewhere moved into Germany with their valuable money and purchased property which was represented by worthless inflated German marks."

Indeed, the Jews became the aristocrats of Germany, financial aristocrats, if you please, having confiscated through their monetary manipulations a great share of the wealth that belonged not only to the 2 million members of the Nazi Party but to the 50 million Catholics, Protestants and other Gentiles who did not belong to the Nazi Party. And, as far back as 1933, a world war—a "sacred war"—was declared not only against Hitler and his 2 million Nazis but against the 50 million Catholics, Protestants and other Gentiles who were not Nazi. What price Jewry!"

"Apart from the illogicality of the Untermeyer proposal, the Christians throughout the world—not defending Hitlerism for a moment—suffer an intellectual insult by an invitation to join with the racial Jews against their own fellow Christians who were more sinned against than sinning."

"Perhaps the Untermeyer speech throws some light upon the refusal of the Jews to accept Father Coughlin's invitation issued November 20, 1938; for the Jews to join with the Christians to battle against the commissars of the Soviet Union whose hands were reeking with the blood of millions of Christians, Christians not persecuted economically, but done to death most outrageously. And at the time Mr. Untermeyer was speaking—1933—not one Jew in Germany had suffered death at the hands of the Hitlerites although they had unjustly acquired German property with their foreign gold."

subsistence. The effect of this lying deluge of Anti-German propaganda has been remarkable considering that forty million of our most industrious citizens are of German racial stock.

Let us analyze the racial nature of the International Communist plague which is sweeping the world. Let us examine the documentary evidence provided by history since 1917 when the Red Revolution enslaved the Russian masses. The Red Revolution which destroyed Czarist Russia and butchered off thirty million Christians in that hapless land was financed by the Jewish banking house of Kuhn-Loeb and Company. The "Catholic Herald" published a pamphlet in 1933 containing a series of articles by A. Homer, M. A. D. Sc. These articles had previously appeared in the "Catholic Herald" between October 21st and November 4th, 1933. We quote as follows:

"The Soviet movement was a Jewish, and not a Russian conception. It was forced on Russia from without, when, in 1917, German and German-American Jewish interests sent Lenin and his associates into Russia, furnished with the wherewithal to bring about the defection of the Russian armies. . . . The Movement has never been controlled by Russians."

A "Of the 224 revolutionaries who, in 1917, were despatched to Russia with Lenin to foment the Bolshevik Revolution, 170 were Jews."

B "According to the "Times" of March 29, 1919, of the 20 or 30 commissaries or leaders who provide the central machinery of the Bolshevik movement, not less than 75 percent are Jews. . . among minor officials the number is legion."

"According to official information from Russia in 1920, out of 545 members of the Bolshevik Administration, 447 were Jews. The population of Soviet Russia is officially given as 158,400,000, the Jewish section, according to the Jewish Encyclopaedia being about 7,800,000. Yet according to the "Jewish Chronicle" of January 6, 1933, "Over one-third of the Jews in Russia have become officials."

Further proof of the Jewish nature of World Communism is provided by the report of M. Butenko, the Soviet Chargé d' Affaires in Bucharest, Romania. This Soviet official fled to Italy on February 17th, 1938, after being recalled to Russia. His report on conditions in Soviet Russia is contained in the March, 1938 edition of the "London Free Press" as follows:

"The Bolsheviks had promised to give the workers the industries, mines etc., and to make them masters of the country. In reality, never has the working class suffered such privations as those brought about by the so-called epoch of socialisa-

tion. In place of the former Capitalists a new bourgeoisie (middle class) has been formed, composed of 100 percent Jews. Only an insignificant number of former Jewish capitalists left Russia after the storm of the Revolution. All the other Jews residing in Russia enjoy the special protection of Stalin's most intimate adviser—the Jew Lazar Kaganovitch. All the big industries and factories, war products, railways, big and small trading, are virtually and effectively in the hands of Jews, while the working class figures only in the abstract as the patroness of economy.

"The wives and families of Jews possess luxurious cars and country houses, spend the summer in the best climatic or bathing resorts in the Crimea and Caucasus, are dressed in costly Astrakhan coats, they wear jewels, gold bracelets and rings, send to Paris for their clothes and articles of luxury. Meanwhile the labourer, deluded by the revolution, drags on a famished existence."

These facts caused the prominent Catholic author, Hilaire Belloc, to remark as follows: (G. K's Weekly, February 4, 1937.)

"As for anyone who does not know that the present revolutionary Bolshevik movement is Jewish in Russia, I can only say that he must be a man who is taken in by the suppressions of our deplorable Press."

The period, 1918—1933, saw the rise of various Nationalist movements whose purpose was to prevent the rise of Communism in their native lands. All these racial-nationalist movements were anti-Semitic because they realized that Jewry was the motivating intellectual and financial force behind World Communism. Italian Fascism sought the revival of the military and cultural greatness of the Roman Empire. Fascism was firmly rooted in the patriotic aspirations of the Italian people. Nazism promoted the sound belief that Western Civilization was the result of Aryan conquest in Ancient Europe. The White Race (Aryan Race) was the creator and sole hope for future advancement of Western Machine Civilization. Falangism originated in Spain and Portugal and served as a form of Catholic Fascism rooted in the traditions of the Catholic Church. Christianity easily came to terms with Nazism, Fascism and Falangism and these systems of government, based on National and racial pride, became the military and spiritual bulwarks against the Jewish Anti Christ in Europe.

The constant revolutionary upheavals, fomented by German Jews, in the period 1918—1933, came to an abrupt conclusion with Hitler's rise to power.

"Democracy means drift, it means permission given to each part of an organism to do just what it pleases; it means the lapse of coherence and interdependence, the enthronement of liberty and chaos. It means the worship of mediocrity and the hatred of excellence. It means the impossibility of great men — how could great men submit to the indignities and indecencies of an election? And how can a nation become great when its greatest men lie unused, discouraged, perhaps unknown? Such a society loses character; imitation is horizontal instead of vertical — not the superior man but the majority man becomes the ideal and model; everybody comes to resemble everybody else; even the sexes approximate — the men become women and the women become men."

"With feminism comes socialism and anarchism; all of them are of the latter of democracy; if equal political power is just, why not equal economic power? Why should there be leaders anywhere? Nature abhors equality, it loves differentiation of individuals, classes and species. Socialism is anti-biological; the process of evolution involves the utilization of the inferior species, race, class or individual by the superior; all life is exploitation, and subsists ultimately on other life; big fishes catch little fishes and eat them, and that is the whole story. Socialism is envy: 'they want something which we have.' It is however, an easily managed movement; all that is necessary to control it is to open occasionally the trap-door between masters and slaves and let the leaders of discontent come up into paradise. It is not the leaders that must be feared, but those lower down, who think that by a revolution they can escape the subordination which is the natural result of their incompetence and sloth."

FRIEDRICH NIETZSCHE

THE REVOLT AGAINST ARYAN CIVILIZATION

JAMES H. MADOLE

The history of the Nineteenth and Twentieth Centuries has witnessed the steady decline of Aryan Civilization in both America and Western Europe. This decline can be directly attributed to the rise of such insidious equalitarian doctrines as democracy, communism, socialism, liberalism and anarchy. All of these doctrines emanate from the poisonous tree of Jewish philosophy whose basic thesis lies in the belief in racial, class and individual equality. All of these equalitarian doctrines deny the fundamental Aryan values of individual leadership, personal initiative and the self sacrifice of the individual when necessary to preserve the species. They deny the basic tenets upon which Western Civilization was founded; namely, racial and national pride.

To understand the great conflict between Western (Aryan) Civilization and the equalitarian philosophy emanating from the ghettos of Eastern Europe and the Middle East requires an insight into the lessons of World History. The primitive tribal life of ancient man, prior to the dawn of civilization, provides an amazing insight into the future development of Western culture. We find that tribal chieftains were always chosen on their physical and intellectual merits. It was the duty of the tribal chief to provide food, land and shelter for his people. Absolute authority was coupled with absolute responsibility. The criteria for leadership were courage and wisdom rather than vain promises, as in the case of our modern political windbags. When the tribal

England inherited the entire American Continent driving out the French and Spaniards. Aryan settlers cleared the wilderness, founded families and gave birth to the great Aryan civilization which exists in America today. By contrast we shall examine the results of race mongrelization fostered by the Spanish and Portuguese conquerors in Brazil. Let us quote from "Brazil, Its Condition and Prospects," by C. C. Andrews, ex-American Consul General in Brazil: "Let anyone who doubts the evil of the mixture of races, and is inclined from a mistaken philanthropy to break down all barriers between them, come to Brazil. He cannot deny the deterioration

consequent upon an amalgamation of races, more widespread here than in any country in the world, and which is rapidly effacing the best qualities of the White Man, the Negro, and the Indian, leaving a mongrel nondescript type, deficient in physical and mental energy. The most favorable opinion held in regard to the White Indian half breeds in Brazil is very poor. They are a lazy and a troublesome class, and much inferior to the original stock." We believe that this article has proven conclusively that racial and political equality are lures held out to enslave the Aryan race under the domination of the Jew.

ADOLF HITLER: AN APPRECIATION

Eustace Mullins

Eventually America must admit her debt to Adolf Hitler for it was Hitler who first called upon all Aryan people to unite and challenge Jewish economic and political power. It was Hitler who first enunciated the doctrine of national self-determination and led the armies of Christian Europe in a great crusade against the godless Jews of the Kremlin. Hitler, like Christ before him, was crucified on a Cross Of Gold through the duplicity of his own Christian people.

America will never forget that the Jewish International bankers, together with Franklin D. Roosevelt, their tool, led us into World War II. Why? Because Hitler drove the economic leeches of the Rothschild and Warburg families out of Germany. The Jewish "refugees" poured into America and enlisted us

as their cannon fodder and errand boys in Europe. Hitler warned America in 1945, that we would have to face the ultimate battle against the Jewish Frankenstein Monster of Communism alone. America had helped create the monster, now it would destroy her.

It is no longer a question of defending America's independence. It is a question of defending the remainder of Western Civilization from the colored hordes of Asia and Africa led by Jewish Commissars toward the ultimate goal of Jewish World Domination. The Jew plays for high stakes, world domination or the extermination of their race. America is the last obstacle in the path of Jewish conquest. Either the Aryan or the Jew must yield in the world struggle. The goal of our National Renaissance Movement becomes clear.

Ever since April, 1952, the National Renaissance Party has been holding mass outdoor meetings on a weekly basis. From 70 to 200 people have attended each meeting, the greatest outdoor Nationalist demonstration since Charles Lindbergh, Joe McWilliams and Father Coughlin ceased operations in 1942. leader neglected his trust or became infirm, he was replaced by a younger man who had proven his capacity for leadership by deeds rather than words. Thus the early fur clad forefathers of civilized Aryan man lived in strict accordance with the laws of Nature by adhering to the leadership principle or "Fuehrer Prinzip."

Over a period of generations our Aryan forefathers learned to domesticate wild animals, cultivate the land, and establish early trade centers or towns. Our ancestors learned to respect the right of private property and to combine their strength against common enemies. This spirit of cooperation, which made possible the rise of national states in Ancient Europe, was based on the willingness of the individual to sacrifice himself for the common good. This is a characteristic unique among the Aryan people and not found among inferior racial types.

Aryan civilization was first founded on a major scale in the Greek City States and the Roman Empire. To the Greeks we owe much of our art and philosophy while to Rome we owe the first world sweeping example of Aryan military glory at its height. The Roman Legions carried Greek culture at sword point throughout most of Europe and the Middle East. Civilization flourished as never before and peace was universal under the watchful administration of Roman governors. Despite their military and cultural greatness, the Romans brought the insidious plague of Jewish philosophy back into Europe in the form of Hebrew savants and scholars, brought from Judea as slaves to instruct Roman children. The deadly contrast between Aryan and Jewish philosophy was brought out by Friedrich Nietzsche, the German philosopher, when he said:

"Here then were two contradictory valuations of human behavior, two ethical standpoints and criteria, a morality of masters and a morality of the herd. The former was the accepted standard in classical antiquity, especially among the Romans; even for the ordinary Roman, virtue was manhood, courage, enterprise and bravery. But from Asia, and especially from the Jews in the days of their political subjection came the other standard, subjection breeds humility, helplessness breeds altruism - which is an appeal for help. Under this herd morality love of danger and power gave way to love of security and peace, strength was replaced by cunning, open by secret revenge, sternness by pity, initiative by imitation, the pride and honor by the whip of con-

science. Honor is pagan, Roman, feudal, aristocratic; conscience is Jewish, Christian, bourgeois, democratic."

The Jewish inspired worship of equality and weakness directly caused the collapse of the Roman Empire. This great Aryan civilization, which had never succumbed to military force was undermined by the virus of democracy from within. They allowed equal citizenship and civil rights to their conquered slaves, they allowed power to fall into the hands of corrupt and licentious old men in the Roman Senate, they permitted marriage between pure blooded Romans and the inferior slave populations of Asia and Africa. Soon the barbarian forces of Alaric swept down from the Alps to loot and rape the population of Rome. Nature exerted her immutable law and a civilization which had become weak and democratic was levelled into dust by the fire and sword of a younger, more vigorous, barbarian horde. Today the golden legions of Imperial Rome are remembered only in dusty tomes of forgotten history. Those who accept the philosophy of the Jew and reject the Laws of Nature shall be destroyed and wiped from the face of the Earth as though they had never been.

Jewish merchants and scholars poured into Europe in the wake of Caesar's legions. Because of their alien ideology and appearance, they were isolated in secluded areas called ghettos. In return for financial favors the Jews were released from the ghettos by decree of the French and American Revolutions. This period marked the rise of the Rothschild financial empire. Jewish financiers and usurers shackled the European people with the golden chains of interest slavery and incited the masses of ignorant peasants to rebel against the very monarchs and nobles who released them from the ghettos.

The Jewish inspired revolt against Aryan civilization and culture had begun. The Jew began to pose as the standard bearer of the "New Democracy," equal rights for all men regardless of race, creed or color became his international battle cry. This great exploiter of the masses, the creator of the sweat shop and the founder of usury began to pose as the self proclaimed, "liberator of the working masses."

Two great doctrines clashed for world supremacy. This struggle began on the day when the first Jews were emancipated from the ghettos. One doctrine, known as Racial Nationalism, stood for all that had made Aryan civilization great. It was the great doctrine of inequality based on the immutable laws

of Nature. The other doctrine disguised itself under such manifold titles as democracy, communism, socialism, liberalism and anarchy. All of these beliefs revolved about the concept of absolute political, economic, social and racial equality. They glorified weakness and humility and rejected the leadership principle.

Natural law dictates that only the strong can survive and procreate in their own image. The leadership principle demands that only the strongest and wisest are fit to govern. Today our advanced science and technology requires only the most learned minds for leadership and not the shabby little politicians whose sole claim to genius lies in the gift of shameless lying and hypocrisy. These weaklings, who today pose as statesmen, were adequately described by the Greek philosopher, Plato, as follows:

"They distribute praise and censure with a view to their own interests, they say that dishonesty is shameful and unjust—meaning by dishonesty the desire to have more than their neighbors; for knowing their own inferiority, they would be only too glad to have equality. . . . But if there were a man who had sufficient force, he would shake off and break through and escape from all this, he would trample under foot all our formulas and spells and charms, and all our laws, that sin against nature. Here again in Plato's philosophy we find the ancient Aryan longing for superior leadership, for men who will stand head and shoulders above their subjects. Compare this with the decrepid products of democratic government. The Jewish equalitarian philosophy swept Europe into the horror and chaos of the French Revolution. The doctrines of the Jew, Adam Weisshaupt, founder of the European Masonic Movement, drenched Europe in a sea of blood. Masses of ignorant peasants, marched under the banner of democracy, led on by their kosher mentors.

Nietzsche described this Jewish revolt against Aryan leadership as follows. "The whole of the morality of Europe is based upon the values which are useful to the herd. The strong are no longer permitted to exercise their strength; they must become as far as possible like the weak. The formula for decay is that the virtues proper to the herd infect the leaders, and break them into common clay. Moral systems must be compelled first of all to bow before the gradations of rank; their presumption must be driven home to their conscience—until they thoroughly understand at last that it is immoral to

say 'what is right for one is proper for another.' Severity, violence, danger, war are as valuable as kindness and peace, great individuals appear only in times of danger and violence and merciless necessity. The best thing in man is strength of will, power, and permanence of passion. Greed, envy, even hatred, are indispensable items in the process of struggle, selection and survival."

The Jew seeks to undermine the Aryan race by undermining the leadership principle which has led to our cultural and political greatness. He seeks to substitute democracy or "government by the masses" for true leadership. Real leadership is born in the individual, it never emanates from ballot boxes. The renowned scientist, Dr. Alexis Carrel discussed the Jewish inspired myth of democracy in his book, "Man, The Unknown", as follows. "Another error is democratic equality. This dogma is now breaking down under the blows of the experience of the nations. It is therefore unnecessary to insist upon its falseness. Individuals are not equal. Sexes are not equal. To disregard all the inequalities is very dangerous. The standardization of men by the democratic ideal has already determined the predominance of the weak. Everywhere the weak are preferred to the strong. They are aided and protected, often admired, they attract the sympathy of the public. The myth of equality, the love of the symbol, the contempt for the concrete fact are guilty of the collapse of individuality. As it was impossible to raise the inferior types, the only means of producing democratic equality among men was to bring them all to the lowest level. Thus vanished personality. Human types instead of being standardized should be diversified."

The colonial history of North America provides us with a perfect example of the perils inherent in racial mongrelization or intercourse between alien racial groups. France, Spain and England were the European powers which colonized North and South America. Only the English were permitted to bring their wives and families with them to the New World. England was interested in forming a colonial empire whereas France and Spain sought to exploit the riches of the Americas for mercantile purposes. The French and Spanish conquerors mated with the Indian women giving birth to the "mestizos", or half breeds of South and Central America, and the half caste Créoles of Louisiana. The present day Porto Ricans and Mexican "wet backs", are pitiful examples of the result of this mongrelization.

Adolf Hitler Explains Nazi Anti-Semitism

James H. Madole

Millions of politically uninformed Americans have violently condemned the Nazi regime of Adolf Hitler for its anti-Semitic policies. Whipped up into a frenzy by the Jewish dominated American press, radio and cinema, American mothers allowed one million of their sons to be butchered or maimed for life in Jewry's Holy War against Adolf Hitler. Lets hear the other side of the story for a change. Why did the Jews hate Adolf Hitler. Was it because Hitler exposed their worldwide revolutionary activities to the people of Europe? Let us study carefully the text of Adolf Hitler's most famous speech which underlines the basic causes of anti-Semitism throughout the world. The speech appears below.

"Today we all feel that two worlds are struggling with one another, and not alone in Germany, but everywhere we look, in oppressed Russia, in Italy, in France, and England etc. An inexorable struggle between the ideals of those who believe in a national people and the ideals of the intangible, supra-national international" . . .

"It is a struggle that dates back nearly 120 years. It began at the moment when the Jew obtained the rights of citizenship in the various countries of Europe. The political emancipation of the Jews was the beginning of a madness. For by this act the European states gave to a people which by race was much more clearly and sharply delimited than all others—which always had constituted, and always will constitute, a state within a state—full civil rights and equality. In the end a people, which

in the 18th century seemed totally strange, possessed the same political and civil rights as we ourselves."

"And in the economic sphere exactly the same thing happened! The immense industrialization of the nations meant that great masses of workers streamed together in the cities . . . Parallel to this ran a tendency to turn all labor to money. There was a sprouting of stocks and bonds, and little by little the stock exchange began to run our whole national economy. And the owners of this institution, men as today, were without exception Jews. I say without exception, for the few who do participate in the guise of non Jews are in the last analysis nothing but a front, false Christians, who are needed to make the German people think that these financial institutions have a base in the economy of all nations, while in reality they are institutions compatible only with the nature of the Jewish people from which they arise."

"At that time Europe stood at the crossroads. The continent began to divide into two parts, Western Europe on the one hand, Central and Eastern Europe on the other. At first Western Europe took the lead in industrialization. Especially in England, throngs of rural workers, the sons of peasants and peasants who had been ruined, streamed into the cities, where they constituted a new source of labor. But the significant part of all this is a fact which we have never given the attention it deserves. Like France, this England had relatively few Jews. The

East could be checked by giving back to the German people their liberty and self respect? We must aid the hitherto indestructible German nation which has stood on guard for the past 1,000 years on the frontier of Asia. Does Hart not speak truth when he says that your Baruchs, Morgenthau and Einsteins do not permit us to mobilize the spiritual and military power of the heroic German nation even though the lives of millions of American and European soldiers are threatened by an imminent invasion of Europe by a modern Genghis Khan, whose Asiatic legions are led by fanatical Jewish commissars under the all embracing Star Of David? Even now your agents in the American and British Occupational Authorities are doing everything possible to destroy the last remnants of German racial pride and military genius.

Your race butchered off the military, political

and economic leaders of Nazi Germany in the legal murders at Nuremberg with such success that in the coming final struggle between Western Civilization and Asiatic barbarism our military leaders from generals to privates will have to ask your Felix Frankfurters for a treatise on the legality of an order before they dare to obey a military command. In concluding, let me tell you this. were we to permit these traitorous politicians of ours, these tools and stooges of yours, to sign away our most precious right—the right to govern ourselves—we would not gain an era of everlasting peace. For, were the whole world a single Imperium under the domination of your infamous U.N., it would thereby only become the maximum conceivable field for the exploitation of the Gentile masses by the Jewish Race. It took us 2,000 years to catch up with you. But, believe me, Isaac, we did it

A Vital Call To Action!

In May, 1952 the Jewish War Veterans held a mass open air rally on the southwest corner of 87th Street and Second Avenue in Yorkville. They swore to break up the street meetings of the National Renaissance Party on York Avenue. We held 22 successful street rallies in 1952 without one of these picket line soldiers even approaching the area.

Now we have demanded the right to use this same heavily populated corner for our weekly street rallies. Immediately Barry Gray, the Jewish radio Commentator who serves as the voice of the Anti-Defamation League, took to the airwaves on a coast to coast hook up and demanded that his listeners bombard the New York Police Dept. with petitions to prevent us from using this corner. If we gain this corner, thousands will hear our message during 1953. If this great work and the future of your loved ones means anything to you write letters to:

ure. In this manner the Jew succeeded in bringing about the isolation of the new labor movement from all nationalist elements. (Has the Jew not succeeded in isolating the American labor movement in exactly the same manner? The organized labor vote has been steadfastly in the Roosevelt - Truman - Stevenson camp.) And the Jew also succeeded, by a brilliant exploitation of the press, in influencing the masses to such an extent that the errors of the Communist Left were viewed by the people on the Capitalist Right as the errors of the German worker, while to the German worker the errors of the Capitalist Right seemed nothing other than the errors of the German businessmen. Neither of the two forces noticed that the errors of both sides were the calculated result of diabolical Jewish agitation. Only now do we begin to understand the monstrous joke of world history, the irony that stock-exchange Jews could become the leaders of a German workers' movement. A gigantic swindle such as world history has seldom seen."

"In all this, we can see how wonderfully they work together, the stock-exchange Jew and the labor press. Both pursue a single direction and a single aim, whether we are dealing with the "Frankfurter Zeitung" and the "Munchener Post," the "Berliner Tageblatt," the "Freiheit" or the "Rote Fahne." While Moses Kohn sits in the directors' meeting, advocating a policy of firmness—that is, hostility in the face of the workers' demands—his brother, Isaac Kohn, stands in the factory yard, stirring up the masses "Take a good look at them, all they want is to oppress you." "Cast off your chains etc." And upstairs his brother is helping to forge those very chains. On the one side the stock exchange journal tries incessantly to arouse the fever of speculation, these people speculate on the broadest possible scale with grain and all the foodstuffs of the people beyond comparison, on the other hand, we find the labor press busy getting the workers' dander up. "Bread has gone up, say the Jewish journalists of the labor press, and this and that has gone up too, don't stand for it; rise, proletarians etc."

"Yet how long can this process go on? It implies not only the destruction of the national economy, but the destruction of a whole nation. It is perfectly clear that labor was not organized by the Jews to

guarantee them the fruits of their toil, it is perfectly clear, that the Jew, Isaac Kohn, does not stand in the factory yard out of love for the workers, it is self evident that all these apostles who talk their tongues out for the people, but spend their nights in the Hotel Excelsior, travel in express trains, and go to the French Riviera for their vacations, —it is perfectly clear that these Jews do not go to all their pains out of love for the common people. No their idea is not to help the worker, but to make him utterly dependent on Jewish labor leaders. The idea is to make the people break the backbone of their own independence, their own economy, and fall inevitably into the golden chains of eternal interest slavery to the Jewish Race."

How long can this process of race betrayal go on? It can go on until from out of this mass of people one man suddenly rises up, who seizes the leadership, finds other comrades, and little by little fans the rage of the people, which has so far been restrained, into a flame against the betrayers. This is the great peril that lurks in wait, and against this there is only one guarantee for the Jews to do away with the national intelligentsia as they did during the early days of the Russian Revolution. This is the irrevocable, final aim which the Jew pursues with his revolution. And he must pursue this aim. He knows full well that no good will come of his administration, he is not a people of masters, he is a people of rascals and exploiters. He has never founded a culture, but he has destroyed hundreds of cultures. He possesses nothing of his own to which he can point. Everything that he is stolen. He lets foreign peoples, foreign workers, build his temples, it is foreigners who work and create for him; foreigners who bleed for him. He knows no peoples army; only paid mercenary slaves who are ready to go to their death for him. (This includes the unpaid mercenaries of Eisenhower's "Army Of European Liberation" in World War II. American soldiers invariably serve as a high priority source of cannon fodder to further Jewish ambitions in Europe and Asia.) The Jew has no art of his own, little by little it has all been stolen or copied from other nations. Yes, and he doesn't even know how to preserve this costly treasure. In the twinkling of an eye, it becomes dirt and filth in his hand. He knows, too, that he cannot keep a state for any length of time. There is a fundamental difference

consequence was that the majority of Englishmen concentrated in the cities did not come into immediate contact with this foreign race, and that for this reason the otherwise inevitable feeling of revulsion against them did not find sufficient nourishment. It was child's play for the Jews of England, numbering hardly sixty thousand, so to "Europeanize" themselves that they remained hidden to the primitive eye of the ordinary English citizen, they became 'economic leaders', big capitalists, and as such they no longer seemed to be foreigners—but actually appeared to be Englishmen! For this reason anti-Semitism could achieve no elemental force in either France or England."

"And this is exactly what made the institution we have been taught to call democracy possible in those countries. Only in Western Europe was it possible to set up a form of government which necessarily implies the herd-like domination of intelligence and true energy by the numbers of the dead mass. In other words the Jewish intelligentsia was enabled by its small numbers to vanish completely amid the British people, it was child's play for them to work upon the English people in such a way that they, unaware whom they were obeying, ended by working in the sole service of this alien minority (Could not the same thing be said of Americans today?) By press propaganda and educational work, the Jews succeeded in forming the big classical British political parties. Even then, they cleverly formed two or three such parties which apparently combated one another, but actually hung by the same gold thread, all attuned to a single trait of the human character the fact that man easily wearies of a thing that he has possessed for a long time. He wants something new and that's why two parties are needed. One runs the country and the other carries on opposition. When the first party makes a mess of things, the opposition party takes control and the government party goes into opposition. After twenty years the new party has made a mess and the game starts in again. In reality the whole thing is nothing but a clever mill, in which the interests of the nation are ground to dust. As everybody knows, this is called "popular self government" (After twenty years of Jew dominated New Deal tyranny, Americans finally succeeded in ousting the Democratic Party from power, only to find that Jewry's European errand boy, Dwight

Eisenhower, had enunciated the same Jewish inspired New Deal foreign policy in his inaugural address. Doesn't this prove that Hitler's analysis of democracy was absolutely correct?).

"Then Jewry took a step which showed political genius. This capitalist people, which had brought the most unscrupulous exploitation into the world, found a way to lay hands on the leadership of the labor movement. The Jew founded the Social Democratic, the Communist Movement. And with extraordinary dexterity he gathered the leadership little by little into his own hands. This was done by two methods. One was employed on the Capitalist Right, the other on the Communist Left, in other words, the Jew had his apostles in both camps. In the Capitalist camp, he attempted to intensify all existing wrongs to such an extent that by emphasizing as strongly as possible those Capitalist qualities which were repugnant to the average worker, the poor devil would be provoked beyond measure. It was the Jew who raised the avidity of the Capitalist class to the highest possible degree. It was the Jew who fostered the idea that the unscrupulous use of all methods in business dealings was a matter of course, and by his competition forced others to follow suit. It was the Jew who brought hard-heartedness in the ruthless application of business methods so far that the saying, "Business passes over corpses," came to be regarded as perfectly self evident."

"On the Communist Left, the Jew was the common demagogue. Two means enabled the Jew to disgust the nationalist intelligentsia with leading the workers. First the international viewpoint in itself. The Jew knew well that, once he taught the workers the international viewpoint as a self evident premise of their existence and struggle, the national intelligentsia would shun the labor movement. For here they cannot follow. . . . And then there was a second means. Marxist theory as such. As soon as the Jews declared that possession of personal property was theft, in other words, as soon as they departed from the self evident formula that only natural resources can and should be common property, but what a man honorably creates and earns is his own, from that moment on, the nationalist minded economic leadership of Germany was again unable to follow; for they could not help but say that this theory must inevitably involve the total collapse of human cult

between the Jew and the Aryan. Certainly, the Aryan, too, has dominated other peoples. But how? He went in, cleared the forests, built up civilizations from deserts, he didn't use other peoples for his own ends, he fitted them into the state in accordance with their ability, and as a result art and science flourished. In the last analysis only the Aryan has been able to create states and lead them toward a future!"

"Of all this the Jew is incapable. And because he cannot do these things, all his revolutions have to be international. They must spread as a disease spreads. He cannot build a state and say 'Look Here it stands, an example for all. Build one like it!' His effort must be to keep the plague from dying out,

to prevent it from dying out, to prevent it from being restricted to one spot, because otherwise this hearth of disease would burn itself out. Hence he must cause everything he does to spread internationally. (Hence the rise during the Nineteenth and Twentieth Centuries of such essentially Jewish inspired international and collectivist philosophies as liberalism, socialism and communism. All these doctrines are based on false premises such as individual and racial equality and the "brotherhood of man." These sugar coated slogans and phrases allow the Jewish Anti-Christ to penetrate into the Christian Churches and ensnare the minds of millions of young idealists and pseudo-intellectuals.) How long will it be before the whole world collapses in ruins and draws the Jew to destruction with it.

The Strange Case Of Merwin K. Hart

Fredrick Chas. F. Weiss Esq.

This article was originally published in pamphlet form in March, 1950 as a reply to the vicious criticism of the American patriot, Merwin K. Hart, president of the National Economic Council Inc., by Isaac Don Levine. Levine's criticism of Hart's nationalist activities was printed in the leftist magazine, "Plain Talk," and was intended to prevent further contributions from American industrialists to Hart's organization. Hart was accused of anti-Semitism and this charge of anti-Semitism is tantamount to the kiss of death in American political life.

My answer to Isaac Don Levine's attack on Merwin K. Hart was received with great acclaim both in America and Europe. The facts outlined in my open letter to Isaac Don Levine in March, 1950 are ever more true today. The ideological split between the camps of Zionist Jewry on the Right and Communist Jewry on the Left may well instigate a Third World War. There is a fundamental rift between the Zionist and Communist elements of World Jewry which merits close study. The doctrine of Zionism is rooted in the religious mysticism of Talmudic prophecy which predicts the coming of a Jewish Messiah, a direct lineal descendant of King David, who shall rule the world from the Holy City Of Jerusalem. The Talmud also predicts that God's Chosen People must return to their Biblical home in Zion, the present territory known as Palestine, before

the Messiah can be born. Thus the Zionist movement founded by Theodor Herzl is based on religious mysticism and racial pride based on the Talmudic myth that World Jewry constitutes a spiritual elite known as God's Chosen People. Thus the main supporters of the Zionist movement are found in the ranks of orthodox Jewry, which has remained true to the ancient religious doctrines, routine prayers and food prohibitions of ancient Jewish tradition. The religious fanaticism and innate cruelty which inspires the Zionist fanatics may be seen in their ruthless treatment of 800,000 helpless Arabs who were driven into the desert to starve by the Zionist despoilers of the Holy Land.

The Communist element of World Jewry is ideologically rooted in the economic and political doctrines of Karl Marx. The main supporters of the Jewish Communist movement are drawn from the ranks of those Jews who have abandoned the Orthodox religion of their forebears. The Communist Jew is opposed to all forms of national patriotism, racial pride or class consciousness. He seeks to create a World State based on the Marxist concept of a Godless, classless society wherein the superior Jewish intellectuals who had created the Communist movement would hold absolute political and economic mastery over the Aryan, Negroid and Asiatic mass-

es. Thus the internationalist minded Communist Jew is forced to oppose and, if possible, to stamp out the counter force of Jewish nationalism. Hence the relentless inner struggle between the forces of Zionism and Communism which is being waged today. With this as a background read my open letter to Isaac Don Levine

Under the caption, "The Strange Case of Merwin K. Hart," in the February issue of "Plain Talk," you, Isaac Don Levine, have the temerity to submit to your readers a "clinical" analysis of your favorite "beast of prey," Merwin K. Hart. You have the audacity "to submit it to the public judgement of all those who seek the truth in the name of Christ's precept. Know the truth and the truth shall make you free."

Well, my dear Isaac, if you equate Hart's noble fight against your cancerous Jewish State within our State, with your brand of alleged "anti-Semitism," you have every reason "to become emotionally involved" when you feel yourself "elected" to deal with this matter. Perhaps your instinct tells you that the hour approaches when God's Chosen People shall no longer exercise complete control over America's financial wealth. Perhaps you realize what will happen to your race of parasites when you no longer have the gold with which to bribe and corrupt your armies of paid stooges in American political, economic and social life. When the American people finally awaken, the final struggle between Aryan blood and Jewish gold will take place. The final decision in the two world revolutions, which your race has so diabolically engineered against Western Civilization, namely the Marxist class warfare from within and the incitement of the Asiatic and African hordes against Aryan Civilization from without, can no longer be postponed. Your former friends on the banks of the Volga River will see to this!

When you lose control of America's financial wealth, the Jewish political weapon of "Democracy" will also be destroyed. You will no longer be able to purchase the very souls of hundreds of political ignoramuses, the type of pseudo-leaders who comprise the American political scene today. We do not want your Jewish brand of "Democracy," in which everyone is "equal" and enjoys your idiotic "Four Freedoms," but in which you deny your hosts,

the American people, the all important right to dominate their own national and racial interests free from the exploitation of your race. Your race used its terrible power of the purse to coerce American politicians into destroying the entire German Nation. You condemned the German masses to slow starvation with the obvious intent of destroying their racial pride. Through planned starvation you forced young German girls to trade their bodies to lustful African apes in return for chocolate bars.

Yes, my dear Isaac, the time rapidly approaches when Jewish financiers like the Rothschilds, Kuhn Loeb's, Lehman's and Warburgs will no longer be allowed to develop your racial interests at the expense of the American people—as they have done in America since 1789—by waxing fat on the credit needs of our country. For all this time your race, through its control of America's wealth, has shaped the political fate of their American slaves, fettered to your financiers by the golden chains of interest slavery. The time rapidly approaches when your alien middlemen and traders will no longer be our masters. The American Eagle shall rise from her golden chains and deal out destruction to your race whose every thought is dominated by the desire to exterminate physically everyone who dares to resist your attempts to create a Jewish Imperium Mundi.

When your Schiffs and Warburgs unleashed the fury of your Russian co-believers against Tsarist Russia, when your Jewish commissars led the Mongolian masses against the German White Wall in Central Europe; when your Winchells and Pearsons told us that only your Twentieth Century Red Democrats could save our civilization, you glorified Bolshevism to such an extent that no one dared speak out against this scourge lest he be branded as a traitor by his own government.

Yes, my dear Isaac, I can well understand that you tremble in your boots when Merwin K. Hart preaches the truth to the befuddled American masses. What I can't understand is your audacity in attributing this noble effort of Hart's to his "deranged vision." Are his observations and conclusions not based upon hard facts? When Hart tells us that not Germany, but every white man has lost World War II; that not the Allies but your own alien Jewish nation has won it, does he not state facts? Is it the results of a "deranged vision" when he states that with one stroke of a pen the terrible threat from the

AMERICAN COMMITTEE FOR THE ADVANCEMENT OF WESTERN CULTURE.

Mr. H. Keith Thompson Jr., the former registered American agent of General Otto Remer's Socialist Reich Party of Western Germany has announced the formation of the American Committee For The Advancement Of Western Culture of which he is National Director. Many leading Nationalist figures will constitute the board of directors and advisory council. Among these will be several officers and members of the National Renaissance Party inclusive of its director, James H. Madole, and Kurt Mertig, its New York Chairman. Other officers will include the noted author, Frederick Chas. F. Weiss, George W. Adams, Rolland F. Dehmel of Allentown, Pa., and many others. The purpose of this committee will be to serve as a dynamic pressure group to further all political, cultural and racial causes which tend to advance the struggle of Western Civilization against the onslaught of Asiatic barbarism. When the names of key figures on the board of directors are released to the public, the American people will be amazed at the important personages who have attached themselves openly to this vital cause. The Committee will not be a membership organization but will serve as a high policy planning group for the co-ordination of racial nationalist activities in America, Europe, Africa and Asia. You will find below the first release from the Committee. We have asked the erudite and eminent philosopher and author, Frederick Chas. F. Weiss, to expound herein the general philosophy which lies behind the combined activities of both the National Renaissance Party and the newly formed Committee. Please study this philosophy carefully.

This is addressed to the Elite of the Western World. If our approach is a political one, that is because the Western World is poised on the precipice. In time of danger, culture becomes political to preserve itself. This is a time for action. One does not make history by writing about it.

A people is a unit of the soul. The American people was a unit of the soul, that is, a people in the true sense of the word, until the end of the nineteenth century. The American people until then were moved by the FELT harmony of a common destiny with the Western World. But today America is already drawn into the destiny of Asia. America's politics are swayed by Asiatic influence, her ideals are corrupted by Asiatic ideals.

The great events of history in America, or anywhere else, were not really achieved by peoples; the events themselves created the peoples. Every act alters the soul of the doer. That which distinguishes the people from the population is always the inwardly lived experience in "we". The deeper this feeling is, the stronger is the "vis. vitae" of the people. There are energetic and tame, ephemeral and indestructible, forms of peoples. It certainly cannot be accepted that a people was ever held together by a mere physical origin, or, if it were true, could maintain that unity even for a dozen generations. Though it is often justifiable to align peoples with races, "race" in this connotation must not be interpreted in the present-day Darwinian sense of the word. The Committee believes that race is an ethical presence, rather than the merely zoological usage given it by post-Darwinian anthropologists.

will hold together all our Western peoples, and lift us up to become again subjects, not objects, of history

Or, are we all condemned to drift along on the present tide of events without real leadership? Will FATE now deny the White Peoples every sense of unity? Will FATE deny us another Charles Martel and allow the glories of Western Civilization to perish forever?

But this cannot, must not be. For this would mean that control has now irrevocably passed into the hands of our World Improvers and that our Western World in its entirety has become the mere slave of this alien minority, which will dispose at its pleasure of the remains of our man power and resources. It would mean that we, without firing a shot, would abdicate our world position—not in favor of everlasting peace—but in favor of a supernatural UN, which then would automatically become the maximum conceivable field for the exploitation of the White Race by this alien minority

Therefore, let us hope that there is enough tradition, enough nobility, left in us for this hour of decision, in order that our new Leader will be able to bring us to the peak of events, and that, with the treasure of his exemplary BEING, we will again become the Masters of Western Civilization. The American Committee For The Advancement of Western Culture and the National Renaissance Party sincerely urges every individual who has thrilled to the great cultural, economic, and scientific achievements of Western Civilization to unite in preserving our great heritage. Only by the triumph of our Western Culture in Europe and America and by the triumph of Moslem Culture in the Eastern World can world harmony and peace become a reality rather than a Utopian dream. So long as our Western heritage lives, we live, and with its passing we die, not for a few years or a few centuries, but forever.

A CALL TO ACTION

The entire force of organized Jewry in the New York area was mobilized to break up an indoor mass meeting of the National Renaissance Party scheduled for May 2nd, 1953. Two days before the much publicized rally took place, Barry Gray, the Jewish radio and television commentator, devoted his entire program to urging mobs of Jews to attend and break up the rally. On Saturday, May 2nd, the left wing "New York Post" urged Attorney General Brownell to send investigators to our meeting in order "to get a look at America's worst enemies".

As a result of the all out Jewish publicity campaign, the Loew's Theatre Syndicate which owns the building at 169 East 86th Street where the rally was to take place, cancelled our use of the hall. They locked the doors and had a lawyer on the premises to prevent our entry in a typical example of Jewish adherence to the principles of "freedom of speech and tolerance".

Because we could secure no hall for this much advertised mass meeting, we had to quickly arrange an emergency street meeting for May 2nd. This mass outdoor demonstration took place on the southwest corner of 87th Street and Second Avenue. Barry

Gray admitted, both on the air and in the "New York Post" that the attendance was in the hundreds. Police claim that 400 people had come to the indoor rally, and many who came late did not know of the street meeting and were turned away.

The fight is growing in scope and power. You can help right now by:

A race has roots. Race and landscape belong together. Where a plant takes root, there it dies also. A race does not migrate. Men migrate, and their successive generations are born in ever-changing landscapes, but the landscape exercises a secret force upon the plant-nature in them, and eventually the race-expression is completely transformed by the extinction of the old and the appearance of the new one. BUT, THERE ARE EXCEPTIONS TO THIS RULE.

Englishmen and Germans did not migrate to America, but human beings migrated thither as Englishmen and Germans, and their descendants are there, as Americans whose specific character was born in the spiritual upheavals of 1775 and above all, 1861-65. The name of the Florentine geographer Amerigo Vespucci designates today not only a continent, but also a people in the true sense of the word.

ONLY FELT HARMONY OF A COMMON DESTINY has ever stirred a people to enthusiasm, neither unity of speech nor physical descent was ever decisive. Destiny informs the mission and the movement of cultures to their dynamic fulfillment. World history is the history of great cultures and peoples are but the symbolic forms and vessels in which the men of these cultures fulfill their destinies. Just as we cannot deny that the masses of our American people differ in that there are among them strong and weak natures, natures to lead and be led, creative, untalented, lazy, ambitious and placid natures, yet in spite of all these differences all are "Americans", so only utter stupidity could deny that in spite of a high degree of unlikeness among themselves the groups of peoples inside the spell of our Western Culture are alike in their inward form and in their whole manifestation.

YET-AS ALWAYS HAPPENED THROUGHOUT HISTORY-THE MOMENT A PEOPLE ALIEN TO THE CULTURE MAKES AN APPEARANCE IN THE FIELD OF HISTORY-THERE SHOULD AWAKEN IN EVERY CULTURE-CONSCIOUS PEOPLE-THAT IS, IN A REAL NATION-AN OVERPOWERING FEELING OF SPIRITUAL RELATIONSHIP, AND THE ALIEN SPIRIT OF THE BARBARIAN-MEANING THE MAN WHO DOES NOT INNERLY BELONG TO THE CULTURE-SHOULD BE CLEAR CUT.

But, we ask, do we have in us today that overpowering feeling of spiritual relationship with the Western World which will enable us to boldly face

a universal Barbarian threat from the inside and from the outside? Did we not deliver a helpless white brother-nation into the orbit of the barbarians? Does this not mean that we are no longer a nation, that we are no longer men of a race, that we no longer manifest a strong political instinct?

We ask further, has our Elite, with their world feeling of race, their political (and therefore national) instinct for fact, disappeared before another minority of timeless a-historic men? Is not this minority, detached from the pulse of our blood and being, for that reason denouncing any reasonable connotation for the nation-idea? Has "Ubi bene, ibi patria", valid before as well as after culture, again become our concept of life? It had been valid when our pioneers, in the springtime of our culture, searched the New World for fertile areas in which to nest their future Culture.

Has it again become valid now, when we see our rootless intellect range over all landscapes and all possibilities of thought? Have we passed the time in which a man held a bit of soil to be worth dying for?

Or has our Elite been replaced by an International-Intelligentsia, a timeless, boundless, Consensus associated with a sinister Cosmopolitanism? Has the far superior intellect of this Consensus understood to wield its intellectual weapon so well against us that we now have become blind to the fact that Uncle Sam has grown slowly into the counter-part of the Spanish Don Quixote, grandiosely farcical, at which the "Twentieth-Century-Red-Democrats" now laugh in contempt? The figure of a one-time thruster and hero of innumerable valorous deeds, Uncle Sam now in their eyes has become old. With the biggest pile of gold behind him, armed and hung about with every description of partly shiny and partly rusty armour, this present-day Uncle Sam, surrounded by his "colourful" U.N. friends, looks in fear and trembling from the window of his fortified but rat-and-termite-infested house, and calls right and left for help when his armed Red neighbor makes a move.

We ask further. Since the siege of Vienna by the Turks, have our white nations not ceded for the first time the choice of the hour to Asia, whose frontier now lies along the Elbe River and the Adriatic Sea? For the first time since then, have the white nations not been on the defensive?

But that is not all: For is it not a fact that behind the world wars, behind our class wars, not only are

we confronted with the greatest danger—the colored menace from without—but we easily discern that under the guidance of an international cosmopolitan Intelligentsia, class war from within and race war from without have now joined forces in their all-out onslaught against our Western World.

And here we state IN THE DEGREE in which our deplorable statesmen now preside over the liquidation of everything that our Western Culture has achieved over the centuries, while they vainly try to pursue in an intellectual match of wits, in more or less elegant forms, a policy for “pluses and minuses”, when the alternatives of today are to stand fast or to go under.

IN THE DEGREE in which we refuse, in total lack of respect for, or knowledge of history, to assume the role of Master in favor of an alien nation in our midst that has better understood realities.

IN THE DEGREE in which we deliver one white nation after another into the Red orbit, and open wide the possibilities for a relentless Red attack from behind an impenetrable iron curtain, without any chance of retaliation short of committing Nuremberg’s “Supreme Crime” of waging aggressive warfare;

IN THE DEGREE in which our Internationalists and One-World apostles dethrone politics by economics, dethrone the state by the stock exchange, dethrone the diplomat by the union boss, and level down the dignity and authority of our State by surrendering our arms to a supernatural authority and thus destroying our most precious quality: our will to govern ourselves.

IN THAT DEGREE the opportunity opens up for our cosmopolitan World Improvers, our One-World apostles, to become a sinister force acting upon the destiny of our people; to become the extinguisher of our entire Western Culture and abolish our tradition which in itself is cosmic force of the highest order.

But who among us dares to offer resistance? May we not well despair of the future when we see a mob, misguided, misruled, and misled by this sinister force in our midst? Who dares to offer resistance to the iron hand of an alien consensus, whose expansive tendency, demonic and immense alike, grips and forces every “white” Nation into its service and uses them up, willy-nilly, aware or unaware; uses them up now in its last fight for all or nothing against its last remaining—yet most deadly and

most powerful enemy, the new Russian Genghis Khan?

Who among us comprehends the mastermind behind those who cynically led the Red hordes over the Yangtse River and as far west as the Elbe River (but not beyond the latter)? Who among us comprehends the Machiavellian genius of a few alien go-betweens and cosmopolitan mediators in our midst who have now set the stage to bring about a climax in the fulfillment of their mission, the final achievement of their world domination by means of a pyrrhic victory by either East or West, a final pyrrhic victory, fought out upon the main battlefield in Central Europe; fought out in the land of those they dread the most: The German Nation?

BUT NOW WE ASK: Shall we at last experience the rise of a real leader who will dominate our entire Western World? Shall we witness the rise of another Charles Martel, immune from party politics, immune from all “philosophy” which is today nothing else but an inward abdication from history? A craven hope for a peaceful One-World, a hope to escape the realities of history by means of wishful thinking? Can this real Leader and Statesman again create in us the belief in our glorious past by giving us a shining example as a truly first servant of the State? Will he surround himself with the right personalities in order that his work may be continued with his own pulse and spirit? Can we expect in him a creator of a new tradition, the highest, rarest, and MOST difficult achievement in statesmanship? WILL HE ARISE IN TIME? Will he arrive before nothing is left from which he could create the structure of a powerful, united Western World?

Will this true Statesman drive forward with all his might backed by us all? Will he be backed by that pulse that has been handed down to us from the first origins of our Western Civilization? Can he overcome the unpopularity of a strong, united Western government among the frightened, cowardly, and uncomprehending contemporary masses, too long and too radically poisoned by a relentless propaganda directed by this cosmopolitan, alien minority in our midst? There is no doubt that these masses will look with arrogance and contempt upon the full-blooded thinking and herculean effort of our new leader. Let us hope that our Leader will be able with the aid of every remnant, however tiny, of our Western racial pride, to become the center which

"BROTHERHOOD" —(Part I)

Frederick Chas. F. Weiss

A religion is that which the soul of the faithful is. A church is worth just as much as the priest-material of which it is composed is worth. All priests are human beings. The fate of churches therefore becomes dependent upon the human material of their continuously changing personnel. The vulgar instincts and vulgar thoughts of many of our clergy seems to become predominant now in these times or our social degeneration and revolutionary demolition. A priest-rabble drags the dignity of the church through the mud of petty politics, allies itself with an international, landless, boundless, and alien consensus in our midst, and by sentimental talk about Brotherhood, eggs on our misguided mob and so destroys the social order—that order with which the church is irrevocably and fatally bound up.

And here we ask: Does the outcry for BROTHERHOOD, and World-Reconciliation of many of our clergy not actually mean our abdication from history at the cost of dignity, honor, and liberty? Is not life war? Can we dismiss its meaning and yet retain it? When our priests shout from the pulpits: Love your neighbor and help the poor, down-trodden, peoples of Asia and Africa. . . these yellow-brown-black men on the shores of the Yangtze and Senegal rivers see through us! They scent our unfitness and lack of will to defend ourselves! They are not pacifists! They take up the sword when we lay it down! They do not cling to a life whose length is its sole value! Once they feared us, now they despise us! Once they were filled with terror at our power, now they look down upon us as a thing of yesterday! But, that is not all. In Asia and Africa, the extraordinarily prolific peoples will increase still more enormously now that European and American medicine has been introduced to check disease, which was so strong a selective factor. In contrast to this,

the apparent increase of the white population all over the world, little as it is in comparison with the volume of the coloured increase, rests upon a temporary illusion: the number of children grows ever smaller, and only the number of adults increases, not because there are more of them, but because they live longer.

Yet, the mob element in the priesthood continues unabated its raid upon whatever there is left of our "Race" qualities. And the Consensus sees to it that our masses live so under the bombardment of their intellectual artillery that hardly anyone can acquire a clear view of the present monstrous drama. What the Press, Radio, and Television wills, is true. For our masses, Truth is that which they continually read, hear and see by media of communication which the Consensus controls.

Yet nobody tells them that all Communist systems in the West are in fact derived from Christian theological thought. The Consensus' terrible censorship of silence sees to that. It sees to it that nobody dares to tell our masses that Christian theology, as taught in our schools and distorted from the pulpit, is the grandmother of Western Bolshevism: that all abstract brooding over economic concepts that are remote from any economic experience (like the Four-Point-raising-of-the-standard-of-living of the Hottentots to that of our own) will lead in one way or another to reasoned conclusion against State and Property. Were we to understand this, we then could easily comprehend why the Bolshevism of our priesthood, fostered by the bolshevistic teachings of our cosmopolitan Intelligentsia, is ten times more dangerous than Asiatic Bolshevism: that it is more dangerous because it hides behind the mask of religion.

Leon Birkhead, director of the anti-Nationalist, "Friends of Democracy," and James H. Sheldon of the Jewish gang known as the "Non-Sectarian Anti-Nazi League"

James H. Sheldon (Shapiro) sent a telegram to Attorney General Herbert Brownell Jr. on behalf of his "Non-Sectarian Anti-Nazi League" as follows.

"The activities and announced purposes of the National Renaissance Party headed by James H. Madole, do not differ appreciably from those of the German-American Bund, the Citizens Protective League or the Nationalist Action League, all of which are now named as Fascist organizations in your Consolidated List of subversive agencies issued under Executive Order 9835. We respectfully urge that you take prompt action to add this organization to your officially announced list of subversive Fascist groups."

This telegram from Sheldon was printed by "the American Hebrew" on May 29, 1953 as part of a smear article entitled, "Local Neo-Nazi Will Run For Congress In Yorkville." This article refers to H. Keith Thompson, former registered agent for General Otto Reamer's Socialist Reich Party, who is planning to run for Congress in Yorkville on the National Renaissance Party ticket. Concerning Sheldon's telegram our party has already sent a registered letter to Attorney General Brownell concerning the background of the so-called "Anti-Nazi League." Among other things mentioned was the fact that the "Anti-Nazi League" has clearly usurped the power of the Federal Government by establishing a private police force on American soil. In Atlanta, Georgia, this

group bribed three young men to commit perjury during the frameup case against Homer Loomis and Emory Burke, leaders of Columbians Inc. Prior to World War II, an officer of this Anti-Nazi League, Richard Rollins (Rothenberg,) broke into the private safe of Royal Scott Gulden, a New York real estate man, and stole two private files concerning the membership of "The Order Of 1776," a patriotic, anti-Communist group. The Anti-Nazi League is financed by the Jew, Isadore Lipschutz, a foreign born diamond merchant who was refused American Citizenship until a few years ago on grounds of moral turpitude. Westbrook Pegler, the columnist for "The New York Journal American" has written innumerable exposes on this private Gestapo.

On June 26, 1953, we had as our guest speaker, Mr. James R. White, an organizer from Los Angeles, California, who addressed a crowd of 125 people at an open air mass meeting in Yorkville. He explained how the United Nations flag had been banned in Los Angeles and the traitorous U.N.E.S.C.O. program kicked out of California schools. Mr. White, has already organized a fully equipped uniformed group in his city and has distributed thousands of copies of the "National Renaissance Bulletin."

Our own fully uniformed corps in New York City has been placed under the joint command of Matt Koehl Jr. and Hans Schmidt. A merit system has been devised on neatness, attendance and comprehension of the nine-point program. This group includes men from all five boroughs of New York. Meetings of the uniformed corps are held in a private center every Thursday prior to our Friday night open air rallies.

And so, nobody tells us, that to put into effect the Brotherhood ideal which our One-World apostles shower upon us from the pulpits, requires dictatorship, a reign of terror, armed force, the inequality of a system of slaves and masters, men in command and men in obedience—in short, MOSCOW.—

When Jesus was taken before Pilate, then two worlds were facing each other in immediate and implacable hostility, a world of **facts** and a world of **truth**. At this appallingly distinct scene, overwhelming in its symbolism, human tragedy took the highest conceivable form. In the famous question of Pilate "WHAT IS TRUTH?"—lies the entire meaning of history, the exclusive validity of TRUTH, the prestige of State and war and blood.

"WHAT IS ACTUALITY?"—for Pilate actuality was all, for Jesus nothing. How—otherwise—could pure religiousness stand up against history or sit in judgment on active life?

"MY KINGDOM IS NOT OF THIS WORLD." This final word admits of no gloss. A statesman can

be deeply religious, a pious man can die for his country—but they must, both, know on which side they are standing. When the statesman ridicules the inward thought-process of the ethical philosopher in a world of fact. . . or the pious man discards all ambition in the historical world as sinful and as lacking any lasting value. . . then for the onlooker it is meaningless to argue which one of the two is right or wrong.

But if our present administration wishes to "improve" the religious feeling of our masses in the direction of political, practical, purposes—then these TEN, TWELVE or FOURTEEN POINT ACROBATS stand before History as absolute fools.

And equally, when our BROTHERHOOD Preachers try to bridge the course of History and the existence of a divine world-order—they are fools also. They better leave this experiment to those champion prestidigitators whose nation-feeling over the last 4 millenia comprised neither more nor less than what was and is covered by the Ideas of the Church of their LANDLESS, BOUNDLESS CONSENSUS. .

EAST GERMANY: BEGINNING A NEW WORLD REVOLUTION

by Morris Horton

Recently in Rathenow, in Eastern Germany, a group of enraged German workers beat to death a Communist Security Officer. Thus was summary justice done and an evil oppressor justly punished. But good men also died. Karl Gross, leader of a tremendous strike at the Ernst Thaelmann Machine Tool Plant, was martyred by the Communist Secret Police. His name ought to be, and doubtless will be, set to the tune of the **Horst Wessel Lied**, and will come back to haunt the Marxists for years to come. For the recent uprising in Eastern Germany was not merely an isolated event, or a futile expression of rage. It was the first blow in the new World Revolution which will liberate the earth from Ideological tyranny.

Many months ago I was tipped off by German friends that a new revolt was brewing in Eastern Germany. This Revolt is well organized, sophisticated, and capably led. It is, above all else, a **working class** rebellion against the Professional Intellectuals of the Communist Party, and it will destroy once and for all the myth that Communism is a working-class movement. The workers of Eastern Germany are not dumb, driven slaves, like the Russians. They are advanced, capable, intelligent, sophisticated Twentieth Century men. They cannot be dominated by the

tactics used to oppress the primitive peasant masses of Russia. They will mount an ideological warfare which cannot be stopped which will be invincible, which will destroy the House of Cards the modern ideological tyrants have built.

CONSIDER THE ENEMY AGAINST WHOM THIS REBELLION IS MOUNTED: We have plenty of them right here in America. Yet the greatest hope of liberation from World Communism does not exist in America. Our National Intellectual life has been poisoned and deadened by the alliance between the Communists and the Liberals. Communism has the support of large sections of the American Ruling Classes, even while Russian Communists plot genocidal war against the American people. Our nation is demoralized and impotent in the fight against Communism because our traitorous intellectual classes have betrayed us. The American Labor Movement, in particular, has been stolen away from the working classes and has been made the property of the professional intellectuals who are enemies of the masses, and who plot with foreign elements to bring about the destruction of the American people. But in Eastern Germany we see effective revolt against Communist tyranny moving in a sharp, fast, and deadly fashion against the enemy. The apparent lack of strategic position on the part of the Ger-

man workers is deceptive. Actually, their strength lies in the cold purity of their hatred of Marxism, their strength is in the admirable German character which forbids Germans to be slaves.

They have fired the shot which will be heard around the World. The East Germans are destined to become the hope and the leaders of the world's oppressed masses in the fight against Communist tyranny. The masses all over the world yearn for mutiny against the power and authority of the bestial intellectuals who dream sickly dreams of a slave world dominated by them, after the fashion of George Orwell's "**Nineteen Eighty-Four**." In this rebellion, the Light of Freedom burns more brightly in Eastern Germany than anywhere else in the world today. For it is inevitable that the movement which has been started in Eastern Germany will snowball throughout the whole industrial world. It is in tune with the needs of the times. It is based upon the German worker's sharp, intelligent sense of the needs of current history. It is a strong fresh wind blowing into the musty Academic culture which has spawned modern ideologies and fastened them upon the necks of the people.

Last but not least, there is in the East German Workers the sense and feeling, indeed the intoxication, of **Victory**. They are not at all impressed by either ideological humbug or the Soviet Army, because they instinctively know the flimsiness upon which it all stands; they know the rottenness and decadence of modern ideology, and the Spartan strength of their own position.

The Gauntlet has been thrown down. This battle

will be fought to the bitter end. No Communist bureaucrat will ever again be safe in East Germany. No factory manager can go to his plant to perform his functions without risking, nay losing, his life. The Kiss of Death will be put upon all traitors to the cause of freedom and dignity. The Soviet effort to transform Eastern Germany into a vast technological slave prison has failed, because the people are not suited for slavery. This effort will now be liquidated in a businesslike manner, and before it is over bodies will be flung down mineshafts and brains will be spattered on pavements, until the whole question will have been properly and fully regulated. Moreover, there will be a powerful ideological attack upon International Communism, which will shake the whole structure, for some of the Best Minds in Germany have been working on this attack. And Communist bureaucrats in Italy, France, and other countries will also feel the vengeance of young East Germans, who will travel for this purpose. These young East German workers will spread throughout Europe, and with their earnest good faith will bring to the workers of Europe the whole truth about Communism. The myth of Communism as a workers' movement will be destroyed effectively.

The Communist Movement is bankrupt and degenerate. There is a need for new leadership to appear from among the people. And Eastern Germany is the most fertile breeding ground of new leadership in all the world today. The strong wind which is rising in Eastern Germany will cleanse and purge much of the world before it has finished blowing.

NATIONAL RENAISSANCE PARTY GROWS IN POWER

James H. Madole

Despite ever increasing opposition from the Jewish Press and radio commentator, Barry Gray, the National Renaissance Party has gained ground steadily during the warm spring months of 1953. We cannot sufficiently thank our devoted supporters whose funds have made possible this crusade for racial nationalism and social justice.

This month our movement, under the leadership of Mr. J. W. Mitchell, set up headquarters in Louisville, Kentucky. Our local headquarters is now situated at 2627 Hale Avenue, Louisville 1, Ky. Supporting our organizational efforts in this area is the new Nationalist newspaper, "**The American Eagle**," published by Mr. Millard Grubbs. You can obtain samples of this new Nationalist periodical by writing to: "**The American Eagle**," Box 1662, Louisville, Ky. All

supporters in the Louisville area should contact Mr. Mitchell at once.

Mass street meetings of the National Renaissance Party continue to take place every Friday, evening at 8 P.M. on the southeast corner of 88th Street and York Avenue, N. Y. C. in the heavily populated Yorkville area of Central Manhattan. Large Audiences pack the corner as our speakers deliver their messages for two hours and distribute free literature to the crowds. The Jewish opposition has sent every possible drunk and Communist hoodlum in the area to our meetings only to have them thrown out bodily. Newspaper reporters have been present at every meeting. Also present on many occasions were John Roy Carlson, author of such books as "**Undercover**" and "**The Plotters**," Rev. C.

"BROTHERHOOD" — (Part 2)

FREDERICK CHAS. F. WEISS

The idea underlying this alien "brother-nation" in our midst is the result of an immense mission. Whereas the history of the Jewish Consensus has been for its members the progressive actualization in and through mankind of a world plan laid down by God and accomplished between a creation and a cataclysm, history in our eyes is a single grand willing of conscious logic in the accomplishment of which nations are led step by step and represented by their Presidents, Leaders, Kings and Kaisers. Whereas our nation concept, though necessarily bound up with a particular religiousness, is not so with a particular confession, the nation-feeling of the Consensus comprises neither more nor less than is covered by the idea of its church. Thus, the Jewish Community embraces the **whole** of the world - "cavern", the **here** and the **beyond**, and within this community their "state" only forms a smaller unit of the visible side, a unit, therefore, of which the operations were governed by the major whole. Consequently, in the Jewish world the separation of politics and religion is theoretically **impossible** and nonsensical, whereas in our Western Culture the battle of Church and State is inherent in the very conceptions: logical, necessary, unending!

Jesus' final words: "My Kingdom is **not** of this world" and "Give unto Caesar the things that are Caesars" are absolutely nonsensical to the elect, just as they appear nonsensical to the governing horde in the Kremlin. . . and to our own babbling Brotherhood apostles, for that matter. Whereas our nations are inwardly linked with a landscape, the Consensus knows neither fatherland nor a mother tongue. Our country as a region whose boundaries an individual cannot see, but which he will nevertheless defend and die for, is something that in its symbolic depth and force the elect in "exile" can never comprehend. To us, on the other hand, the inwardness and hidden force of the Consensus, its

tacit, self-secure cohesion based upon a purely metaphysical impulse, but by no means on a **deliberate, visible organization**, is something entirely enigmatic. If our nation contains a great proportion of folk-elements of varied provenance to whom state-majesty, a life symbol of the first order, means absolutely nothing, it is not so with the members of the Consensus. They, too, are of varied provenance, yet the energy of the Consensus long ago has completely overridden the older tribal arrangement. They therefore no longer constitute an obstacle to the closest world-wide cohesion, for they are all co-believers, they all belong to one body which knows the "right" way to salvation. Whereas the plurality of the elect venerate their "State" as a matured form of high symbolism, the plurality of our people look upon our State as a vehicle to serve their private, selfish ends. But the deepest element of separation and bitterness is the difference in phase. Where we experience the short, crowded epoch in which our history and destiny now take decisive turns, for the Jew, all this lies thirty generations back. He lives these experiences, not really as something of his own, but as a partisan, a supporter, or as an interested spectator. A Jewish cavalry general fought in the Thirty Years War - but what did the ideas of Luther or Loyola mean to him? Certainly not more than **our** ideas mean today to our Jewish generals, admirals and to our "consulting statesmen".

But there is also a statistical aspect to the matter. For every human being alive today there are ten million ancestors who lived around 1000 A.D. Consequently, each and every one of us of Celtic-Germanic stamp is without exception a blood relative of every Nordic European of the age of the Crusades. But in the case of the Consensus with its thousand years of ghetto life the **relationship becomes a thousand times more intensely close**, and this especially so in the case of its Western European

Benjamin has handed out hundreds of orders for executions and life imprisonment. Two young girls, who could not possibly have led the mass uprising of 50,000 German workers, are among those murdered by this Communist Jewess, backed up by Russian bayonets. By July 21, 1953, the "Daily News" reported that "Red Hilde" had imprisoned 562 German workers. The people continued to defy her "anti-strike" ban, which in itself, exposes the Jewish claim of being the friends and natural allies of the working class. The hard, manual labor engaged in by most Jews consists of uncorking champagne bottles in the Waldorf Astoria and swindling gullible citizens with their "bargain sales" and pawn shop tactics.

We should also study carefully the report of the American Jewish Committee published during July 1953. The title of this report is "Neo-Nazi Strength and Strategy in West Germany". The Jews claim that pro Nazi elements have succeeded in infiltrating several of the major German political parties. They are particularly perturbed by the election of Dr. Friedrich Middelhaue as deputy chairman of the Free Democratic Party. They fear Dr. Middelhaue because he has announced that he intends to turn the Free Democratic Party into one of the three largest parties in Germany by turning his movement into a rallying ground for German nationalists with preference given to former Nazis. Neo-Nazi elements are also rapidly gaining control of the Deutsche Party and the so-called "Refugee Party" composed of expellees who were driven out of the Sudetenland, East Prussia, Silesia and Eastern Germany by the Poles, Russians and Czechs. The Jewish report finds, "most alarming of all the threat of an alto-

gether new coalition composed of the three rightist parties, which would press totalitarian demands both at home and abroad and lift a banner for homeless cohorts of the disbanded Socialist Reich Party." The Socialist Reich Party, led by General Otto Remer, was illegally disbanded by the former jail bird, Adenauer, when it threatened to gain more votes at the polls than the American subsidized Christian Democratic Coalition.

The Jews are also worried because 49 per cent of the German youth were found to be pro-Nazi. Also 59 per cent of the Germans questioned were opposed to the Israeli-German restitution treaty which calls for a planned robbery of the already depleted German treasury in order to send cash and merchandise to the Jewish murder gangs in Israel. The Germans are also said to be demanding the release of the remaining so-called "war criminals."

On July 21, 1953, "The Daily Worker" ran the story of the formation of the huge pro-Nazi coalition party in Mannheim, Germany. Delegates from thirty neo-Nazi organizations jammed the hall while 5000 German listeners packed the streets outside. Microphones carried the words heralding German liberation to the frenzied crowds outside the hall. German speakers blamed Roosevelt for World War II and denounced the Nuremberg Trials as "the greatest of all war crimes." Greetings were sent to Admiral Karl Doenitz, who was appointed Chancellor of Germany by Adolf Hitler. Among the key speakers was Edward Fleckenstein, a New Jersey Lawyer, who has addressed many German rallies in the last few months. The new coalition party, which intends to combat Adenauer at the polls in the coming election, is called the "National Rally". Its leader is Karl Meissner.

abusive terms "Heinie" and "Kraut" can be heard or read daily in our neighborhood theatres and in the literary garbage which adorns the kosher news stands of that glorious institution, "The Free American Press." The literary and verbal outpourings of wealthy, foul-mouthed kikes from the Red ghettos of Eastern Europe are permitted to poison the minds of untold millions of our fellow Americans against forty million industrious and patriotic Americans of Germanic origin.

The courageous people of Eastern Germany have repaid the murderous bombing raids of the American and British aerial fleets of World War II by becoming the first nation to openly rebel against the Godless Jews of the Kremlin. Considering the circumstances who could have blamed the people of Eastern Germany if they had joined with Soviet Russia against Dwight Eisenhower, the man who had formally delivered them into Soviet slavery by withdrawing American troops behind the Elbe River during the closing phase of World War II? The Jewish Press has taught the American people to hate and revile their Aryan brothers in Germany and, in contrast, to love the illiterate, syphilitic horde of savages and Communists from Africa, Asia, Puerto Rico and the European ghettos which annually floods into American cities by courtesy of our Jew dominated immigration officers.

The American people must remember that the pioneers and statesmen who forged our present industrial civilization out of an untamed wilderness were almost exclusively of Germanic and Anglo-Saxon origin. Furthermore the Founding Fathers of the American Republic did not consist of African cannibals, Asiatic ancestor-worshippers or Jewish pawn brokers. Nearly all the signers of the American Constitution and Bill of Rights were aristocrats who maintained Negro slaves on their estates and plantations. While proclaiming the equality of all men under the law, the aristocratic founders of the Bill of Rights never considered the Negro as a man but as a piece of property. Their actions speak for themselves. At least 80 years elapsed between the formal signing of the American Constitution and the first agitation concerning Negro slavery which led to the Civil War. Considering the attitude and actions of our Founding Fathers, there is absolutely no basis for racial equality and the insidious doctrines of our tolerance merchants to be found in either the Constitution or the Bill of Rights!

With these basic facts held firmly in mind the National Renaissance Party is preparing to launch a major campaign in the Middle West to organize and unite the forty million Americans of Germanic ancestry behind their courageous racial brothers in Europe. The German heroes who died fighting gigantic Soviet tanks with nothing but stones in their hands were not fighting and dying for that sickly puppet of Western Democracy, Konrad Adenauer. Adenauer, who never fired a shot in their defense, claims that these German martyrs died in order that the blessings of Jewish Democracy might be restored to the people of Eastern Germany. It makes little difference to the German people whether they are starved, robbed, murdered and raped by the Jews of the Kremlin or the Jews on the Potomac. It makes little difference whether the front man for a Jewish dictatorship is Dwight Eisenhower or Georgi Malenkov! The infuriated German masses who stormed through the streets of Berlin were singing the Horst Wessel Song at the top of their lungs and calling for a return of Adolf Hitler. Do these sentiments represent the opinions of the Adenauer Regime and the corrupt Western Democracy which they represent? Democracy has always meant "government of the Jews, by the Jews, and for the Jews."

The German rebellion in Berlin and elsewhere represents a resurgence of German nationalism and racial pride. Great fear has arisen in the hearts of the Jewish exploiters of Aryan mankind. The coterie of German Jews, led by Otto Grotewohl, which constitutes the "East German Peoples' Government," fled to the Berlin Politburo Building and hid there behind the backs of several thousand East German Volkspolizei and Russian soldiers. Another Jew leader, Otto Nuschke, fled across the border into the Western zone of Berlin where he was saved from the wrath of the starving German workers by Adenauer's lackeys and the Jew dominated American Occupational Forces. Now that the reign of terror has set in and the German revolt has been temporarily crushed for lack of assistance, who is the person who sits in judgement over the German people in Eastern Germany? abusive terms "Heinie" and "Kraut" can be heard or read daily in our neighborhood theatres and in the literary garbage which adorns the kosher news stands of that glorious institution, "The Free American Press." The literary and verbal outpourings of wealthy, foul-mouthed kikes from the Red ghettos of Eastern Europe are permitted to poison the minds of untold millions of our fellow Americans against forty million industrious and patriotic Americans of Germanic origin.

The courageous people of Eastern Germany have repaid the murderous bombing raids of the American and British aerial fleets of World War II by becoming the first nation to openly rebel against the Godless Jews of the Kremlin. Considering the circumstances who could have blamed the people of Eastern Germany if they had joined with Soviet Russia against Dwight Eisenhower, the man who had formally delivered them into Soviet slavery by withdrawing American troops behind the Elbe River during the closing phase of World War II? The Jewish Press has taught the American people to hate and revile their Aryan brothers in Germany and, in contrast, to love the illiterate, syphilitic horde of savages and Communists from Africa, Asia, Puerto Rico and the European ghettos which annually floods into American cities by courtesy of our Jew dominated immigration officers.

The American people must remember that the pioneers and statesmen who forged our present industrial civilization out of an untamed wilderness were almost exclusively of Germanic and Anglo-Saxon origin. Furthermore the Founding Fathers of the American Republic did not consist of African cannibals, Asiatic ancestor-worshippers or Jewish pawn brokers. Nearly all the signers of the American Constitution and Bill of Rights were aristocrats who maintained Negro slaves on their estates and plantations. While proclaiming the equality of all men under the law, the aristocratic founders of the Bill of Rights never considered the Negro as a man but as a piece of property. Their actions speak for themselves. At least 80 years elapsed between the formal signing of the American Constitution and the first agitation concerning Negro slavery which led to the Civil War. Considering the attitude and actions of our Founding Fathers, there is absolutely no basis for racial equality and the insidious doctrines of our tolerance merchants to be found in either the Constitution or the Bill of Rights!

WHY AMERICA SHOULD ADOPT A NEW POLICY TOWARD GERMANY

About two months ago, a young New York lawyer, Edward A. Fleckenstein of 39 King St., Weehawken, N. J., went for a vacation trip to Germany and was shocked to find that the basic principles of that universally discredited Morgenthau Plan (to make a goat pasture out of Germany) were still being enforced by the American Occupation Authorities who are living the proverbial "life of Riley" at the expense of the ill-fed, ill clad and ill-housed German people.

He wondered how America could attempt to high-pressure the Germans into a foreign-officered European Nato army to fight on German soil—between the rivers Elbe and Rhine—the biblical battle of Armageddon between Western capitalism and Russian communism, as laid down by Eisenhower, when he was commander-in-chief in Europe two years ago.

Mr. Fleckenstein became disgusted with the propaganda line fed the Germans day and night by pinkos of the "Voice of America" and the communist literature displayed in the "America Houses" in the larger German cities.

He realized the danger that Konrad Adenauer whom the Allies had appointed as Chancellor of Germany without the Germans having any say in that matter—might sell the German people down the river as nonchalantly as he had attempted to set up a separate Rhineland republic after World War I.

Hence, Mr. Fleckenstein started to speak in public about the need of a better understanding between

"real Germans" and "real Americans" in the campaign for a general election in West Germany during the month of September.

He praised as true friends of the German people Senators Joseph R. McCarthy, Republican of Wisconsin; William Langer, Republican of North Dakota; Pat McCarran, Democrat of Nevada; John Bricker, Republican of Ohio; Everett M. Dirksen, Republican of Illinois and William E. Jenner, Republican of Indiana.

He denounced the Morgenthau Plan and the Nuremberg trials (the same as the late Senator Robert A. Taft had done); he blamed World War II on the late F. D. Roosevelt; he told his audiences that after twenty years of "New Deal-Fair Deal" democracy the American voters decided last November to get rid of it as a mediocrity and a fraud.

Mr. Fleckenstein proclaimed in public nothing more than any unbiased visitor in West Germany could have learned for himself since 1947 and should likewise have said publicly—instead of keeping silent for fear. And the greatest cowards in this respect are the German-American citizens with their "Untertan"/"Landmannschaft"/Religion complex by considering themselves Swabians, Saxons, etc., Protestants or Catholics—instead of considering themselves Germans first of all.

By contrast, the Jews have been taught to call themselves Jews first and to work and vote together, for which reason they can impose their will—even as a minority—on their disunited opponents.

IS THAT THE WAY TO TREAT AN AMERICAN CITIZEN IN GERMANY?

On August 8th the Munich U.S. General Consulate revoked the passport of Mr. Fleckenstein on orders of the U. S. High Commissioner of West Germany, Dr. James B. Conant (formerly president of the pinko and red infested Harvard University). Mr. Fleckenstein was taken into custody by the Military Police to be expelled from Germany and shipped back to the U. S. at once for alleged "interference in the internal affairs of a foreign nation"—even though Mr. Fleckenstein denies such allegations and claims his constitutional right of free speech in America and American-occupied territory.

What the U. S. State Department accuses Mr. Fleckenstein of having done as a private citizen, the present U. S. Madam Ambassador, Mrs. Claire Booth Luce ((wife of "Chinaboy" Henry R. Luce, editor of LIFE magazine) has done far worse by actually in-

terfering in the Italian elections on orders of the U. S. State Department. As a result, the Italians drew the line: "We don't meddle in your government, please don't meddle in ours".

When getting bad political news, such as the defeat at the polls of old (72) de Gasperi, the rank and file of the global thinkers in the U. S. State Department register pained surprise that Italians can't get it through their heads that their salvation depends on following the benign political advice of breast-beating on do-gooders who have held posts of power for so long under F. D. Roosevelt, Harry S. Truman and now Dwight D. Eisenhower.

It can be clearly foreseen that in the coming West German elections, old (77) pro-American Chancellor Konrad Adenauer and his pro-American stooge set-

up will go down the same drain as the Italian Premier de Gasperi went. Consequently, a pious "not mad but terribly, terribly hurt" bewilderment will again be noted in the inner sanctum and the group surrounding our Secretary of State, John Foster Dulles, who perhaps provoked the Fleckenstein incident in Germany to divert American public opinion momentarily from the terrible diaster which has befallen American statesmanship in Korea

How stupid those hold-over pinkos in the U. S. State Dept can get is demonstrated by that government agency's continued refusal as late as August 1953 to permit the entry of the American citizen, Rev.

Reichenberger, into Germany from his native Austria because "he had previously threatened and provoked Russia"!

And while Mr. Fleckenstein is given the bum's rush out of Germany, the U. S. State Dept. only now took up the passport of Joseph Starobin, European editor of the Communist newspaper "DAILY WORKER", when he returned to this country—although it had declared same invalid a year ago due to Mr. Starobin's travels abroad not being considered in the best interests of the United States! What is sauce for the goose in Mr. Starobin's case ought also to be sauce for the gander in Mr. Fleckenstein's affair.

WHAT SHOULD BE DONE?

Every unbiased American—desiring a better understanding between Germany and America—should protest in writing or by telegram to the U. S. High Commissioner of Germany, Dr. James B. Conant, at Frankfurt a/M. (Germany) against Mr. Fleckenstein's treatment.

And as it has become clear beyond a reasonable doubt that the United States of America can depend neither on its "allies" whose growing anti-American-

ism is rankest among those for whom America has done most nor on the over-propagandized United Nations who just have resumed their talkfests in New York City, every self-respecting American voter should write to his Senator's or Congressman's home address or, if possible, call on him and request him to demand a change in this country's antagonistic policy toward the German people, before it is too late.

FUNNY FOLKS. THOSE JEWS

Dr. Nahum Goldmann, acting president of the World Jewish Congress now meeting at Geneva (Switzerland) advocated making all the Jews of the World an "annex" to the State of Israel.

The same assembly also presented a strongly worded resolution to the German government at Bonn, demanding that effective measures be taken immediately "to suppress and eradicate any attempt to revive "Nazi" doctrines that menace democracy", adding that the West German agreement on restitution for Jewish losses "does not and cannot imply that Germany has thereby fully discharged its obligations toward the Jewish people during the Hitler regime.

"Is there no end of Jewish revenge and exaggerated Jewish demands on the German people?"

In contrast When a demand was made to the Bonn regime by millions of former German soldiers for payments for the time they had to spend in Allied internment camps after World War II - similar to the compensation granted recently by West Germany to hundreds of thousands of Jewish and other alleged victims of persecution by the Hitler regime—

the petition of the former German soldiers was flatly denied by Chancellor Adenauer.

According to the Jewish author, Paul Goodman, in his book, "A History of the Jews", page 133, there were around 540,000 Jews in Germany just prior to the advent of Hitler. On page 163, Goodman states that about 500, 000 Jews came to the United States during 1931 - 1940 of whom approximately 43% were from Germany.

This should dispose of the myth of 6,000,000 Jews killed during the Nazi regime.

And another thing: All of the former German military men, still imprisoned by the U. S. High Command of West Germany, had their teeth kicked out by Jewish "avenging angels" sent to Germany from America after Germany's unconditional surrender in 1945.

But you hear only of German atrocities against the Jews and compensation for such alleged acts.

"Brotherhood"

(Part 3)

FREDERICK CHAS. F. WEISS

Slowly now, to our horror, there rises before our inner eye a TRINITY: Father, Son and Ghost. All unholy, to be sure, but unholyest of the three is the Ghost.

For, whereas the Jew fathers World-Bolshevism for the "holy" task of fulfilling his mission; whereas the ungrateful son in the Kremlin — again for the "holy" purpose of shaping **his own** destiny — threatens now to murder the Father, lest the Father murders the Son, the Ghost causes his obsessed victim to commit suicide.

Both Father and Son are masters in the art of the possible. Their eye for possibilities assures them of victory. They both are masters of fact. And so they sensed the possibility of making an end of our White World and promptly — with the help of the Ghost — began to let us tear down what centuries had built up both here and in Europe. The result is that we have now become mere objects of a supranational "progressive" government.

The warning that this progress actually meant constitutional anarchy, and the negation of every kind of authority, was met with contemptuous laughter by our "Liberals", by our Brotherhood-Babblers and World-Reconcilers, all of whom were obsessed by the most frightful thing our White World has ever experienced, NIHILISM, that is.

Thus, the Father and Son joined forces with a ghost in our midst that had obsessed our "enlightened" doctrinaires and Utopians since the middle of the 18th Century, but which now — with the help of Father and Son — turned its attention successfully from the theological systems of Christianity and traditional world philosophy of our Western scholars — to the fact of actuality: the Western State with all its sacred institutions. And how easily we

let Father and Son win over our Nihilists: our literary and political Bohemia, our wastrel "nobility", our spiritually shipwrecked academicians, our adventurers and speculators, our criminals and loiterers, our halfwits and sunken priests, mixed with pathetic enthusiasts for the abstract ideal of universal Brotherhood.

With the media of a "subsidized" press, International News Service, and above all, with the Father's own Radio and Television systems, the unholy Trinity now forms at will the consciousness of our "Fourth Estate", the Mass, under a deafening drum-fire of theses, catchwords, standpoints, scenes and perverted feelings. Above all they tell our spiritually poor, downtrodden mass that a new era — "democracy of the Century" — had dawned. They flatter and organize the mass of our wage-earners in the cities and industrial centers and drive them by means of a cynical propaganda into the class war against the majority of our people. Whenever the agents of this unholy Trinity are able to assemble corporeally a mass, whenever the millions of our families are gathered around their television sets, they subject them to an influencing process, unknown even at the time of Caesar and Cicero. For their bodily near and sensuous means, and their rhetoric that works upon every ear and eye, have no parallel. Their shameless flattery, fantastic lies, brilliant phrases and resounding cadenzas, their "games" and presents, their Jazz music, rumbas and Negro dances . . . and even when necessary — their rehearsed sob-effects, outmatch everything that the democracies of other centuries had to offer!

This process of "conversion", this "veryiddeln" of the spirit of our masses goes on and on; it does not stop before the Titans of our Beaux Arts, not even before Science, (who did not hear of Einstein, whoever heard of Planck?).

vastly increase the Aryan birth rate in America and open up many jobs now held by married women to unemployed men.

Thus the National Renaissance Party is primarily concerned with the welfare of the national community as a whole and with the supreme task of the national community which is the protection and preservation of our most valuable Aryan racial elements. As opposed to this, the worthless Democratic and Republican Parties are solely concerned with the accumulation of gold and votes. The Republican Party serves the interests of International Finance, the Democratic Party serves International Jewry; but neither serves the interests of the American people as a whole. To clarify the issues we will outline the complete 9-point political, racial and economic program of the National Renaissance Party.

(1) To encourage racial nationalism among the peoples of Europe, Africa and Asia as an antidote to the spread of International Communism. We must disassociate American foreign policy from the decadent British and French colonial empires against which the entire land mass of Africa and Asia is in revolt. We must also repudiate the operetta-state of Israel unless we wish to drive the entire Middle East into the open arms of Soviet Russia in order that our political windbags in Washington may appease a howling pack of New York kikes, whose sole contributions to American culture have been syphilis and usury.

(2) To enforce a strict policy of racial segregation in America in order to preserve and advance the culturally dominant White Aryan Race which brought the cultural and social benefits of Western Civilization to our shores in 1492. (By the "Aryan Race" we refer to the Nordic, Celtic, Anglo-Saxon, Latin and Slavic peoples.)

(3) To bring about a gradual deportation of those racial elements which cannot be assimilated with the culturally predominant White Race. Laws must be passed to rigidly prohibit racial intermarriage. (Those racial elements which cannot be assimilated in an Aryan racial community are the Porto Ricans, Negroes, Jews and Asiatics.)

(4) The Jewish Race, which constitutes the motivating financial and intellectual force behind Communism, shall be deprived of their American citizenship and hence barred from all political and professional posts. Marriage between Jews and members of the dominant White Race shall be forbidden. (During the past 20 years the Jews have managed to obtain a tremendous hold on American politics, art, culture and commerce. No people on earth with a vestige of pride in itself and its national honor will tolerate such a domination of the KEY pro-

fessions by members of a completely ALIEN race. At the same time, the Jews are a determining factor in those political parties which have sought to undermine the last vestiges of racial and national pride in America. The Jew constitutes an alien virus in our national blood stream and as such he must be purged from our cultural, economic and political life.)

(5) To bring about the withdrawal of the United States from the United Nations in order to prevent further exploitation of American resources and manpower by foreign parasites. (In regard to foreign trade, America must develop a policy of preserving the American market for the American farmer and manufacturer. America must "Buy American" and subsidize, if necessary, American scientific ingenuity toward the end of producing chemically many of those products which are not found here in America but upon which this nation is dependent.)

(6) The alliance of German scientific and military genius combined with American technology, mass production technique and manpower could dominate both the American and European continents. Therefore our foreign policy must have the three-fold objective of realizing a German-American alliance in Europe; a Moslem-American alliance in the Middle East; and a Japanese-American alliance in Asia.

(7) The creation of an American Corporate Economy wherein labor and management will be equally represented in an Economic Dept. of the Federal Government. All disputes will be settled by impartial labor tribunals. (Labor and management exist to serve the interests of the State, which represents the totality of the American people. Class warfare and inflationary prices create universal economic chaos hence prices and wages must be stabilized by the State in order to meet the needs of the American people as a whole.)

(8) The abolition of parliamentary government, national-minded elite.

(9) The use of all educational facilities to imbue the American youth with an intense feeling of racial and national pride as a sure antidote to the international poison of World Communism.

but in reality it has turned it over to the worst thing of all, to the mob, ruled by the Consensus. Yet, not satisfied with their "remodeling" job over here, our wire-pullers now even FORCE us to impose their "paradise" of a State upon our brother nations and to reject every refusal of acceptance with the warning: "UND WILLST DU NICHT MEIN BRUDER SEIN, SO SCHLAG ICH DIR DEN SCHAFDEL EIN!"

But what are the upper strata of our society and our "leaders" doing to stem this progressive Bolshevikization of our masses? Where is the opposition of graded social structure against our town-masses, of tradition against mob-rule, of the higher existence of the few against the lower of mass-labor, when at best we can see only our Me-Too-Politicians seeking in vain a conciliatory middle course against the radical tendencies of our misguided masses. As if this radical age would permit compromises! As if this will to the middle way was nothing else but the senile wish for peace at any price, even the price of our liberty! Can we discern as yet any other focus of resistance against this diabolically organized mob-rule? Is this revolution not striding un-

checked towards its ultimate decision with the historical recklessness of a terrible destiny to which we and all the other white peoples must inevitably succumb... if not checked by a handful of thoroughbreds, by some individuals who make history? Or are we waiting with our counter-measures for a real "emergency", for the day, that is, when the Consensus will have succeeded in its effort to join physically the forces of class war from within with those of race war from without? Neither of these two Revolutions will disdain the aid of the other because it despises its supporters, for a common hatred against the white man extinguishes their mutual contempt.

Can we for one moment doubt that this planned joining of these forces would have been accomplished long ago had it not been for a temporary miscarriage of the Master Plan! When with the appearance of the Red Fascist (!) Stalin and the "abdication" of Trotzky, the Consensus' State within the Red State had to go more and more underground, when Marxian Bolshevism retreated before the furor of an Asiatic "Horde", led by a new Genghis Khan.

Eisenhower Has Betrayed The American People

JAMES H. MADOLE

The political actions of the Eisenhower Administration, during its first year in office, prove conclusively that the Republican Party is following in the footsteps of that clique of pro-Communist Jewish radicals known as the "Truman Gang". Just as the pro-leftist Jewish labor czars and professional tolerance merchants like the American Jewish Congress, Anti-Defamation League of B'Nai B'rith and the National Ass'n For The Advancement of Colored People all supported the pro-Soviet Roosevelt and Truman Administrations; just so did the Jewish international bankers and stock exchange pirates of Wall Street, together with their Gentile counterparts, support Eisenhower as their puppet. On July 6, 1953, David Senter, a political writer for the Hearst papers stated that Sidney J. Weinberg, a Wall Street investment banker of the renowned Jewish firm, Goldman, Sachs and Company, is the man behind the guns in the Eisenhower Administration. The second guiding light behind the Eisenhower Gang is that modern rendition of the Medieval Court Jew, Bernard M. Baruch. Bernie's job is to supply the brains for our golf playing tourist of choice American vacation spots, who occasionally inhabits the White House. Eisenhower's Cabinet looks like the "Home For Old Israel" with such

kosher Americans as Lewis L. Strauss, a Jewish Kuhn-Loeb banker, as boss of our Atomic Energy Commission, Freda Hennock and Sammie Groner as Commissars of the Federal Communications Commission and Maxie Rabb as his White House Assistant. Eisenhower's regime will perpetuate the internationalist squandering of our manpower and resources so successfully begun by Roosevelt over twenty years ago.

American democracy can still be accurately defined as, "government of the Jews, by the Jews, and for the Jews". Thus, in all nations, the Jewish Capitalists on the right and the Jewish Communists, Socialists and Liberals on the left have worked as a revolutionary unit to promote Jewish aims and ambitions at the expense of the overwhelming Gentile majority. Thus it was the leading Jewish Capitalists like the Warburgs, Schiffs and Mondes who put up 20 million dollars to finance the ostensibly anti-Capitalist Red Revolution in Czarist Russia. Actually the Red Revolution established complete Jewish domination over the cultural, political and economic life of the Russian people. The Gentile aristocrats, intellectuals and industrial tycoons were liquidated, leaving a well trained Jewish intelligent-

policy . . . forever. The question is, whether our leaders' responsibility is still above all to a minority, to our spiritual Elite, that possesses the instinct of statesmanship and represents our Nation in the true spirit of our constitution -- or whether our "leaders" feel themselves responsible to another minority in our midst: To those spiritual members of an international, boundless and landless Jewish Consensus, to those Jewish subjects of an alien nation, whose nation-consciousness, derived from a particular and defined world-feeling, is entirely different from ours as we have seen before.

Over the last six millenia and up to this day the savants of the Consensus shaped their nation's fate by feeling for, and ascertaining, the general conviction of their associates, which could not err because the mind of God and the mind of the community are the same . . . while we, nations and individuals alike, sought to shape our future, each for himself, and fought one another, nay annihilated one another!

So long as the world powers were without exception European powers, so long as these powers fought one another, sometimes over miserable scraps of land, so long as our own coal, industry, bank and bourse element fought our settler and planter element in the South, the members of the Consensus could not possibly understand the passion with which we Westerners livingly experienced the decisive turns of our history and destiny. For them all this lay thirty generations back.

But things changed fundamentally when with the beginning of our century the VISIBLE decay of one Western state after another set in; when with the disappearance of "Staatshoheit", the repressive force of one state after another in Europe vanished, when we so crowned our suicidal effort and obliged the Consensus by tearing down what centuries had built up. That was the time when the savants of the elect knew that their hour had come. At least 25 years before our deplorable statesmen could see it, the Consensus began to comprehend that with our entry upon the age of world wars the transition from the eighteenth century world of states to the imperium mundi had set in. Even today our "leaders" have not realized this hard fact. For how otherwise could be explained their state-destroying wish for "universal Brotherhood" by abdicating in favor of a supernational government?

After the Consensus in launching against all of us a Yellow-Brown-Black offensive under a Red leadership, after stirring up a class war from below and a race war from without, after his "glorious recapture" of Jerusalem, can we now only assume that this alien nation is willing to renounce her as-

piration for world domination or give up the desire to fulfill her mission? Are we really to believe that, because a few members of the upper stratum of the elect have lost every kind of inward cohesion, the Consensus will regionally fall into parts or willingly give up his worldwide cohesion; once our famous U.N. will declare Universal Peace, once our own world pacifists and Brotherhood-babblers, our theorists and professors, our utopians and humanists, our law-makers and shoe-makers, will have signed away our historic rights and our freedom?

Once on this globe we all have become brethren, will the Consensus give up the accomplishment of the task that in its belief historic necessity has set for him? Would not Universal-Brotherhood presuppose the absurd assumption that Yahweh, in order to become Jesus' benign and Heavenly Father of all humanity, undergoes a sudden and extraordinary transformation? That wrathful, irascible, unforgiving God of our Jewish brethren; that Yahweh from whom the elect expects that "he crushes the unrighteous. . . that he lay waste the country of the unbelievers. . . that he destroys -- with a rod of iron their being. . . that he breaks their pride like a potters' vessel. . . that he makes nations flee before him at his threatening. . . that he will gather his "holy people and rule over them in righteousness. . ." that neither settler nor stranger shall dwell among them (in Palestine!). . . that, so long as they serve him, he will hold the Gentiles in yoke."

(--Psalm of Solomon, Ps. 17)

Does anybody believe in such an absurd transmutation? Will the majority of the elect follow the small minority, the stubborn and zealous few, and return to the "Israeli homeland" and leave us in peace? When, on the other hand, history teaches us how in the "Exile" this alien nation increased enormously beyond the old small clan limits, when she destroyed the political power of one after the other of her host peoples by manipulating at will their economic potentialities, when the dispersed majority turned so successfully to "conversions" as the only form of conquest open to a landless nation? Do we not have right here the best proof of the immense aggressive power of this "conversion?" When we can daily witness how the Consensus succeeds in the more and more radical political elimination of our own spiritual Elite, of those few who alone would still be able to find their way from thinking in terms of party lines to thinking in terms of statesmanship? The more radical this elimination, the more completely is our electoral mass delivered by their party leaders into the hands of the Consensus.

And so with that the Consensus has now succeeded in changing the name of our Republic to the finest sounding of all, freedom and democracy,

The American Negro is an innocent dupe of this Marxist racial minority due to the circumstances of his poverty, poor schooling, etc. Nonetheless the filthy tenements, butcher shops and loan establishments in Harlem are owned in the main by Jews, who unmercifully exploit the Negro while pretending to be his friend. It is no accident that Negroes have to rent out beds in shifts to pay the rent on some of these tenement flats. While teaching brotherhood the Jew practices the very exploitation of the Negro of which he accuses the White race. The following solution to the race question is strongly advocated by the National Renaissance Party.

1. With all due respect to both the Caucasian and Negro race we must realize that an impenetrable barrier exists between them which is the primary cause of friction. This barrier is exploited by the Jewish Marxists to the end of mongrelizing both races. He preaches racial intermarriage but his race has the strictest taboos against it. There is no beauty in a sickly, pink-eyed albino or a mulatto, no triumph for either Negro or White man. No man would want one of these travesties of fate for an offspring.

Since the Negro can never be assimilated with the white race, we should do all in our power to gain for him a national home, Liberia, where a land grant has already been obtained for American Negroes who wish to own their own land, free from exploitation. Colonists are wanted and are requested to contact at once the Universal African Nationalist Movement Inc., 100-2 West 116th St., Liberty Hall, N. Y. C.

2. That racial pride and purity must be restored in the American youth once the false, foreign inspired Marxist doctrine masquerading as liberalism has been torn, root and branch, from the soil of America.

3. The racial minority which created Communism and uses it as an instrument to destroy loyalty, racial and family pride, and morality must be rendered impotent to do further damage.

The Race Question and Immigration:

In our study of the race question, one more vital factor must be considered, namely, that of immigration. Since the year 1933, our immigration barriers of alien races, wisely erected by the founding fathers, have been lowered to the extent that our entire economy and moral code is in danger of collapse due to the steady infiltration of collectivist minded, predominantly Jewish, immigrants. Our whole culture is in grave danger of collapse due to the slow poison injected into our minds and souls in the name of tolerance and anti-discrimination policies.

To solve this problem we must ban further immigration to Jews, who now have a national homeland and no longer have excuse for flooding the refugee market. We must greatly increase the number of immigrants from Northern and Central European nations, those nations which produced our original pioneer stock. We have quite enough pawn-brokers and are in dire need of more ambitious workers and scientists.

To sum up, what we need is more men to serve the stars and stripes and less to serve the star of David.

THE RACE QUESTION and the TOLERANCE RACKET

This pamphlet has as its purpose the task of awakening the American people to the real enemy within our gates, the native born Marxist who masquerades himself beneath the false cloak of liberalism. This brochure will prove to the soft-hearted but gullible American people that the very forces which preach the loudest in behalf of racial equality are the same forces which seek to create vicious and revolutionary class hatred in the United States with the ultimate aim of creating a Communist revolution in America. That racial minority which conducts fund raising drives for Negro equality is the very racial minority which exploits the poverty stricken Negro in Harlem. With these preachers of equality will I not be mixed up and confounded. For thus speaketh justice unto me: "Men are not equal."—NIETZSCHE.

The Enemy Within:

With the advent of the New Deal administration in 1933, a dark cloud of perverted idealism crept like a malignant cancer over the face of America. The majority of Americans being native born, some with families reared in this nation for generations, failed to compare this malignant corruption of individuality, loyalty, and morality, with similar events which had transpired in Europe. Most Americans are noted for their sense of fair play and are most gullible to pleas for aid from a supposed underdog. Consequently when it was pointed out by both domestic and foreign sources that the New Deal Socialist regime was engineered, fostered and financed by a certain racial minority, the same revolutionary minority who had led and financed the horrible butchery of the Russian Revolution, what was more natural than using the cry of persecution to protect this same vicious and incorrigible minority. If ever the American people should realize that Marxism and this racial minority were one and the same, factors would arise which would lead to the same results as were made manifest in Germany and Italy where Hitler and Mussolini restored their respective lands and economies to the German and Italian people after driving out the money changers.

In every nation, including Russia, where Communism has taken over the reins of government, the discontent breeding revolution has been sown by this one racial minority. While accusing Fascists, Nazis, Reactionaries and Conservatives of racial hatred, this one minority has sown the vicious seeds of class hatred, stirred up Negroes against Whites and encouraged the mongrelization of all pure Caucasian, Negro and Asiatic blood. There were no cries of intolerance, no picket lines of workers incited by fanatic orators preaching the overthrow of private enterprise and the right to own private property for your wife and children, no huge tax programs which drained the country white before this vicious minority came to our shores, seeking hospitality after being kicked out of Europe by an aroused and irate citizenry.

The National Renaissance Party stands for a new freedom, the freedom from interference in the affairs of sovereign states by conniving revolutionary elements of this racial minority which, while condemning Hitler for annexing Austria and the Sudetenland which were predominantly populated by Germans, itself seized lands belonging to the Arab States. In this case of outright aggression, the Israelite aggressors were championed by the New Deal leader, which their funds and power had placed in office.

Zionism and Communism:

At this point we should like to prove conclusively to even the most gullible American who likes to think of himself as a liberal that these two philosophies were originated by the same racial minority and both are treasonable to this Republic. I wonder what these same Liberals said when Nazi swastika flags were flown side by side with the American flag. Did they object? If so why do they not now object when the Jews who are far more of a minority than the Germans, openly flaunt the Israeli flag beside the stars and stripes. All these so-called Liberals attacked the pan-Germanism of the Bund but none do aught but praise the endless procession of Jewish pressure and fund raising groups for Palestine, a foreign State seized by open aggression from nations who were officially at peace with our government.

If aggression can be laid at the feet of the German people, certainly it can be equally placed at the feet of the Jews. The National Renaissance Party has never indulged in anti-semitism as a political device nor for the purpose of hysterical ranting but we feel obligated to take a stand on treasonable activities by any group or race. Any one who takes the time to attend a Communist rally will see that the speakers are predominantly of one race.

To sum up the connection between Zionism and Communism and the motivation of each by this one minority we will give you a few quotations from members of this racial minority who pose as the messiahs of world liberalism, equal rights for Negroes, etc.

Angelo S. Rappaport, "The Pioneers of the Russian Revolution" London—1918, pg. 250.

"The Jews in Russia, in their total mass, were responsible for the Revolution."

"The Maccabean" Jewish Zionist organ, New York Nov., 1905, under the title "A Jewish Revolution."

"The revolution in Russia is a Jewish revolution, a crisis in Jewish history. It is a Jewish revolution because Russia is the home of about half the Jews of the world, and an overturning of its despotic government must have a very important influence on the destinies of the millions living there and on the many thousands who have recently emigrated to the other countries. But the revolution in Russia is a Jewish revolution also because Jews are the most active revolutionists in the Tzar's Empire."

Scholem Asch in "Golos Rossi"

"The slightest shaking of the Soviet regime would mean death for the Jews."

The above statements from the tract "Key to the Mystery," should cause even the most tolerant to do a little research, if our professional Liberals will come down from their pedestals long enough to remove their rose-colored spectacles.

The Race Question Conclusions and Solution:

In conclusion, to sum up our discoveries, we must admit that World Marxism or Communism is the product and instrument of one, particular race. Just as National Socialism was the creation of the German people erected as an effective barricade against Marxism, so Marxism is the creation and instrument of the Jewish race. They freely admit this fact so why should we hesitate to state it openly? The great mass of Russian people are not Communists, nor are Lithuanians, Poles, Hungarians, etc. Anna Pauker, Communist leader of Romania is a Jewess as are the ruling clique in Russia and the countries behind the Iron Curtain. Only when we awake to these facts, can we cease fighting with vague shadows whom we term Communists. Tear away the veil and there stands revealed before you, the Jew.

sat back in the easy chair. Her stupid neighbors were soon living in pig sties while she lived in comfort. How like the foolish neighbors, our own great America is.

The National Renaissance Party represents no interests except those of the American nation: a party that fights for three fundamental principles: for the reestablishment of American national strength and the removal of all influences of a subversive, immoral or international nature; for the annihilation of the principle of majority, of half measures and the restoration of the principle of authority and the genius of individual leadership. If this movement comes to power in America, internationalism, democracy and pacifism will vanish, the era of cowardly submission, self degeneration and immorality will be at an end in this nation and the American people will rise in righteous fury and rend their betrayers and despoilers.

Throughout history, it was never democracy that created values but individuals, democracy did, however, contribute to the ruin of individuality. Only a fool would think that the mass can replace the great accomplishments of the individual. A nation's greatest treasure lies in its capacity to produce and maintain individual genius. A single genius can do more for a nation than billions in capital. Of course the Jews who founded democracy symbolize all greatness in the dollar bill and well they may, for their percentage of genius in the arts and sciences is extremely low.

If America has declined in the past three decades it is because of the perversion of our will to power and progress by manipulations of puny, inferior parliamentary politicians who have sold their peoples and souls to the racial minority bloc. Every miserable bill to dissipate our national resources enslave our people to an international world state and mongrelize our best blood has been put through Congress. By now, with the exception of a few men, who still hold the right to be called men, that Internationalist Bedlam down at the end of Pennsylvania Avenue has renounced forever the right to call itself an American Institution serving the interests of the American people.

The intellectual elite form the representative leaders of this nation, as was intended by the Constitution, and certainly never the parliamentary politician who is the product of the ballot box and

thinks only in terms of votes. The constructive development of this nation through the intellectual elite will take years and the intelligent education of our people will take decades.

50,000 homes and jobs for DPs while American veterans walk the streets. Citizens belonging to our racial minority blocs hold civil service jobs on government payroll while American workmen are laid off and placed on the bread line. Labor unions controlled by members of the racial minority bloc bleed American workers of hard earned wages, using them as pawns to create class warfare between labor and capital, as a prelude to Communism in America.

Program of the National Renaissance Party

The National Renaissance Party is devoted to a renaissance of American culture and a resurrection of the American people. The philosophic doctrine of our party is known as Animism—a socio-political doctrine based on Alexander Hamilton's concept of an American Republic dominated and governed by the best minds of the nation or the intellectual elite. The present inroads of Communist theory in America are due solely to the false concept of democracy, which has permitted racial minority pressure groups to force their will on the political rabble in Washington. To maintain a job a politician must have votes and since the racial minority groups, who foster Communism in all nations, vote in a united bloc, they can buy the votes of our parliamentarians in Congress and State legislatures.

It is utterly useless to look for last minute aid from the divided social clubs and discussion groups of the conservative Republican party. These dignified, elderly gentlemen have left the field, sadly disillusioned after our last election which they hoped to win by the use of old line political hacks against the crusading fanaticism of a militant social philosophy. Communism. Tens of thousands of the American youth were won over to Marxism and the program of New Deal Socialism through lack of a counter philosophic doctrine to augment their faith in their nation and race. Rest assured that flag waving, Sunday school lectures and political wind bags, whose capacity for downright lying is seldom excelled, will never set the American soul aflame with crusading fanaticism and love of America, only a new doctrine will suffice.

ANIMISM vs. DEMOCRACY!

Basic issues involved: Collective vs. Individual Enterprise; Collective vs. Individual Genius!

If the uneducated mass or minority is able to govern we have fulfilled the philosophic concept of Communism as founded by Karl Marx. Do you wish every individual move and decision to be determined by the will of the majority?

The inherent weaknesses of democracy are as follows:

1. The politician to retain his job must reject all sincere convictions and obey the dictates of a national minority, the American voters.

These votes are concentrated in the industrial heart of America and are dominated by a pro-Marxist racial minority through a controlled press and radio. Hence democracy is rule by a racial minority who are nonetheless a political majority because they all vote and we don't.

2. The false doctrine of racial and individual equality:

The purpose of the mass of a people is to create individual genius. The false doctrine of Marxism leads people to believe that all races and individuals are equal. If this were so, no individual could hope to attain greater success, either for himself or his children, than that of the majority. All competition would die out for absolute equality implies lack of competition.

Instead of being an all powerful, self sustaining nation, democracy has undermined the basic foundations of our nation and made us a satellite and supporter of Europe and Asia. The Marshall Give Away Plan has drained us of a high percentage of our national wealth and that arch parliamentary manifestation of New Deal Socialism, Harry S. Truman, plans to admit several hundred thousand D.P. scavengers from Europe and Asia to grow fat on jobs rightfully belonging to American workers. Not to be outdone, with a wary eye on the Jewish New York vote, parliamentarian Thos. E. Dewey suggested we each take a D.P. into our home until they get settled, notwithstanding the fact that 50,000 homes and jobs have been set aside for the exclusive use of D.P.'s. American veterans don't rate in comparison to the bearded ex-jailbirds and

undesirables from Europe. Of course our senile politicians promise us freedom of our homes but the masters of our Congressional sheep herd want to bring about this glorious symbol of racial equality.

THE ANIMIST DOCTRINE.

We are the arch opponents of pacifism because we know that states or individuals survive only by strength and not by diplomacy.

We hate the decadent social doctrine of democracy because we recognize that the intellectual elite represents at all times the best in our people and the leadership in all fields must rest in their hands. The mass or majority was never designed by God to direct the destiny of any nation or enterprise.

We despise with an undying hate the Marx inspired doctrine of internationalism because the laws of God and Nature teach us that racial pride and purity as well as the authority of a leader are able to lead a nation to the glories of cultural progress and national strength.

What is the goal of Animism?

Our goal is that the American people shall again gain honor and conviction, that it shall again bow in homage before its own history and heroes, and shall curse and destroy that race which damaged its honor.

Secondly, once our people have learned of the moral and physical fetters cast upon them in the name of democracy, and have been brought again to the realization of the necessity of authority and leadership, we will wake them from the false Semitic dream of democracy, and lead them to an Aryan-Anglo-Saxon world of culture, responsibility and recognition of duty on the part of the American individual.

Thirdly, we shall save America from its parliamentary betrayers by destroying the false belief that we should become a satellite and supporter to that world poor house known to the New Deal boys as the United Nations. The American people must recognize that its future will not be moulded through belief in the help of others but through faithful devotion and perseverance to our own national tasks. The U.N. is much like the housewife who organized a local guild of her neighbors, wives to clean her house every weekend while she

ADOLF HITLER

20 APRIL 1889

International Jewish-Communism has always been a threat to Aryan Civilization and that Great German Statesman ADOLF HITLER was the FIRST to combat this deadly enemy before the world. What Adolf Hitler gave to the German Nation cannot be denied, What National Socialism bestowed upon the German people stands before the world as a monument to all of the Western World. No one can change the deep intense nationalistic feeling that Adolf Hitler taught them to feel toward the State. Nationalism is the only antidote to the poison of Jewish-World-Communism. The Western World will never forget the struggle of the N.S.D.A.P. in the early twenties, nor will they forget how foolish some of them were to oppose Adolf Hitler's New Order. Now we see that Only NATIONALISM CAN NEUTRALIZE AND DEFEAT JEWISH-INTERNATIONAL COMMUNISM!!!

NEW JERSEY HEADQUARTERS
1064 Dewey Place
Elizabeth, New Jersey

BASIC PROGRAM:

1. To encourage racial nationalism among the peoples of Europe, Africa and Asia as an antidote to the spread of international communism.
2. To enforce a strict policy of racial segregation in America in order to preserve and advance the culturally dominant White Aryan Race which brought the cultural and social benefits of Western Civilization to our shores in 1492.
3. To bring about a gradual deportation of those racial elements which cannot be assimilated with the culturally predominant White Race. Laws must be passed to rigidly prohibit racial intermarriage.
4. The Jewish Race, which constitutes the motivating financial and intellectual force behind Communism, shall be deprived of their American Citizenship and hence barred from all political and professional posts. Marriages between Jews and members of the dominant White Race shall be forbidden.
5. To bring about the withdrawal of the United States from the United Nations in order to prevent the further exploitation of American resources and manpower by foreign parasites.
6. The alliance of German scientific and military genius combined with American technology, mass production technique and manpower could dominate both the American and European continents. Therefore our foreign policy must have the three fold objective of realizing a German-American alliance in Europe; a Moslem-American alliance in the Middle East; and a Japanese-American alliance in Asia.

(2)

7. The creation of an American Corporate economy wherein labor and management will be equally represented in the Economic Department of the Federal Government. All disputes will be settled by impartial labor tribunals.
8. The abolition of parliamentary government and the substitution of government by a trained national-minded elite.
9. The use of all educational facilities to imbue the American youth with an intense feeling of racial and national pride as a sure antidote to the international poison of World Communism.

Our national slogan shall be:

Dear [redacted]: [redacted] of our Women's Division informs me that you might be interested in working with our party. She also states that your mother is quite ill and for that reason you cannot take an active part at the present time.

We wonder if it would be possible for you to attend our mass meeting at the New York Turnhalle, corner of 85th Street and Lexington Avenue, at 8:30 P:M, on Sunday evening, May 2nd. The meeting will be held in the Viennese Room on the second floor. You would be more than welcome and unless your mother is well again there is no need for you to assume an active part in this work.

As you may have heard from [redacted] I once worked for the Alcoa Steamship Co. while you were employed there. I enclose a photo which was taken at a recent street meeting so that you may know I speak the truth. We hope that you can come for the evening.

My best wishes to both you and your mother and my hopes for her speedy recovery.

BROTHERHOOD?

(Part 4)

FREDERICK CHAS. F. WEISS

We will attempt now to show why all this HAD to come; why it HAD to happen . . . , because we let it happen; how we tried to adhere to this or that, but NOT to the necessary . . . and why now we are confronted with the nothing: with our final abdication from the political platform! For, what the individual will not do, Fate (and what a Fate) will do with him! . . .

"Historical" man is the man of Culture, that is in full march towards self-fulfillment. Before this, after this, outside of this, man is historyless, and the destinies of the people to which he belongs matter as little as the earth's destiny matters when the plan of attention is the astronomical and not the geological.

Culture is the being of nations in state-form. A nation, a living and struggling unit flowing in the stream of history, possesses above all a State as an Idea. Even very lowly animal genera, not to speak of ants, bees, migrating birds, beavers, etc., have "constitutions" of some sort.

Peoples as States are the real forces of all human happenings; they are destiny. Every State that emerges in history exists as it is but once and for a moment; the next moment it has, imperceptibly, undergone a mutation, whatever the rigidity of its legal constitution. The systematically planned State of the theorist will ever contrast with the State of actuality. FOR NO REAL CONSTITUTION, WHEN TAKEN BY ITSELF AND COMMITTED TO PAPER AS A SYSTEM IS COMPLETE. The description of a State or its constitutional archives cannot give us even the silhouette of that which underlies the living actuality of a State as its essential form. For the unwritten, that

is the indescribable, yet so usual, so readily felt, so self evident, by far outweighs everything else. If we seriously subject an existence-unit of history to the constraint of a written constitution, and then critically fix our eyes upon its form, we soon find out that it is no longer "in condition" to wrestle successfully in and with history. This holds equally true for the smallest as for the largest unit in the stream of history, for a family as well as for a nation.

However different their ideas of a State was from the concept of their forefathers, the idea which underlaid the historical manifestation of our Founding Fathers, they had to act consciously or unconsciously under the spell of the culture of their ancestors. For their soul would not let them do otherwise. They responded to the spell of the same culture which had produced the peoples of Europe, but not of a culture which had been produced by these peoples.

And so our Nation was born, not merely by a strong common spiritual feeling of our people, and certainly not through an already existing linguistic or political, or zoological bond, but mainly through an IDEA of our spiritual Elite which had to act under the spell of a Western culture.

But what has become of this Constitution? In this Hour of Decision the destiny question for us all now is whether our State exists in the effectiveness of the spirit of our constitution, not in the moral of an impractical dreamer and Brotherhood-babbler, but in the steadiness, sureness and superiority of political leadership, or whether the strength of our constitutional leadership has been shattered and our nation has already become the victim of an alien

sia in control of an uneducated Russian peasantry. This same vicious Jewish campaign of genocide is being carried out in the Baltic States, Eastern Europe and the Balkans. The Jewish Commissars of the Kremlin are just as fiendish as their Zionist co-racials in Palestine, where the tortured screams of Arab women and children cry out to high heaven for vengeance.

The names of Roosevelt, Truman and Eisenhower will rank in historical infamy with that of Judas Iscariot, the unfaithful apostle who sold Christ to the Jews for thirty pieces of silver. These American political hacks, the standard bearers of "word-brotherhood", have sold 160,000,000 Americans into slavery to the descendants of the very same Jews who purchased Jesus Christ at a much more nominal fee. How our Jewish comrades must have rubbed their hands in unholy glee as the decrepid Eisenhower parroted the speech which their ghost writers had prepared, turning American atomic energy know-how over to the motley assortment of African cannibals, Asiatic ancestor worshippers and East Side Kikes which comprise the intellectual dung heap known to our apostles of "human brotherhood" as the United Nations. Eisenhower's attack on the activities of the heroic Senator McCarthy were motivated by the same anti-Christian sources.

In the January, 1953 edition of the National Renaissance Bulletin, Mr. Frederick Weiss analyzed Eisenhower's Inaugural Address as follows:

"Eisenhower's purpose in everything is to actualize United Nations world domination. Eisenhower dares not abandon this purpose, even if he could. He is reminded of this objective daily by the same crew of aliens who controlled the policies of Truman and Roosevelt, who demand that American troops fight under the hybrid rag of the United Nations rather than under Old Glory, and who have contempt for all national and racial pride."

"The worst aspect of Eisenhower's speech is the constant anti-American undertone. Americans are not superior. American resources belong to the entire world, to the Peruvian Indians, the rice growers in Burma and the Zulu Hottentots. Anything left over can be had by Eisenhower's loyal but stupid American subjects. There must be a United Nations world-empire which will be controlled by the small group of cosmopolitan aliens in New York City, who now sit in the great glass building and play at being God."

"There are two kinds of enemies which a nation may have: inner enemies and outer enemies. The inner enemy is far more dangerous, since he masquerades as a loyal patriot, but, in effect, he is an alien. One traitor within the fortress is more dangerous than a hundred divisions without. This makes Eisenhower, the man who places the interests of the United Nations ahead of the interests of the United States, the outstanding inner enemy of America."

Compare these statements of a year ago with present day facts.

We wish to thank our loyal followers for their quick response to our financial appeal last month. Many letters begged us not to relinquish the struggle on the all important East Coast. We have discovered a possible method of continuing our mass meetings despite the opposition of that professional Jew-lover, Mayor Wagner of New York. We are proud to announce that new branches of the party are being formed in Pennsylvania under Messrs. E. R. Barron and Frederick Polzin, and in New Jersey under Mr. Lawrence Sestito.

Please continue to supply us with the financial ammunition with which to fire our broadsides at the enemies of America. We are dependent on you. but in reality it has turned it over to the worst thing of all, to the mob, ruled by the Consensus. Yet, not satisfied with their "remodeling" job over here, our wire-pullers now even FORCE us to impose their "paradise" of a State upon our brother nations and to reject every refusal of acceptance with the warning: "UND WILLST DU NICHT MEIN BRUDER SEIN, SO SCHLAG ICH DIR DEN SCHAEDEL EIN"!

But what are the upper strata of our society and our "leaders" doing to stem this progressive Bolshevikization of our masses? Where is the opposition of graded social structure against our town-masses, of tradition against mob-rule, of the higher existence of the few against the lower of mass-labor, when at best we can see only our Me-Too-Politicians seeking in vain a conciliatory middle course against the radical tendencies of our misguided masses. As if this radical age would permit compromises! As if this will to the middle way was nothing else but the senile wish for peace at any price, even the price of our liberty! Can we discern as yet any other focus of resistance against this diabolically organized mob-rule? Is this revolution not striding un-

checked towards its ultimate decision with the historical recklessness of a terrible destiny to which we and all the other white peoples must inevitably succumb. . . if not checked by a handful of thoroughbreds, by some individuals who make history? Or are we waiting with our counter-measures for a real "emergency", for the day, that is, when the Consensus will have succeeded in its effort to join physically the forces of class war from within with those of race war from without? Neither of these two Revolutions will disdain the aid of the other because it despises its supporters, for a common hatred against the white man extinguishes their mutual contempt.

Can we for one moment doubt that this planned joining of these forces would have been accomplished long ago had it not been for a temporary miscarriage of the Master Plan! When with the appearance of the Red Fascist (!) Stalin and the "abdication" of Trotzky, the Consensus' State within the Red State had to go more and more underground, when Marxian Bolshevism retreated before the furor of an Asiatic "Horde", led by a new Genghis Khan.

Eisenhower Has Betrayed The American People

JAMES H. MADOLE

The political actions of the Eisenhower Administration, during its first year in office, prove conclusively that the Republican Party is following in the footsteps of that clique of pro-Communist Jewish radicals known as the "Truman Gang". Just as the pro-leftist Jewish labor czars and professional tolerance merchants like the American Jewish Congress, Anti-Defamation League of B'Nai B'rith and the National Ass'n For The Advancement of Colored People all supported the pro-Soviet Roosevelt and Truman Administrations; just so did the Jewish international bankers and stock exchange pirates of Wall Street, together with their Gentile counterparts, support Eisenhower as their puppet. On July 6, 1953, David Senter, a political writer for the Hearst papers stated that Sidney J. Weinberg, a Wall Street investment banker of the renowned Jewish firm, Goldman, Sachs and Company, is the man behind the guns in the Eisenhower Administration. The second guiding light behind the Eisenhower Gang is that modern rendition of the Medieval Court Jew, Bernard M. Baruch. Bernie's job is to supply the brains for our golf playing tourist of choice American vacation spots, who occasionally inhabits the White House. Eisenhower's Cabinet looks like the "Home For Old Israel" with such

kosher Americans as Lewis L. Strauss, a Jewish Kuhn-Loeb banker, as boss of our Atomic Energy Commission, Freda Hennock and Sammie Groner as Commissars of the Federal Communications Commission and Maxie Rabb as his White House Assistant. Eisenhower's regime will perpetuate the internationalist squandering of our manpower and resources so successfully begun by Roosevelt over twenty years ago.

American democracy can still be accurately defined as, "government of the Jews, by the Jews, and for the Jews". Thus, in all nations, the Jewish Capitalists on the right and the Jewish Communists, Socialists and Liberals on the left have worked as a revolutionary unit to promote Jewish aims and ambitions at the expense of the overwhelming Gentile majority. Thus it was, the leading Jewish Capitalists like the Warburgs, Schiffs and Mondes who put up 20 million dollars to finance the ostensibly anti-Capitalist Red Revolution in Czarist Russia. Actually the Red Revolution established complete Jewish domination over the cultural, political and economic life of the Russian people. The Gentile aristocrats, intellectuals and industrial tycoons were liquidated, leaving a well trained Jewish intelligent-

policy . . . forever. The question is, whether our leaders' responsibility is still above all to a minority, to our spiritual Elite, that possesses the instinct of statesmanship and represents our Nation in the true spirit of our constitution — or whether our "leaders" feel themselves responsible to another minority in our midst: To those spiritual members of an international, boundless and landless Jewish Consensus, to those Jewish subjects of an alien nation, whose nation-consciousness, derived from a particular and defined world-feeling, is entirely different from ours as we have seen before.

Over the last six millenia and up to this day the savants of the Consensus shaped their nation's fate by feeling for, and ascertaining, the general conviction of their associates, which could not err because the mind of God and the mind of the community are the same . . . while we, nations and individuals alike, sought to shape our future, each for himself, and fought one another, nay annihilated one another!

So long as the world powers were without exception European powers, so long as these powers fought one another, sometimes over miserable scraps of land; so long as our own coal, industry, bank and bourse element fought our settler and planter element in the South, the members of the Consensus could not possibly understand the passion with which we Westerners livingly experienced the decisive turns of our history and destiny. For them all this lay thirty generations back.

But things changed fundamentally when with the beginning of our century the VISIBLE decay of one Western state after another set in; when with the disappearance of "Staatshoheit", the repressive force of one state after another in Europe vanished, when we so crowned our suicidal effort and obliged the Consensus by tearing down what centuries had built up. That was the time when the savants of the elect knew that their hour had come. At least 25 years before our deplorable statesmen could see it, the Consensus began to comprehend that with our entry upon the age of world wars the transition from the eighteenth century world of states to the imperium mundi had set in. Even today our "leaders" have not realized this hard fact. For how otherwise could be explained their state-destroying wish for "universal Brotherhood" by abdicating in favor of a supernational government?

After the Consensus in launching against all of us a Yellow-Brown-Black offensive under a Red leadership; after stirring up a class war from below and a race war from without, after his "glorious recapture" of Jerusalem, can we now only assume that this alien nation is willing to renounce her as-

piration for world domination or give up the desire to fulfill her mission? Are we really to believe that, because a few members of the upper stratum of the elect have lost every kind of inward cohesion, the Consensus will regionally fall into parts or willingly give up his worldwide cohesion; once our famous U.N. will declare Universal Peace, once our own world pacifists and Brotherhood-babblers, our theorists and professors, our utopians and humanists, our law-makers and shoe-makers, will have signed away our historic rights and our freedom?

Once on this globe we all have become brethren, will the Consensus give up the accomplishment of the task that in its belief historic necessity has set for him? Would not Universal-Brotherhood presuppose the absurd assumption that Yahweh, in order to become Jesus' benign and Heavenly Father of all humanity, undergoes a sudden and extraordinary transformation? That wrathful, irascible, unforgiving God of our Jewish brethren; that Yahweh from whom the elect expects that "he crushes the unrighteous. . . that he lay waste the country of the unbelievers. . . that he destroys — with a rod of iron their being. . . that he breaks their pride like a potters' vessel. . . that he makes nations flee before him at his threatening. . . that he will gather his "holy people" and rule over them in righteousness. . . that neither settler nor stranger shall dwell among them (in Palestine!). . . that, so long as they serve him, he will hold the Gentiles in yoke."

(—Psalm of Solomon, Ps. 17)

Does anybody believe in such an absurd transmutation? Will the majority of the elect follow the small minority, the stubborn and zealous few, and return to the "Israeli homeland" and leave us in peace? When, on the other hand, history teaches us how in the "Exile" this alien nation increased enormously beyond the old small clan limits, when she destroyed the political power of one after the other of her host peoples by manipulating at will their economic potentialities, when the dispersed majority turned so successfully to "conversions" as the only form of conquest open to a landless nation? Do we not have right here the best proof of the immense aggressive power of this "conversion?" When we can daily witness how the Consensus succeeds in the more and more radical political elimination of our own spiritual Elite, of those few who alone would still be able to find their way from thinking in terms of party lines to thinking in terms of statesmanship? The more radical this elimination, the more completely is our electoral mass delivered by their party leaders into the hands of the Consensus.

And so with that the Consensus has now succeeded in changing the name of our Republic to the finest sounding of all, freedom and democracy,

JEW'S USE "TOLERANCE" PROPAGANDA TO CORRUPT AMERICAN PATRIOTISM By..FRANK BRITTON

Perhaps the most effective weapon at the disposal of Jewish nationalists in their campaign to negate Christian-American culture and civilization is "tolerance" and "brotherhood" propaganda. Because such propaganda appeals most strongly to the religiously inclined person, and to people of high moral character generally, its effect has been almost overpowering among the better classes of American society. The dream of a universal brotherhood of men is, after all, age-old, and finds expression in the philosophy of every major civilization. The concept of tolerance and amity and brotherhood among men is essentially a noble one. Why, then, the objection to the current "tolerance" campaign being waged by American Jewry?

To begin with, the present campaign might be compared to the pre-war agitation for international disarmament, which also appealed strongly to people with high moral convictions. The ideal of international disarmament is also a fine one, and few will oppose it on principle alone. It should be kept in mind, however, that no scheme for universal disarmament will work unless EVERY nation is willing to disarm. It is sheer criminal folly for any single nation to disarm while other nations are actually in the process of rearming.

This brings us to the question of racial "tolerance" as it is being preached today. Because racial tolerance, like disarmament is something which EVERYBODY must practice if it is to work at all. And as with disarmament, it is futile for one group to attempt it while others follow the opposite course.

Today, Americans are being systematically taught to discard the concepts of race and nationalism altogether. Through the medium of "tolerance" propaganda they are being taught that the concept of race is not only "unscientific", but actually un-American. They are taught to despise patriotism as a narrow form of nationalism. They are taught to respect the internationalist viewpoint, and to abhor "Isolationism". They are taught to be liberal...tolerant...uncritical of other races, religions, and peoples...

Now all this would be well and fine, except for one thing. While Americans are being taught to discard their pride and awareness of race, nationality, and religion, Jews are adhering to a different philosophy. Today American Jewry is infected with the most rabid type of nationalism imaginable. While we teach our children to discard the concept of race, they instill their own offspring with the most extreme form of racism known. Long before the Christian child is

aware of such things, the Jewish child is taught that he is of the "Chosen Race", and that his neighbors and countrymen are his persecutors. Jewish children are taught racism from the very cradle.

Since the establishment of the state of Israel, American Jewry has combined the quality of extreme racism with that of rabid nationalism. Throughout America the flag of Israel is prominently displayed in Jewish parochial schools, and Jewish children customarily sing the Hatikvah, Israel's national anthem; at the beginning of their lessons. Today this combination of theology, nationalism, and racism binds American Jewry into a fanatical minority which is intent not only on preserving its own identity, but in destroying ours.

SIGNIFICANCE: Americans are under no more obligation to permit Jews to spread "tolerance" propaganda in their midst than they are under obligation to permit Soviet Russia to spread pacifism here. Basically, the same principle is involved. Just as it is criminal folly for us to disarm while an enemy rearms, so also is it criminal folly for us to discard the concept of race and nationality while Jews fortify their own sense of racial solidarity.

A NATION INDIVISIBLE J.E. von MARQUARDT

During the past few months the Germans behind the Iron Curtain have been lighting the fires of revolt beneath the Soviet cauldron and the pot has begun to boil violently. Whether or not the Russian tyrants can extinguish the flames is an unknown factor that depends on events and forces outside of Germany. There is, however, one very significant fact concerning this rebellion in Eastern Germany which is most gratifying to those of us who have been fighting the dark forces of World Jewry and International Communism (which are the twin faces of the same coin). This fact is that the supposedly loyal Volkspolizei, whom the Russians believed would do their dirty work in East Germany, have turned against their bestial masters and refused to do their bidding. This may seem strange to the Russians who have lived for years under the spell of Jewish propaganda, whose purpose it is to tear down the basic concepts of race and blood and substitute the ideas of "One World" and mongrelization of all races and nationalities. To those who have not been duped by years of Jewish Marxist propaganda the events in East Germany came as no surprise.

Rebellion was the only possible answer for the German people, for in all Europe, indeed in the whole world, there is no nation with a greater sense of racial and national pride than Germany. This was not always true of the German people. Prior to the time of that greatest figure of 19th Century Europe, Otto von Bismarck--The Iron Chancellor--there was little or no unity within the German Reich. In fact there was no Reich, only a collection of squabbling, minute, kingdoms and principalities. This disunity was perfectly voiced by the German author, Karl Weber, before the time of Prince Bismarck. Weber wrote: "Oh, that we (the Germans) only possessed national pride and unity, and we should have been one nation, the first, the most powerful in Europe."

One nation! For that alone I wish I could come back again in a hundred years, to see my countrymen as a nation, or to hear of a German William Pitt! If this author, Karl Weber, could have come back in a hundred years, he would have realized his dream of German unity and he would have seen a man who far surpassed William Pitt; namely, Prince Otto von Bismarck. What brought about the transformation of a group of independent states into the mighty German Reich? There are several answers to this question. First there was the power and influence of the Germanic George Washington, Prince Bismarck. Secondly, there was the menace of a common enemy, France. Thirdly, all these Germanic states came from a common Nordic racial stock and had a common mother tongue.

This unity continued until the conclusion of World War I when a beaten Germany lay on its back gasping for breath. Stripped of its territory, its colonies, its trade, its power, and its pride, the mighty German Eagle was helpless against the wave of Jewish greed and avarice that swept over it. For a decade, under the Weimar Republic, Germany had no strong leader and was not aware of its common enemy although the German people still had the basic qualities of unity, race, and language. Then came a new Bismarck, a new unifier, a new leader sent by God to liberate the Germanic Spirit from the bonds of Jewish Democracy. From the ranks of the Germanic people came Adolf Hitler to lead his people to a new concept of unity, to make them even more conscious of their Germanic heritage and their rightful place as the leading nation on the European Continent! Adolf Hitler also revealed to the German people their common enemy, the twin evils of World Jewry and International Communism. Under this new National Socialist leadership Germany again rose to the heights of national greatness and became the major bulwark against the menace rising in the East.

World Jewry could not allow this power to remain in the hands of the German people therefore, by using their insidious control of the World press, radio, and cinema, they launched a world-wide economic boycott and a diabolically organized campaign of hatred against everything of Germanic origin. Even today we can see the results of this vicious campaign of anti-Germanic hate mongering. The tragic part of this hate campaign was that the nefarious scheme worked and most of the Western World was sucked into the Jewish inspired maelstrom of World War II. With all this power arrayed against them, the heroic anti-Communist forces of Nazi Germany and Fascist Italy were beaten to their knees. Afterwards the Western dupes and the Kremlin plotters settled on their vanquished foe like greedy birds of prey. Luckily for civilization the West had not become entirely sodden with Jewish propaganda and turned away from schemes like the hideous Morgenthau Plan and others equally sadistic. However the evil had been done and the evil plague of International Communism was in a position to menace the entire world.

The nations that had been "liberated" by the Red Army soon became vast slave camps, cut off from any hope of freedom by Communism's Iron Curtain. Half of Germany was fed to this leering monster as its share of the loot. Immediately the Russians began to communize their former enemies and to the disgust of Germany's friends the Russians seemed to be succeeding in their heinous plan. What can be the matter with the German people? Could the bitter pill of defeat cause them to lose all sense of reality? Can't they see what a horrible fate is in store for them? These questions and many more struck all of us like hammer blows. All faith in what was right and what was wrong seemed like a grotesque mockery. But wait!! Of course that must be it, the German people were merely biding their time, accepting Communist tyranny and

awaiting the time when they could throw off the yoke of slavery. However the years passed, the German Volkspolizei was growing in size as a great native Communist army, the East German youth groups grew up and flourished, and still nothing happened.

Then the news breaks, the beast is dead, Stalin the Satanic master of the Communist world is no more. Surely this must be the time to strike, while the underlings vie for power and the iron grip has momentarily relaxed. The moment we have all been waiting for arrives; strikes, slowdowns in production and open rebellion flare up in the faces of the Russian Soviet's and their German-Jewish cohorts.

The German Volkspolizei are ordered to fire on their own people. This is the test. Which is the stronger?, blood or Communist indoctrination? The answer lies in your daily papers. Over half of the "Peoples Police" were dismissed for failure to obey orders and Red troops and tanks were called in to restore order. Blood has been out. Brother will not turn on Brother. Once again there is hope.

The filthy line that was etched at Yalta and Potsdam by the ashes of Churchill's cigar, Roosevelt's cigarette, and Stalin's pipe can be erased and Germany can once again be united. But American help is needed if these sparks of rebellion are to be fanned into a flame that will burn away the Communist-Jewish cancer. America must turn a deaf ear to Jewish lies and turn her back on false friends. For once America MUST JOIN HANDS WITH GERMANY AND TOGETHER WIPE OUT THE COMMON ENEMY.

THE JEWISH CONSPIRACY TO UNDERMINE AMERICAN FREEDOM
By.. James H. Madole.

For 2000 years the Jewish race, that noisy minority which invariably raises the most hullabaloo about democracy and civil rights has been engaged in a deliberate conspiracy to silence, persecute, and even, as in the case of Huey Long, to murder their critics. The Jews consider themselves to be "God's Chosen People", according to Talmudic teaching. All non-Jews are referred to as "goyim", or cattle, who were placed on this earth to serve the Jew. Hence crimes or outrages against the Gentiles are of no more consequence than crimes against a herd of beasts. The Talmud is very explicit and very revolting in its descriptions of what may be done to Gentile women and children. This Jewish Holy Book should be carefully read by our crackpot apostles of tolerance and brotherly love.

Two thousand years ago an infuriated mob of Jews dragged Jesus Christ before Pontius Pilate, the Roman Governor of Judea, and demanded His immediate crucifixion. Then, as now, they used a Gentile to do their dirty work for them. Then, as now, the assembled Jews hurled false charges against their intended victim; who had dared to openly expose them as a race of liars in the service of the Devil. The Jews shouted: "He stirreth up the multitudes", "He consorteth with sinners", "He blasphemeth", "What further need have we of witnesses?" "This man says He is the Christ--Away with Him--Crucify Him." Compare these tactics of 2000 years ago with Jewry's present tactics of hauling a prospective victim into court and shouting such accusations as "Nazi", "Fascist", and "hate-monger".

The Gospel According to Saint John stresses that Pilate wanted to save Jesus but was compelled by the Jews to condemn Him as follows:

"And from thenceforth Pilate sought to release him (Jesus); but the Jews cried out, saying, If thou let this man go, thou art not Caesar's friend; whosoever maketh himself a king speaketh against Caesar. And it was the preparation of the Passover, and about the sixth hour; and he (Pilate) saith unto the Jews, Behold your King! But they cried out, Away with him, away with him, crucify him. Pilate saith unto them, Shall I crucify your King? The chief priests answered, we have no King but Caesar. Then delivered he him therefore unto them to be crucified. And they took Jesus and led him away."

In this way, throughout history, the Jews have stirred up brother against brother and nation against nation, all in the unholy interests of their own vicious race of international parasites. The Jews use their power of the purse to smear, degrade, and persecute all those who expose their diabolical activities in the twin realms of economic speculation and international intrigue. This sinister race of schemers uses the Gentile nations, both coloured and white, as pawns on the vast chessboard of international politics. They do not consider themselves as Frenchmen, Poles, Italians, or Americans but as parts of a vast international Jewish community.

In short, the American Jew considers himself as a functioning part of International Jewry before he thinks of his responsibility as an American citizen. That is why American Jewry has used its vast economic and political power to force our cowardly Democratic and Republican politicians to adopt a foreign policy which favors the bastard

state of Israel. By favoring the Zionist murderers in Palestine we have driven 300,000,000 Moslems into the open arms of the Kremlin. All this has been done in order that a mangy mob of political prostitutes can continue to appease the scum from the East Side New York ghettos. Is this not one of the manifold blessings of our so called "American Democracy"? Did Comrade Franklin D. Roosevelt not do us a great service when he fertilized European soil with the blood of our sons and brought over as substitutes the multitudes of refugee Hymies, Izzies, and Garfinkles allegedly slain by the Hitler regime? He even resurrected the six million Jews slain by Hitler and gave them the prosperous businesses which your sons might have owned were it not for that great crusade in Europe which insured that "Government of the Hebes, by the Hebes, and for the Hebes" shall not perish from this earth.

The Jews have handsomely repaid the debt which they owe America by selling us out to their racial brothers in Soviet Russia. They have all the good political jobs, they ride to work in cadillacs while the Gentiles share the subways with our rather malodorous Porto Rican brothers, and; in addition, if a Gentile wants to work he must work for one of the poor refugees murdered by Hitler. This scandalous state of affairs is very similar to the conditions which led to the rise of Hitler in Germany. The American people wish to reclaim their natural resources and economic wealth from this alien horde of Twentieth Century carpetbaggers.

Whereas; in ancient times, the Jews levelled their venom against Jesus Christ, Haman of Persia, and the Pharaohs of Egypt; they later determined to destroy the Hitlers, Francos, Mussolinis and Perons. Intense nationalism, or love of one's own race and native land, spells doom to the Godless materialism of the Jewish Messiah Karl Marx. Hence the Jews feared Adolf Hitler like the Devil fears Holy Water.

In America the Jews succeeded in silencing such great patriots as Father Charles Coughlin, Colonel Charles Lindbergh and General Douglas Mac Arthur. At present the entire force of World Jewry is out to silence that courageous ex-marine, Senator Joseph McCarthy. Will the American people stand behind him or will he fold up like the others? Only the future will tell.

ADOLF HITLER

20 APRIL 1889

International Jewish-Communism has always been a threat to Aryan Civilization and that Great German Statesman ADOLF HITLER was the FIRST to combat this deadly enemy before the world. What Adolf Hitler gave to the German Nation cannot be denied, What National Socialism bestowed upon the German people stands before the world as a monument to all of the Western World. No one can change the deep intense nationalistic feeling that Adolf Hitler taught them to feel toward the State. Nationalism is the only antidote to the poison of Jewish-World-Communism. The Western World will never forget the struggle of the N.S.D.A.P. in the early twenties, nor will they forget how foolish some of them were to oppose Adolf Hitler's New Order, Now we see that Only NATIONALISM CAN NEUTRALIZE AND DEFEAT JEWISH-INTERNATIONAL-COMMUNISM!!!

JEWISH SMEAR ARTISTS SEEK TO SILENCE THE NATIONAL RENAISSANCE PARTY By. James H. Madole

During the past year every effort has been made to silence and imprison the officers of the National Renaissance Party. The same infamous coterie of Jewish hate mongers that spewed forth their venom against Father Charles Coughlin, the America First Party, General Douglas MacArthur and Senator Joseph McCarthy are now seeking to place the National Renaissance Party on Attorney General Brownell's subversive list.

That self styled crusader of modern "liberal" thought the JEW Bernie Yaroslaw, alias Barry Gray who peddles his kosher wares nightly on both television and radio, has attempted to stir up riots at our street meetings in Yorkville. He has urged that our meetings should be broken up by sending mobs of unruly Jewish scum into the crowds. The results have been that many "izzies" were "removed" by a vigilant police force while others were silenced or "persuaded" to leave the area by young patriotic citizens.

Here are some examples of "Barry's" vicious agitation against our American movement. In his daily column in the leftist New York Post he stated as follows on September 9, 1953:

"The undercover network of Fascist-thinking outposts in America was this week extended to Louisville, K.Y. There a local Leader named J.W. Mitchell, operating in collaboration with Yorkville rabble-rouser James H. Madole, has established a Hate-the-Jew beachhead."

"Madole whose headquarters run under the name of the National Renaissance Party, operates from Beacon New York. While enlarging his hinterland anti-Semitic campaign, he faced the threat of losing his Manhattan meeting ground- the corner of 88th Street and York Avenue."

"Membership of this gang has soared to 700" (in the Parties Elite Guard, the strong arm of the N-R-P) "Their secret meetings are held each Thursday evening at a different address where they wear military outfits, drink beer and plot the next encounter with the forces of Democracy!"

The above article represents but one of many by this Hebrew Huckster of "brotherly love", "tolerance", and "fair play".

This Jew attempts to prove that all members of the Parties uniformed corps are beer guzzling bullies and that all the girls in our movement are merely prostitutes, this is typical of the Jewish mind.

Actually our young men and women are devoted party members and American patriots who have sacrificed time and money to stand up in street battles against the bestial Communist goon squads from Union Square. Many of these boys have fought tooth and nail when beset by mobs of Godless Red hoodlums. Our girls have stood side by side with the boys.

The National Renaissance Party stands for the strengthening of the Christian family and home, which we consider to be the building block of Western Civilization. Hence it is quite unlikely that we would permit flagrant immorality to exist within our own ranks. Barry Gray should examine the moral concepts of his own Jewish Comrades before condemning his betters. From what you see in the press and in the Jew run theatres we all have been given the idea that Jews have the moral concepts of alley cats .

This distortion of facts can also be noted in Jew-Boy-Barry's constant and increasingly vicious attacks on Senator Joseph McCarthy. Grey's nightly radio show has become a virtual forum for Hebe politicians and pseudo-intellectuals (like the Jew-lover Professor James H. Sheldon Administrative Chairman of the Non-Sectarian Anti-Nazi League) whose sole purpose is to vilify the courageous ex-marine from Wisconsin. According to Barry Gray & Company, Senator Joseph McCarthy and the National Renaissance Party rather than the Jewish-World-Communist conspiracy are the main enemies of American Freedom . We can say this much about Barry, he is a good Jew, as Jews go.. and you can be sure that we will do our best to see to it that he does..

German Nationalists rid their land of Jewish-Communists 1933.

What Citizenship Means to the Jew.
By. Mr. Hans Schmidt
Commander of the Elite Guard of the
National Renaissance Party.

To be citizens or subjects of a Nation means very little to the Jewish Race. It is like a coat or hat to be worn when convenient. It may seem like a broad charge to make, but then let HISTORY SPEAK FOR ITSELF.

For an example we will go back through the years to that period of time between World War 1 and World War 2. During that period the Jews that lived in France, Holland and various other European Nations received the same rights and privileges as the host peoples of these nations. After the defeat of the German Reich in World War II these same Jews returned to France, Holland, and other European nations and began to demand that reparations be paid to the bastard state of Israel, which had not existed during the course of World War II. These reparations were to be paid by the German people. These Jewish claims were based on property damage and loss of life. Why did these Jews demand that payment should be made to Israel? Why did they not demand payment as French and Dutch citizens?

The Jews preferred to send the money to their world headquarters in Israel. They conveniently chose to forget their French and Dutch citizenship. So they just threw that old hat out the window (French citizenship) and remained what they were in the first place; Jews. American Jews call themselves Americans. Chances are if we lost the war the reparations which should be coming to America would be going to Israel instead.

If citizenship didn't mean anything to the French or Dutch Jew, you can bet your bottom dollar that it doesn't mean a thing to the American Jew either. A Jew is a Jew and never will be otherwise. The Jewish Race is intent on breaking down all racial and national barriers. Take the percentage of Jews and compare it with the percentage of other minorities in any White Nation and you will be surprised to find how many have wormed their way into important positions. With their Liberalism and their racial mongrelization program that destroys the racial culture of a nation as well as their One-World doctrine which would wipe out the boundaries of nations and simplify the task of becoming a traitor. The signs are there for those who care to look.

The Jews masquerade as a Religion. Yes, but theirs is a political religion. This religion is based on the Talmud, the Jewish Code Of Laws. This evil book derides the Gentiles as cattle and refers to Jesus Christ and the Virgin Mary in the most obscene manner.

Israel Bonds again demonstrate the dual allegiance of the Jewish Race. Can you name any other minority that has such a super duper drive for money on behalf of a foreign nation. Why not buy U.S. Bonds instead of Israel Bonds? A careful check would probably reveal far more Israel Bonds were sold than U.S. Bonds.

The Jewish machine is centuries old and Communism

is just an addition to that machine. Just look at the Soveit spys
that were caught so far:..

SEGREGATION OR AMALGAMATION
By Robert B. Patterson.

Since 1776 American soldiers have been allowed the privilege of fighting and dying for their country in units composed of members of their own race. This made sense, as it is known that everywhere, even in our northern racial paradise, the different races predominantly CHOOSE to live, eat, sleep, work and have social intercourse separate from other races. This I believe to be natural and in accord with God's will, as He could have made us all one race to start with had that been His desire.

A couple of years ago, President Truman, at the insistence of a minority pressure group, the NAACP, issued an executive order integrating Negro soldiers into all units throughout the armed services. Our soldiers from both races objected but they had no choice. This move benefited neither race nor the armed forces, regardless of propaganda by the NAACP. Now soldiering is nearly as intimate as marriage. You use the same bathroom, interchange clothes, eat from the same utensils, drink from the same canteen, court the same women, and even sleep under the same blanket on occasion on the battlefield. Now if American soldiers, black and white, choose to do these things separately as civilians, why should they be forced to do them collectively as soldiers at the expense of unit morale.

I don't believe the real Negro wants to be forced on the White people or to have them forced on him. I can respect and honor a man without being forced to live with him. In fact, "Familiarity breeds contempt."

Further, I don't believe the NAACP truly represents the American Negro. It is headed by people of mixed race with skin as white as mine who are married to white women. Mind you, I have no personal grudge against anyone of mixed race, it's certainly not their fault, but I simply see no reason for our great American Government promoting a breeding program for mixed races. I also know that the average Southern Negro is NOT consulted by the NAACP on their policies except when he is told what to say.

Our Supreme Court may be about to try to abolish segregation in public schools at the insistence of this same NAACP. I am not going to send my children to school with Negro children! The ratio where I live is 70% Negro to 30% White, and integration would benefit neither race. At this moment, the Negro children are going to a brand new brick school, and my little girl is going to an old ramshackle frame building until the White school is completed. The Negro children are certainly not being discriminated against here.

I am not going to serve in the Army integrated with Negro troops! I will be proud to serve my country in any capacity regardless of danger, but I simply want the opportunity to serve with either a mixed or a segregated unit. If I am refused this choice, I will be a conscientious objector and will go to a labor camp or prison with whoever the Army and the NAACP decrees. I am ready to be judged by my God and my countrymen, both black and white. I was a volunteer paratrooper with 27 months overseas in World War II, and was nervous but not afraid many times. I am not afraid of the consequences of speaking as a freedom loving American now. I know there are many, both black and white, who feel as I do. I pray to God that my President will re-create a few all White units so that we may serve our nation again on the battlefield in the event of war.

THE DESTINY OF AMERICA
James H. Madole

THE DESTINY OF AMERICA

James H. Madole

The early American arrived at a land of which he knew nothing. He did not know its geography, its fertility, its climate, its dangers. In the North, he encountered forests, rocky soil, and winters of a rigor he had not known before. In the South, he met with swamps, malaria, and dense forests. Everywhere he encountered the hostile savage with his scalping knife and his warfare against women and children. In little groups, these early Americans cleared the forests, and built homes and forts. The men plowed the fields with rifles slung over their shoulders, and in the house, the wife went about her duties with a loaded weapon near at hand. There were ships to and from Europe, and the colonials could have left their hardships and gone back -- but they would not admit defeat.

Out of these colonials was bred the Minute Man. Minute Man! These American farmers were ready at a minute's notice to abandon the plow and seize the gun. They knew that the hour of their political independence was at hand and instinctively they prepared for it. When the moment arrived, with a British order to arrest two of their leaders, the Minute Men assembled before daybreak at Lexington to face the British force sent to seize them. Though heavily outnumbered they stood their ground in the face of Major Pitcairn's order to disperse. "If they mean to have a war," said Captain John Parker, leader of the Minute Men, "let it begin here!"

Begin it did, and for 8 long years it continued. Concord, Bunker Hill, Boston, Ticonderoga, Quebec, New York, Long Island, Harlem Heights, White Plains, Fort Lee, Fort Washington, Valley Forge, Trenton, Princeton, Brandywine, Saratoga, Stony Point, Savannah, Camden, The Cowpens, Yorktown -- these names recall at once the terrific odds against which the colonials fought, the low points to which their fortunes reached, and the silent and steadfast devotion of the troops. At Valley Forge, the men were but half-clad, and rations, when there was food issued at all, were slim. Sickness was rife, and mortality was high. Yet no one thought of surrender. General Washington said of them: "Naked and starving as they are we cannot enough admire the incomparable patience and fidelity of our soldiery."

No nation has produced individual soldiers to excel, Nathaniel Greene, General Knox, General Sullivan, John Stark, Nicholas Herkimer, Anthony Wayne, Daniel Morgan, John Paul Jones, nor greater patriots than John Dickinson, Richard Henry Lee, John Adams, Benjamin Franklin, John Rutledge. These are but a few. The spirit which animated these heroes is part of the white race, and it will last while this race lasts. It waits for its reawakening upon the coming of great events to American soil once more. When the fields of this continent are visited once again by the stern creativeness of war -- war for the independence and the liberation of the pristine American colonial spirit -- the world shall see that Americans are not the weak-willed, self-interested, pleasure-mad morons that Hollywood has tried so desperately to make them.

It was the individual imperialism of the frontiersman-type that actually opened up and conquered the North American continent. Explorers like George Rogers Clark and John Fremont preceded the frontiersman into the wilderness, and he followed into the hostile land with its lurking warlike savages. With slung rifle he took wife and children and all his earthly belongings into the land ahead, unknown, unsettled, unplowed. Daily he surmounted a thousand dangers, he lived in the face of Death.

This intrepid type who was at once explorer, warrior, minister, doctor, judge, and settler, advanced until he reached the Pacific, and then he looked toward Alaska and the westward islands.

The tragic defeat of the Federalists by the less worthy among the post-Revolution generation made it possible for sectionalism to arise in America, and out of sectionalism issued the disastrous "War Between the States." That war proved only that the heroic type of American occurred everywhere in this broad land. The only lesson we can learn from the sacrifice is that big-mouthed agitators of the vicious stamp of Theodore Parker and Horace Greeley are capable of consigning nations to the flames in order to actualize their fantastic equalitarian theories.

During the conquest of the continent, small carping voices were continually raised against the heroic performance. Congressmen laughed at the idea of governing a region so far away as the distant Pacific coast. The Poets Lowell and Whittier and the agitators Garrison and Phillips did their best to bring about a sectional war during all of the 40's and 50's. Calhoun's attempt to annex Texas was defeated by the Congress. Small minds were against the Mexican War and the acquisition of the Southwest. They opposed the acquisition of Hawaii, of the Phillipines, of the Cuban protectorate. After the War Between the States, this type of mind, represented by men like Sumner and Stevens, wanted to treat the Southerners as an alien and inferior people and to gloat over them while placing the conqueror's foot on their necks.

This type of mentality still survives in America. Today it still fights against greatness and heroism. Today it teaches the doctrine of liberalism with its pacifism, its love for the inferior and misbegotten, its internationalism which makes a virtue of treason, its hatred of all who possess strong national feelings, its toothless desire for racial equality, and its tolerance of everything and everyone, particularly the alien and the unfit. Today this type of mind -- namely, all those to whom liberal doctrines appeal -- are working for the anti-American forces, whether consciously or not. The sub-Americans are in the service of America's inner enemy.

We have seen the spirit of the white race: the spirit of divine discontent and self-help, the spirit of self-reliance, of fearlessness in the face of great danger, the feeling of racial superiority, the urge to great distances and the will to conquer all that lies between, the spirit of the Alamo. To the true American, his is a living, organic, white nation, and not a set of principles, of "four freedoms", or a "world-policeman". Of this feeling was every great American: Washington, Hamilton, Henry Clay, Robert E. Lee, Sam Houston. The American soldier shows in every war that even today this true American type survives.

But today the true Americans, the former great leaders, have been displaced by Morgenthau, Ezequiel, Paswolskis, Cohens, Frankfurters, Goldsmiths, Lubins, Berles, Schenks, Edelsteins, Baruchs, Goldwyns, Mayers, Strausses, Lillienthals, Hillmans, Rosenmans, Lehmanns, Rosenbergs, Eisenhowers.

We know the true American and we know the liberal -- the sub-type within the white race. Let us now look at the third group which came here only yesterday and which today is linked with the liberals, the internationalists, the class-warriors, the subverters of America's white, European traditions. This group makes use of American slogans and American ideas, but that cannot conceal its alien provenance. Let us measure the significance of the newcomers and examine their history.

THE HISTORY OF THE JEW

The culture which produced the Jewish nation arose in Asia Minor around 100 B.C. This culture produced many nations, all of them, so far as we are concerned, similar to the Jews. These "nations" were not nations at all in our sense of the word, for they had no homeland. Citizenship in this alien type of nation was gained by being a believer in the religion of the group. Jews, Marcionites, Gnostics, Mohammedans -- all these were nations, and to all of them membership in the nation was gained by being a believer. Intermarriage with non-believers was forbidden, and this inbreeding for two thousand years has made it possible today to pick out the Jew by his countenance. Thus, for the Jew, race and religion became identical, and if the Jew loses his religion, he loses little for he still remains a Jew by race. The unity of the race is not destroyed even though the great masses of the Jews become atheists.

After the dispersion of the Jews throughout Europe and Russia, they were entirely cut off from any contact with nations similar to themselves. They shut themselves up in the ghettos of the cities and lived completely unto themselves. There they had their own religion, their own law, their own language, their own customs, their own diet, their own economy. Since they were nowhere at home, everywhere was equally home to them.

The early European nations felt the Jew to be as totally alien as he felt his surroundings to be. The Anglo-Saxons, the Goths, the Lombards, the Franks, all despised the usurious infidel. A popular rhyme of Gothic times portrays the three estates as the creation of God, and the usurious Jew as the creation of the Devil. Crusaders on their way to the Holy Land carried out wholesale massacres of Jews. Every European king at one time or another robbed the Jews and drove them from his domain. For 400 years the Jew was shut out from England. When he was allowed back, centuries more passed before he acquired or wanted civil rights of Englishmen. This persecution of the Jew that went on for 1,000 years took different forms -- robbery through forced fines, extortion, exile, massacre -- and it has had one determining, unchangeable result: it has reinforced in the Jew his original hatred for Christian civilization to the point where it is the sole content and meaning of his existence. This hatred is the breath of life to the Jew. He wants to tear down everything which surrounds him, every Western form of life, every Western idea. For a thousand years he cringed before the European master, who was so unassailable in his superiority. The figure of Shylock, drinking his gall and biding his time, taking his usury and saving the coins which represented to him the means of his liberation -- this is the symbolic figure of the Jew for a thousand years. This consuming hatred on the part of the Jew is one of the most important facts in the world today. The Jew is a world power. How did this come about?

THE RISE OF THE JEW TO POWER

It was the Industrial Revolution in Europe and America which enabled the Jew, from having been Shylock for a thousand years, the despised and cringing usurer, to become the type of the modern Jew, the cinema dictator, the tyrant of the inmost thoughts of 100,000,000 Americans. The Jew had been thinking in terms of economics and money for a thousand years before Europe and America began to develop a money civilization. Consequently when money stepped out as the supreme force, the Jew shot upward like a meteor. There was still a barrier however to his complete conquest of power. The heathen, the outsider, was still barred from civil rights. Of old he had not sought them, but now they were necessary if he was to conquer the

master of yesterday. Nation after nation succumbed to the principles which the butchers of the French Revolution preached, and which the Jew took up and excitedly shouted over the world. A money civilization wants no aristocracy to stand in its way, so Money and Jew preached equality. Nor must there be any barriers to the employment of money, so the Jew preached liberty. He sought to lose his mark as outsider, for in his new role he wanted to be accepted as a member of whatever nation he might be among, so that he might conquer the power for his revenge. So he preached fraternity for others and the brotherhood of man.

But his "equality" meant only a new inequality -- the dictatorship of the Master of Money over the economic slave tied to his bench with a wage-chain. His "liberty" meant that the Jew was free to squeeze out the life-blood of nations through usury and financial dictatorship. The "brotherhood of man" -- that meant that the Jew was to be accepted as an equal -- but that he was to maintain his ancient unity and desire for revenge. Now the point has been reached where he steps out and asks for special privileges -- and gets them! Yesterday he denied aristocracy -- today he affirms it -- and he is the new aristocrat!! Did not Albert Einstein, before whom Americans are supposed to bow and scrape, write in Colliers Magazine an article entitled "Why the Jew is Superior"? And did not the white American, afraid to think for himself any longer, read it and believe?

The Jew did not conceive nor organize modern industrialism. No more did he organize liberalism. But when these two things had become realities, he cleverly insinuated himself into the new social and economic fabric which arose, and he has now identified himself with the rapacious capitalism of the sweatshop, and with the dishonest and revolting "democracy" of the type where Tweedledum opposed Tweedledee, and the Jew cares not which wins for he nominates them both.

There was a great danger to the Jew in this removal of all barriers between him and the host nations. This danger was assimilation of the great mass of Jews. If this were to occur, the Rothschilds, Baruchs, Frankfurters, Rosenmans, Guggenheims, Schiffs, Lehmanns, Cohens -- all these would be leaders without followers. They would lose their trustworthy followers who could penetrate everywhere and spread the influence of the Jew. One fruitful source of taxation would be gone. So the word "assimilated" became a term of contempt used by arch-Jews to describe other Jews who were losing their Jewish feelings and instincts. The Jew, with his two thousand years behind him, was faced with a perilous situation. No mere money manipulation could cope with this emergency. In this situation, the Jewish leaders invented Zionism.

ZIONISM AND THE PINNACLE OF JEWISH POWER

It was a political master-stroke on the part of the Jew to bring out the movement known as Zionism. Its ostensible aim was to seek a "national home" for the Jew, a plot of ground to which all Jews would theoretically return and there settle. Since the idea seemed to be to make the Jews into a nation like America, one with geographical boundaries, it seemed a praiseworthy movement to Americans. It seemed to promise the end of the Jews as the shifting sand dunes among nations, and to herald their establishment as a civilized nation. Hence unlimited Zionist activity and propaganda could be carried on among the Jews by their leaders, and no suspicion was aroused in the minds of the host nations.

But the real aim of Zionism was merely to save the Jew, wherever he was, from assimilation by the Western peoples, the European and American people. It enabled their leaders to unite the Jews firmly, to prevent assimilation by giving the Jews a political aim to follow. The spurious quality of the movement is shown by the fact that almost no Jews were moved to Palestine. A few only were moved, for commercial and political reasons and to conceal the Zionist fraud, but the millions remained in America and Europe. The real aim of Zionism -- to reaffirm and perpetuate the solidarity of the Jew -- has been successful. Zionism has become the official policy of the Jewish entity, and its ascendancy means, as far as the simple, ordinary Jew is concerned, that he is an utter slave in the hands of his leaders. It is probably superfluous to mention that no leading Zionist has gone from his position of power in white America back to Palestine. Nor need it be pointed out once more how few out of the millions of Jews driven from Europe have gone to Palestine. Almost to a man, they have come to America, their land of promise, the last base for their power, the last place for their revenge.

The invasion of Palestine, strategically important though it is, nevertheless stands in the shade of the vast invasion of America. During the short half century since Jewry adopted Zionism, some ten millions of Jews have been dumped on the shores of North America to displace Americans biologically and economically, to live parasitically on the American organism, to distort the social and spiritual life of the nation. The volume of the invasion has been such that even the slumbering, politically-unconscious white American has begun to blink his eyes and look around him in amazement, as he becomes gradually cognizant that his native land has passed into the possession of scheming, power-hungry, money-rubbing, total aliens.

The alien has his own press, in which he reveals those things which the democratic-liberal press dutifully conceals at the behest of the Jew. Pick up at random an issue of the "Contemporary Jewish Record" -- that for June 1941. On page 282 we are told how Jewish educators are combatting successfully "the un-American movement of 100% Americanism". On page 259 a member of the American Jewish Committee joyfully reports that because of the hostility between American and Jew the successive waves of Jewish immigrants "will develop into a cohesive American Jewish community". The article "The Jewish Emigrant -- 1941", describing the arrival of the Jew in America, says: "Our sole conclusion is that when the emigrant has finally arrived at his destination, he can consider himself at the entrance to Heaven". (sic).

Seven million of these immigrants have arrived at their "entrance to Heaven" since 1933. There is admitted hostility between them and their host-people. The Jew opposes 100% Americanism. Yet he calls his arrival here his "entrance to Heaven". How is this?

THE RISING INFLUENCE OF THE JEW IN AMERICA

The North American continent was discovered, explored, cleared, plowed and settled by the individual imperialism of members of the European-American white race. The political independence of America was won, and the industrial-technical system of the continent was planned and built by the white race. The American merchant marine was built and sent into the seven seas by white men. Every creative idea in whatever realm -- political, economic, technical, religious, legal, educational, social -- that has been brought forth on this continent has originated with, and been developed by, members of the white European-American race. America belongs spiritually, and will always belong, to the Western Civilization of which it is a colonial transplantation, and no part of the true America belongs to the primitivity of the barbarians and fellaheen outside of this civilization, whether in Asia Minor, the Far East, or Africa.

And yet, even though the Jew was not present at Valley Forge, even though he was not at New Orleans in 1814, nor at the Alamo, nor at Bull Run or Chancellorsville, nor at Guantanamo Bay or Manila, even though he took no part in the conquest of the continent -- in spite of this complete dissociation of the Jew from the American past, it is a stark and gruesome fact that America today is ruled by the Jew. Where Americans hold office, they hold it at the pleasure of the Jew, and use it in deference to his policy. Baruch argues with Rosenman on the steps of the White House -- once the residence of Washington, Madison, Adams -- and the policy of America is thus determined. LaGuardia calls Lehmann by a Yiddish term of abuse in public. As lawyer, the Jew brings in excessive litigation; as judge, he imports chicanery into the administration, and has the power to pronounce rules of law for Americans. A rabbi states: "The ideals of Judaism and the ideals of Americanism are one and the same." And the "Jewish Chronicle" (April 4, 1919) says: "The ideals of Bolshevism are consonant with the finest ideals of Judaism". The notorious rabbi Wise announces, "I have been an American for 67 years, but I have been a Jew for 6,000 years". The "Jewish Chronicle" tells us: "The Jews in America are 100% Jewish and 100% American". These schizophrenic percentages resolve themselves into the thesis of the rabbis that Judaism, Trotskyist Bolshevism, and Americanism are one and the same. The synagogues have a parade of liberals -- sub-Americans with defective instincts -- come before them to parrot back at them their own viewpoint.

The Jew numbers approximately 10% of the North American population, but in the Second World War, a war fought solely for Jewish interests, a war of his fomenting, a war to increase his power, the conscripts in the American Army were only 2% Jewish, according to official records. Neither in his assumed role of American, nor in his actual status as member of the Jewish Culture-State-Nation-Race-People, was he willing to risk his blood, even in his own war. In the fighting forces he limited his participation to the administrative branches: Judge Advocate, Medical, Quartermaster, Finance. In the American Army Jewish conscripts have an unconditional right to a furlough for Passover, for Yom Kippur, for Rosh Hashanah. The induction of Jews into the Army is delayed over Jewish holidays -- "to avoid undue hardship". The Central Conference of American Rabbis in the 47th annual convention in New York addressed a resolution to the American Congress asking that Jews be exempted from conscription "in accordance with the highest interpretation of Judaism".

In the publicly supported educational institutions for higher learning, the Jew is driving out the native American student. In the free universities, such as Wayne University and City College of New York, the Jew's possession is complete. The Stock Exchange presents a similar picture. The New York Exchange is dormant on Jewish holidays. The Officers Reserve Corps is ever more penetrated by the Jew. The police forces of the large cities are under his control, and the Federal secret police enforce his bidding. He commands the National Guard in the populous states.

How has this come about? How has the native American been driven from the positions of representation, of power and respect in his own land? How has he been chased out of the professions, out of government, of the universities, out of the sources of public information? How did the interloper from Asia, the ghetto-creature from Kishnev, attain to his eminence whereupon he holds in his hands the decision of war or peace, and decides who are America's friends and who are America's enemies?

Two things are responsible for this situation in which America finds itself serving as a mere tool in the hands of an alien. First is Liberalism -- the enemy of national greatness, the virus that eats up national feelings. Liberalism is the

doctrine that everyone is equal, everyone acceptable, the doctrine that the botched, the misbegotten are equal to the strong and the superior, that there are no foreigners and no distinctions. Liberalism gnaws away at the structure for which patriots and great leaders gave their lives and fortunes. To Liberalism, America is a "melting-pot", a dump heap for the world's human refuse. When the white race in Europe drives out the Jew, he goes to America where weak heads and inferiors who are jealous of that to which they are not equal have laid down for him the red carpet of Liberalism, and on this carpet, the Jew has advanced to supreme power in the short half a century since he first discovered that America is a fine host for an enterprising parasite. Liberalism is the inversion of that 100% Americanism which the Jew hates.

But mere Liberalism alone does not account for it. The second factor has been the aggressive unity of the Jew, his cohesiveness born of hate, which has welded him together and organized his forces for his mission of destruction. By virtue of the cohesiveness of the Jewish entity, at once Culture, State, Nation, People, Race, Religion, and Society, the Jew conquered the cinema industry, the news-gathering associations which controls all "news" and journalistic opinion, the periodical and book press, and the radio networks. When it became obvious the "Republican" party was about to lose the 1932 election, he cleverly insinuated himself into the "Democratic" party, and placed his candidate in the Presidency. This was the Revolution of 1933, but since it had occurred in the form of a simple change of parties, the politically-unconscious American remained unaware.

In 1933 descended upon Washington the swarm led by Baruch, Lehmann, Morgenthau, Frankfurter, Niles and Rosenman. In their train were thousands of Paswolskis, Messersmiths, Lubins, Berles, Fortases, Lilienthals, Cohens, Ezekiels, Silversteins et al, and bringing up the procession came enough lesser Jews, deracine liberals, technocrats and aliens to double the population of the capital city within a few years.

Between the cracks in the pavement the Jew recruited a thousand sub-Americans as "radio commentators", newspaper "columnists", and professional propagandists to disseminate the world-outlook the Jew considered appropriate for the American. A multiplicity of government bureaus came into existence, necessarily staffed with Jews. The Jew sought to bring under his control every factor of public expression and influence, thus to make sure that never again would there be a free national election, for he did not intend to relinquish his power, so long dreamt of, and now at last real, through the free play of any constitutional game of parties and majorities. He purged the central government of whoever could not be led by the nose, or bought. Who opposed was shouted down, smeared with vile labels, and so silenced.

Thus America was given a semitic countenance.

The white American listens to the music the Jew has chosen for him. He reads the books the Jew allows him to, and sees the plays edited for him. Thus his thoughts are those put into his head by his new master, and so it finally came that this politically-unconscious American, this political child, saw the significance of the great earth-shaking events just as the Jew wanted him to see them. Whoever is an opponent of the Jew is painted as the enemy of America.

Occasionally, for a moment, the Jew drops his disguise and appears as himself. His press has referred to Hollywood as "the glittering ghetto". Andre Siegfried in his book "America Comes of Age" already in 1927 wrote that New York was a semitic city. The Jew teaches that he is mentally superior, and with this myth he awes Americans.

America must disassociate her future foreign policy from the diabolical machinations of World Jewry and become again a functioning part of the White European family of nations. We must realize that the nations which we destroyed in World War II, at the command of our alien Jewish masters, were in reality our natural allies against World Bolshevism in Europe and Asia. Can the decadent French or the Socialist minded politicians of "Merry Old England" provide us with a sound military bulwark in Europe? Can the tattered remnants of Chiang Kai Shek's Nationalist Army hope to reconquer the Chinese mainland when faced by a superbly equipped Chinese Communist Army of over ten million men backed up by a Communist indoctrinated peasant population of 600,000,000? Can America, itself, hope to win a war against a foreign Eurasian Communist Empire with a population of nearly 900,000,000, when every department of our government, every educational institution, and every source of communication with the public is either directly dominated or infiltrated by pro-Communist Jews and their "liberal minded" Gentile allies?

Let us face realities. The modern Judas in our midst is the Jewish Race. In order to blind the eyes of Soviet Russia in our midst we must strip the Jew of his citizenship thus making it impossible for him to hold positions of trust and security. If this measure is not taken the entire American populace will continue to harbor in its midst a shrewd and calculating parasite imbued with a centuries old hatred of Christian Civilization. Our youth will continue to emerge from our public schools as perverts, degenerates and criminals rather than as potential scientists, artists, statesmen, and industrial workers of the future. Our senile politicians will continue to sell their people into the golden chains of interest slavery rather than to perform acts of outstanding patriotism without desire for any other award than the joyous acclaim of their people. Heroic deeds of self-sacrifice will be replaced by acts of greed and lust. The proud American Eagle which once ruled over "the land of the free and the home of the brave" will now reign over the Jewish Paradise of the hock shop and the \$100 a night "call girl". The Cross of Christ which today still manages to stand erect over some of our churches will be replaced by our new symbol of Divinity, THE DOLLAR BILL.

America's destiny lies in her racial unity with a White Christian Europe. It goes without saying that the steel for that military and racial alliance lies in the military genius of Berlin rather than the international brothels of Paris. Paris, seat of a once great Napoleonic Empire, where today a cringing, fawning Jew, "Premier" Mendes-France, is hailed as a hero for surrendering in record time the remainder of French Colonial glory in Asia. That ardent Roosevelt disciple in the White House, known on the golf links as Dwight Eisenhower, considers this French Jew a rare example of statesmanship and a worthy ally in the struggle against the Colossus from the East.

America's destiny lies in her youth, the heroes who fought in Europe, the South Pacific and Korea. These are the men who must unite behind the lightning bolt banners of the National Renaissance Party and prepare for the day when we can drag forth our traitors from every nook and cranny in this great nation and give them a taste of old-fashioned American pioneer justice. We will show no mercy for these lying, cringing, Judases are responsible for an endless array of lonely graves

scattered across the hellholes of Europe and Asia, they are responsible for innumerable empty chairs at family dinner tables, they are responsible for oceans of mothers' tears, they have betrayed the flag which they were sworn to uphold. These Twentieth Century Judases received far more than thirty pieces of silver. Therefore, in the name of your fallen comrades, in the name of the precious flag for which you fought, and in behalf of your loved ones, I appeal to you, the American Veterans, join us today and take back the reins of government from these latter day political prostitutes. This country belongs in the hands of those who shed their blood for it. America's Destiny lies in becoming the political and military master of the Western World. The sole alternative lies in Communist slavery and the cultural and economic exploitation and enslavement of our people by the Eternal Jew.

A MESSAGE TO OUR READERS

Our Bulletin has fallen behind for two very good reasons. First, we had to move our entire headquarters from Beacon, New York to New York City. This took considerable time and money. Secondly we became afflicted with an old difficulty besetting Nationalists, namely; trouble with our upstate printer. Let me assure all our readers, both in America and abroad, that there subscriptions will be moved up accordingly. No one stands to lose a nickel who has invested in our movement.

We put a great deal of time and research into our article, "THE DESTINY OF AMERICA". For those who would like extra copies, the cost is one dollar per 10 copies. Order some for your friends. Help to gain new subscribers. Above all, if you can possibly afford it send a contribution to the party today. We have many splendid articles piled up here waiting to go to press. Invest in America's future by sending whatever you can to:
